Love Works Like This:

Loveworks Brian Sheehan, 2013-05-28 In 2004 Kevin Roberts wrote *Lovemarks* the future beyond brands It was admired by many as a breakthrough in marketing thinking but was also controversial because of its surprisingly obvious thesis that emotional connections are at the heart of sustained relationships between producers retailers and consumers While many companies were using the language of war in their marketing target penetrate ambush Roberts was using the language of love mystery sensuality intimacy He explained in simple terms what people are often loath to admit we make decisions with our emotions over our reason *Lovemarks* described the journey by which brands could move from consumer respect based on intellect to consumer love based on emotion and in return gain loyalty beyond reason In 2010 *Advertising Age* magazine named *Lovemarks* one of their ideas of the decade while noting that the roadmap for brands to achieve *Lovemark* status was still not entirely clear *Loveworks* How the world's top marketers make emotional connections to win in the marketplace adds to the original *Lovemarks* by showcasing real world business examples and outlining the roadmaps followed by several world renowned brands to achieve *Lovemark* status Procter Gamble Toyota Visa General Mills Miller T Mobile and Lenovo are just a few examples of businesses winning in the marketplace through the application of the *Lovemarks* theory maintaining laser like focus on making and sustaining emotional connections with consumers *Loveworks* features 20 case stories from clients and markets worldwide in widely varying categories My book shows that *Lovemarks* thinking works anywhere anytime All it takes is having the brains to implement it the guts to see it through and an abiding faith in emotion as your compass says Brian Sheehan *Mad Muse* Jeffrey Berman, 2019-09-03 Many of the well respected scholarly studies of autobiographical writing have little or nothing to say about mental illness This book uncovers the mysterious relationship between mood disorders and creativity through the lives of seven writers demonstrating how mental illness is sometimes the driving force behind creativity *Exercises in New Creation from Paul to Kierkegaard* T. Wilson Dickinson, 2018-08-27 This book unfolds a vision for philosophical theology centered on the practices of the care of the self the city and creation Rooted in Paul's articulation of the wisdom of the cross and in conversation with ecological radical and political theologies continental philosophy and political ecology it addresses the challenge of injustice and ecological catastrophe Part one reads 1 Corinthians as an exercise in reading and writing that shapes and changes relationships and capabilities Part two follows this alternative path for theology through Derrida and Kierkegaard and neglected trajectories in Origen Augustine and Luther Along the way reading and writing are explored as exercises that transform selves communities and even habitats They are creaturely acts that can scandalize the dominant orders of consumption and competition for the ends of love and justice This is a philosophical theology engaged with political ecology exercises that help cultivate new creation **Birth Control** Allison Yarrow, 2023-07-18 Supported by ample data and suffused with anger an award winning journalist convincingly recasts this country's maternal health care system as needlessly dehumanizing New York Times Book Review Modern

medicine should make pregnancy and childbirth safer for all But in Birth Control award winning journalist Allison Yarrow reveals how women are controlled traumatized injured and even killed because of the traditionalist practices of medical professionals and hospitals Ever since doctors stole control of birth from midwives in the 19th century women have been steamrolled by a male dominated medical establishment that has everyone convinced that birthing bodies are inherently flawed and that every pregnancy is a crisis that it alone can solve Common medical practices and procedures violate human rights and the law yet take place daily Misogyny and racism not scientific evidence and support shape the overwhelming majority of America s four million annual births Drawing on extensive reporting expert interviews an original survey of 1 300 mothers and her own personal experiences Yarrow documents how modern maternal health care is insidiously purposefully designed to take power from women to the detriment of their physical and mental health not just during labor but for years after She then shows a better way exploring solutions both cutting edge and ancient to finally return power and control to birthing people Full of urgent insights and heartfelt emotion Birth Control is an explosive call to action

Margaret Price,2011-02-17 Explores the contested boundaries between disability illness and mental illness in higher education *We Need to Talk about Family* Roberta Garrett,Tracey Jensen,Angie Voela,2016-08-17 We are the first generation in recent history to not know if our children will have a better life than us Over the past thirty years the dream of upward mobility and stable and securely paid employment has dissipated This collection draws together insights from the disciplines of cultural studies literary theory psychoanalysis psychosocial studies social policy and sociology in order to explore the complex and contested status of the family under neoliberalism At one end of the spectrum the intensification of work and the normalisation of long hours working culture have undermined the time and energy available for private family life At the other end the fantasy of the nuclear family as a potential haven in a heartless world is rapidly unravelling supplanted with a hypercompetitive neo traditionalist mobile neoliberal family seeking to capitalise on the uneven spread of resources in order to maximise the futures of its own children As neoliberalism has always been split between socio economic realities and the expectations of where we should be we are always living with the anxiety of being left behind and the hope that the best is yet to come The chapters in this collection signal the troubles of the neoliberal family in particular the gulf between the practical conditions of family life and the formation of new fantasies The volume addresses the neoliberal family in a range of contexts from the domestic reproductive and bio political regulation of family life the representations of the neoliberal family on television and across social media to the negotiation of family dynamics in maternal memoirs The work provides a much needed corrective to the critical emphasis on the macrostructures of the neoliberal world **Reading and**

Writing Experimental Texts Robin Silbergleid,Kristina Quynn,2017-10-03 This collection of essays offers twelve innovative approaches to contemporary literary criticism The contributors women scholars who range from undergraduate students to contingent faculty to endowed chairs stage a critical dialogue that raises vital questions about the aims and forms of criticism its discourses and politics as well as the personal institutional and economic conditions of its production Offering compelling feminist and queer readings of avant garde twentieth and twenty first century texts the essays included here are playful

performative and theoretically savvy Written for students scholars and professors in literature and creative writing Reading and Writing Experimental Texts provides examples for doing literary scholarship in innovative ways These provocative readings invite conversation and community reminding us that if the stakes of critical innovation are high so are the pleasures In Between Dreamz Patrice Gunville,2014-03-14 What would one do if one were granted the power to make ones dreams a reality to have dreams that can transcend into reality And if not there then where does this all happen from In The Dream Taker Series the author has written an engrossing story that revolves around an experiment that could make dreams come true but with such god like power how can anyone truly control it or estimate the havoc it can bring into the real word Perhaps what we see isnt the real world at all Perhaps were simple characters in someone elses dream Or better still in our own dream Project MKUltra is the code name of a U S government human research operation experimenting in the behavioral engineering of humans through the CIA s Scientific Intelligence Division And officially halted in 1973 In 1977 a Freedom of Information Act request uncovered a cache of 20 000 documents relating to project MKUltra which led to Senate hearings later that same year In July 2001 some surviving information regarding MKUltra was officially declassified The scope of Project MKUltra was broad What is real Some peoples reality may simply not look like at all what youre reality looks like Its as simple and complex as that Are dreams like insanity And what about the people who are considered mentally ill Or those who can dive into different dimensions in their spirituality Or the minds while smoking pot The twists and turns in this book will have your head spinning in some weird vortex not knowing which way its about to turn Yet in the end I feel well all learn what the heck happened when we woke up but will it be too late Youll need to decide *The Dawn from on High* Anne M. Dudley,2016-02-10 The story of Jesus life has remained frozen and stagnant in the perspective dictated by the first Christian Council of Nicea in 325 A D C E To this day few Christians know any more than what is reported in the Gospels of the Bible Unfortunately even fewer know that new discoveries mostly from the 19th and 20th centuries have been found revealing much more about the man called Jesus from the 1st century Yet even in these post modern times the new information has been shrouded in secrecy and organized religion doesnt seek change or new insight on this subject The Dawn from on High is a series of nine novels following the sequential life of Jesus No new information is censored and no old information is withdrawn Rather all the information is knit together in a story written for the 21st century reader It has been written and guided by an ancient rabbinic principle known as the Halakic Principle which incorporates a both and technique rather than the either or discipline used by the founders of the Christian religion Jesus said Ask and it will be given to you Seek and you will find Knock and the door will be opened to you The challenge has been given to each of us If we accept it we will learn more than we ever thought possible **Bridges to Cross** Schanski Gore-Hemingway,2013-08-07 Mia was living life in the shadows of hurt on the south side of Saint Petersburg Florida She felt that she was all alone in life besides the love of her Grammy Ethan was just simply living life Destined to meet and cross the bridge of life together the two must

learn how to mend bridges before they learn to cross bridges together *Annual Report* National Endowment for the Arts, Reports for 1980-19 also include the Annual report of the National Council on the Arts **Signifying Bodies** G. Thomas Couser, 2009-10-22 Sheds new light on the memoir boom by asking Is the genre basically about disability **Memoir** G. Thomas Couser, 2012-01-19 A compact pithy guide to the most popular form of life writing Memoir An Introduction provides a primer to the ubiquitous literary form and its many subgenres Writing the Modern Family Roberta Garrett, 2021-01-29 Although a large body of work has emerged which addresses neoliberal representations of the family in other cultural forms such as parenting advice programmes little has been written specifically on the family and contemporary literature This book examines the growing body of autobiographical and fictional writing on family and parenting issues in Anglo American culture from the late 1990s to the present day The book looks closely at six distinct genres which have arisen during this time frame the misery memoir the mum's lit popular novel the maternal confessional dad's lit the dysfunctional domestic novel and the family noir Writing the Modern Family will examine the way these burgeoning areas of British and American writing respond to a neoliberal public discourse in which a parenting deficit rather than economic and structural disadvantage is responsible for increasing inequality in child welfare and achievement In evaluating these forms and their relationship to neoliberal culture the book will also consider the complex interrelationship between these genres Mediating Memory Bunty Avieson, Fiona Giles, Sue Joseph, 2017-10-16 The argument has been made that memoir reflects and augments the narcissistic tendencies of our neo liberal age Mediating Memory Tracing the Limits of Memoir challenges and dismantles that assumption Focusing on the history theory and practice of memoir writing editors Bunty Avieson Fiona Giles and Sue Joseph provide a thorough and cutting edge examination of memoir through the lenses of ethics practice and innovation By investigating memoir across cultural boundaries in its various guises and tracing its limits the editors convincingly demonstrate the plurality of ways in which memoir is helping us make sense of who we are who we were and the influences that shape us along the way **Out of Her Mind** Rebecca Shannonhouse, 2003-02-04 Out of Her Mind edited by Rebecca Shannonhouse captures the best literature by and about women struggling with madness A remarkable chronicle of gifted and unconventional women who have spun their inner turmoil into literary gold the collection features classic short stories breathtaking literary excerpts key historical writings and previously unpublished letters by Zelda Fitzgerald Shannonhouse's recent anthology Under the Influence The Literature of Addiction is also available as a Modern Library Paperback Original
