

# Words tangle us together like roots

We share, as it happens, a moon, and this vermillion  
sunset here is there too, and there, and there, and there!

Words are best when they are needless, when they say  
what has already been said by a greater power.

I gift you my word, my book, my story.  
Maybe I wrote it, or somehow, I have come into  
possession of it - language does not clarify,  
An ambiguity that lends itself to shared joys.  
I like that - the conductive space between feeling and  
word and love is where life (I guess) is located,  
The struggle to put into song and ritual what eludes all  
articulation.  
As I write, I put my heart in a wrapped-up parcel and send  
it to you: the song of myself.

Indigenous and settler communities in Canada retained their cultural identities and sought autonomy from Britain Initially writing for an audience in Ireland they highlighted features of the landscape and culture that they regarded as distinctively Canadian and that were later invoked as powerful unifying symbols by Canadian nationalists Michele Holmgren shows how these Irish writers and movements are essential to understanding the tenor of early Canadian literary nationalism and political debates concerning Confederation imperial unity and western expansion Canada to Ireland convincingly demonstrates that Canadian cultural nationalism left its mark on both countries Contemporary decolonization movements in Canada and current cultural exchanges between Ireland and Indigenous peoples make this a timely and relevant study

Browning's Sonnets from the Portuguese George Meredith's Modern Love Dante Gabriel Rossetti's House of Life and Augusta Webster's Mother and Daughter As women became a force to be reckoned with among the reading public and the writing community the term sonnet often operated as a satirical label that was not restricted to poetry adhering to the strict formalities of the genre Van Remoortel's study in its attentiveness to the sonnet's feminization during the late eighteenth century offers important insights into the ways in which changing attitudes about gender and genre shaped critics' interpretations of the reception histories of nineteenth century sonnet sequences
