Love Yourself:

#Loveyourself Karen A. Baquiran, Tena M. Dodds, 2020-02-24 We have the ability to master our lives when we realize this simple truth we are always in control of our thoughts and we don't have to believe everything that we think. This realization is the moment everything will change. By having this control we are able to capture our true essence and live the authentic lives we were meant to live. I long for home. **LoveYourself: A Guide to Awakening the Soul and Putting the Ego to Sleep** is a collection of personal stories that touches on everyday thought provoking life lessons that can help one become empowered on their journey to self love. By taking complete responsibility for our lives we are able to open the door to a beautiful relationship with ourselves. We are rarely taught that happiness is an inside job and that our thoughts create our own personal realities. The journey to self love can be such a strenuous process. Our real life experiences are strategically placed within our timelines as a way for the Universe to help us find our true authentic selves. Everything we endure is a test and after every storm is a deep calm where we find ourselves a little stronger, a little wiser, a little more aware. Karen A. Baquiran 'Stop overthinking and Love Yourself: Unlock Your True Potential for Success and Confidence' Teresa Petrilli, 2023-05-01 Do you find that stress and anxiety follow you around all the time? Do you find that you can't stop thinking negatively even if you know it's a cycle you need to break? Thinking too much is a widespread issue that affects many individuals and it may have a considerable negative effect on mental and physical health if left unchecked. By reading this book you will learn how excessive thinking leads to excessive worry and anxiety as well as the impact that this can have on your life. You'll also learn actionable coping skills such as mindfulness, cognitive behavioral therapy, and self care to assist you in taking control of your thoughts and feeling less anxious about them. This book will provide you the tools you need to break the pattern of overthinking and take control of your ideas and emotions regardless of whether your struggle is with decision making, procrastination, or negative self talk. Don't give your worries and anxiety the power to run your life. Instead, start now on the path to a less stressful and meaningful life. **Love Yourself & Lose Weight: The Success Story of Self Love**

Indirect Pedagogy Herner Saeverot,2013-02-11 While existential issues perhaps concern people the most today s education is not as preoccupied with such issues Instead education is becoming more uniform and streamlined more and more one sidedly directed towards what is useful The purpose of this book is to focus on education s existential dimension Such a focus requires at least three things Firstly we need to justify why it is necessary to reconnect with existentialism in education Secondly we need to undergo an examination of the quality of existential education so that we can have a basis as to what kind of educational interests teachers should have Thirdly we need to gain knowledge about how teachers may teach in light of existential matters However to teach in light of existence is highly paradoxical in that existence cannot be forced on someone but is rather a subjective matter Teaching which is non ironical or too direct can thus be very problematic concerning existential issues The reason being that there is no objective truth in terms of existence There is only a matter of subjective or existential truth which is only true for the single individual Therefore the book suggests that the approach teachers take must be discrete and indirect so as to create room for students to take responsibility for their subjective truth Such an indirect pedagogy is not a programme but rather a form of existential education The overall aim of the book is by way of introducing and developing the concept of indirect pedagogy to extend and reinvent the language of teaching
