JENNY REES

Looking For Mr Nobody The Secret Life Of Goronwy Rees

Brian Lewis

Looking For Mr Nobody The Secret Life Of Goronwy Rees:

Looking for Mr. Nobody Jenny Rees, 2018-01-16 Goronwy Rees 1909-1979 was one of the most gifted and promising figures in the constellation of British poets, journalists and intellectuals of the 1930s that included Louis MacNeice, W. H. Auden, C. Day Lewis, Isaiah Berlin and Anthony Blunt. Like many liberals of his generation, he was shocked by the effects of the Depression and correspondingly sympathetic to the Communist regime in Russia. Guy Burgess of the Cambridge spies, Burgess, Maclean, Philby and Blunt, admitted his espionage to Rees. His association with Burgess was to blight the rest of Rees's life. When Burgess defected in 1951 and Rees denounced him to MI5, Rees was viewed more as a spy out to save his own skin than as an honorable citizen. His anonymous sensationalist articles in *The People* denouncing Burgess's political activities and all but naming names condemned him with the British intellectual community not for his politics but for his betrayal of a friend. Colleagues and acquaintances accused him of trying to initiate a McCarthyite witch hunt. He lost his job. His academic career was ruined. In *Looking for Mr Nobody*, Jenny Rees deals with many of the old charges made against her father in her search for the answer to her own question: Was he too a spy? Had he joined up with Burgess and Blunt and passed secrets to the Soviet Union? Her quest for the truth reveals a fascinating portrait of a brilliant but flawed man of letters, handsome and seductively charming, caught up in the radical political commitments of the 1930s Communist Party membership and his tortured relationship with the notorious Cambridge spies. **The Secret World** Hugh

Trevor-Roper, 2014-10-30 During World War II, Britain enjoyed spectacular success in the secret war between hostile intelligence services, enabling a substantial and successful expansion of British counter-espionage, which continued to grow in the Cold War era. Hugh Trevor Roper's experiences working in the Secret Intelligence Service (MI6) during the war left a profound impression on him, and he later observed the world of intelligence with particular discernment. To Trevor Roper, who was always interested in the historical dimension of the present and was fully alive to the historical significance of the era in which he lived, the subjects of wartime intelligence and the complex espionage networks that developed in the Cold War period were as worthy of profound investigation and reflection as events from the more distant past. Expressing his observations through some of his most ironic and entertaining correspondence articles and reviews, Trevor Roper wrote vividly about some of the greatest intelligence characters of the age, from Kim Philby and Michael Straight to the Germans, Admiral Canaris and Otto John. The coherence, depth and historical vision which unites these writings can only be glimpsed when they are brought together from the scattered publications in which they appeared and when read beside his unpublished private reflections. *The Secret World* unites Trevor Roper's writings on the subject of intelligence, including the full text of *The Philby Affair* and some of his personal letters to leading figures. Based on original material and extensive supplementary research by E. D. R. Harrison, this book is a sharp, revealing and personal first-hand account of the intelligence world in World War II and the Cold War. **Affirming** Isaiah Berlin, 2017-09-07 IB was one of the great affirmers of our time.

John Banville New York Review of Books The title of this final volume of Isaiah Berlin's letters is echoed by John Banville's verdict in his review of its predecessor *Building Letters* 1960-75 which saw Berlin publish some of his most important work and create in Oxford's Wolfson College an institutional and architectural legacy In the period covered by this new volume 1975-97 he consolidates his intellectual legacy with a series of essay collections These generate many requests for clarification from his readers and stimulate him to reaffirm and sometimes refine his ideas throwing substantive new light on his thought as he grapples with human issues of enduring importance Berlin's comments on world affairs especially the continuing conflict between Israel and the Palestinians and the collapse of Communism are characteristically acute This is also the era of the Northern Ireland Troubles the Iranian revolution the rise of Solidarity in Poland the Chernobyl nuclear disaster the fall of the Berlin Wall Ayatollah Khomeini's fatwa against Salman Rushdie the spread of Islamic fundamentalism and wars in the Falkland Islands the Persian Gulf and the Balkans Berlin scrutinises the leading politicians of the day including Reagan Thatcher and Gorbachev and draws illuminating sketches of public figures notably contrasting the personas of Alexander Solzhenitsyn and Andrey Sakharov He declines a peerage is awarded the Agnelli Prize for ethics campaigns against philistine architecture in London and Jerusalem helps run the National Gallery and Covent Garden and talks at length to his biographer He reflects on the ideas for which he is famous especially liberty and pluralism and there is a generous leavening of the conversational brilliance for which he is also renowned as he corresponds with friends about politics the academic world music and musicians art and artists and writers and their work always displaying a Shakespearean fascination with the variety of humankind Affirming is the crowning achievement both of Berlin's epistolary life and of the widely acclaimed edition of his letters whose first volume appeared in 2004

Auden George Barker William Empson Geoffrey Faber John Hayward James Laughlin Hope Mirrlees Mervyn Peake Ezra Pound Michael Roberts Stephen Spender Tambimuttu Allen Tate Michael Tippet Charles Williams and Virginia Woolf Four Quartets Eliot's culminating masterpiece is discussed in detail

[Beautiful Idiots and Brilliant Lunatics](#) Rob Baker, 2015-11-15 London's forgotten scandals secrets and personalities from the twentieth century told by the writer of the popular blog *Another Nickel in the Machine*

[Wolfenden's Witnesses](#) Brian Lewis, 2016-04-08 The

Wolfenden Report of 1957 has long been recognized as a landmark in moves towards gay law reform. What is less well known is that the testimonials and written statements of the witnesses before the Wolfenden Committee provide by far the most complete and extensive array of perspectives we have on how homosexuality was understood in mid twentieth century Britain. Those giving evidence individually or through their professional associations included a broad cross section of official professional and bureaucratic Britain: police chiefs, policemen, magistrates, judges, lawyers and Home Office civil servants, doctors, biologists including Alfred Kinsey, psychiatrists, psychoanalysts and psychotherapists, prison governors, medical officers and probation officers, representatives of the churches, morality councils and progressive and ethical societies, approved school headteachers and youth organization leaders, representatives of the army, navy and air force and a small handful of self described but largely anonymous homosexuals. This volume presents an annotated selection of their voices.

Guy Burgess Stewart Purvis, Jeff Hulbert, 2016-01-28 Cambridge spy Guy Burgess was a supreme networker with a contacts book that included everyone from statesmen to socialites, high ranking government officials to the famous actors and literary figures of the day. He also set a gold standard for conflicts of interest, working variously and often simultaneously for the BBC, MI5, MI6, the War Office, the Ministry of Information and the KGB. Despite this, Burgess was never challenged or arrested by Britain's spy catchers in a decade and a half of espionage. Dirty, scruffy, sexually promiscuous, a slob, conspicuously drunk and constantly drawing attention to himself, his superiors were convinced he was far too much of a liability to have been recruited by Moscow. Now with a major new release of hundreds of files into the National Archives, Stewart Purvis and Jeff Hulbert reveal just how this charming establishment insider was able to fool his many friends and acquaintances for so long, ruthlessly exploiting them to penetrate major British institutions without suspicion, all the while working for the KGB. Purvis and Hulbert also detail his final days in Moscow, so often a postscript in his story as well as the moment the establishment finally turned on him, outmanoeuvring his attempts to return to England after he began to regret his decision to defect.

Misdefending the Realm Antony Percy, 2017 This is the story of how the Soviet Union successfully infiltrated the UK government in the years leading up to WW2 and specifically when the USSR was an ally of Nazi Germany. August 1939, June 1941. Historians have previously argued that this success was due to the existence of a Communist super mole within MI5 and that in the fight against Fascism, multiple indulgences towards communists were an unavoidable strategy. The reality was very different. When a key Soviet defector warned of the deep insertion of agents within the corridors of power, the Comintern were obliged by the Hitler-Stalin pact to launch an aggressive counteroffensive. In 1940, Britain's Security Service was persuaded that the threat from communist subversion was minimal. When this most damaging espionage was detected, MI5's officers engaged in an extensive cover up to conceal their deficiencies. Exploiting recently declassified material and a broad range of historical and biographical sources, Antony Percy here reveals how the Soviet Union caught up so swiftly with Western expertise and weaponry and so removed a key Western advantage over its Communist adversary as

the Cold War ensued

Looking For Mr Nobody The Secret Life Of Goronwy Rees Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the ability of words has be much more evident than ever. They have the capability to inspire, provoke, and ignite change. Such could be the essence of the book **Looking For Mr Nobody The Secret Life Of Goronwy Rees**, a literary masterpiece that delves deep in to the significance of words and their effect on our lives.
