Working with Words Stanley Hauerwas, 2011-02-16 The crucial challenge for theology is that when it is read the reader thinks This is true Recognizing claims that are true enables readers to identify an honest expression of life s complexities The trick is to show that theological claims the words that must be used to speak of God are necessary if the theologian is to speak honestly of the complexities of life The worst betrayal of the task of theology comes when the theologian fears that the words he or she must use are not necessary This new collection of essays lectures and sermons by Stanley Hauerwas is focused on the central challenge risk and difficulty of this necessity working with words about God The task of theology is to help us do things with words God is not a word peculiar to theology but if God is a word to be properly used by Christians the word must be disciplined by Christian practice It should therefore not be surprising that like any word we must learn how to say God

Holy Trinity: Holy People Thomas A. Noble, 2013-02-19 Teaching on the sanctification of Christians using the difficult word perfection has been part of Christian spirituality through the centuries The Fathers spoke of it and Augustine particularly contributed his penetrating analysis of human motivation in terms of love Medieval theologians such as Bernard and Thomas Aquinas developed the tradition and wrote of levels or degrees of perfection in love However the doctrine has not fared so well among Protestants John Wesley was the one major Protestant leader who tried to blend this ancient tradition of Christian perfection with the Reformation proclamation of justification by grace through faith This book seeks to develop Wesley s synthesis of patristic and Reformation theology in order to consider how Christian perfection can be expressed in a more nuanced way in today s culture Noble examines what basis may be found for Wesley s understanding of sanctification in the central doctrines of the church particularly the atonement the doctrine of Christ and the most comprehensive of all Christian doctrines the doctrine of the Holy Trinity What he sets out is a fully trinitarian theology of holiness

My Church Is Not Dying Greg Garrett, 2015-03-01 The old way of being church is being replaced by something new and beautiful for those with the eyes ears heart and soul to experience it Prolific author Greg Garrett reminds Episcopalians of the many gifts that our tradition can offer a doubting and hurting world He reveals a church that values intellect beauty diversity and community and promotes thoughtful engagement with questions of faith ethics and community This church espouses a generous orthodoxy welcoming left and right mystic and doubter It values education social justice and engagement with literature and culture And in opposition to the radical individualism espoused by most of American

Protestantism it offers the unique gift of a tradition shaped by English culture that believes the individual is a part of her or his community not in opposition to it With All the Fullness of God Jared Ortiz,2021-01-12 Christians confess that Christ came to save us from sin and death But what did he save us for One beautiful and compelling answer to this question is that God saved us for union with him so that we might become partakers of the divine nature 1 Pet 2 4 what the Christian tradition has called deification This term refers to a particular vision of salvation which claims that God wants to share his own divine life with us uniting us to himself and transforming us into his likeness While often thought to be either a heretical notion or the provenance of Eastern Orthodoxy this book shows that deification is an integral part of Catholicism Orthodoxy and many Protestant denominations Drawing on the resources of their own Christian heritages eleven scholars share the riches of their respective traditions on the doctrine of deification In this book scholars and pastor scholars from diverse Christian expressions write for both a scholarly and lay audience about what God created us to be adopted children of God who are called even now to be filled with all the fullness of God Eph 3 19 The Goldilocks God Guy Collins,2022-08-22 The Goldilocks God Searching for the via media explores the fertile middle ground between toxic Christianity and militant atheism Can Christianity be intellectually credible Why do our past failures and breakages offer comfort and hope How does the via media of Anglicanism offer tactics for dealing with contemporary challenges and uncertainties Whether exploring mystic Hildegard von Bingen strategic thinker Queen Elizabeth or theologians Jean Luc Marion and Sarah Coakley readers venture into a Trinitarian Goldilocks zone of faith hope and love Guy Collins makes a creative and heartfelt case for a spiritual thermodynamics of trial and error promise and glory Illuminating ancient Christian practice with cutting edge philosophy and theology he reveals the lifelong habits that are just right for encountering the mystery of God

Pagano, Amy E. Richter, 2021-12-16 What words from our Christian vocabulary would you miss if you could no longer use them If you pronounced them and no one understood If you spoke and people gave them a meaning at odds with your conviction What words do you fear are falling into misuse If you could save some word or phrase from disuse or misuse what would it be *Saving Words* is a collection of personal provocative essays by lay people clergy poets theologians musicians and scholars on words they want to preserve and proclaim urgent and important reflections on the language we need for the facing of these days Open this volume and find saving words that matter **New SCM Dictionary of Christian Spirituality** Philip Sheldrake, 2013-05-20 This dictionary attempts to give direct access to the development of Christian Spirituality It is a series of pieces written by experts to provide instant accurate and thought provoking information of high scholarship **Jesus in History, Thought, and Culture** Leslie

Houlden, 2003-12-08 This unique multidisciplinary study views Jesus as one of the most central figures in history with a wide ranging impact on society literature art and philosophy *Jesus in History Thought and Culture* distills 2 000 years of thinking about Jesus into two intriguing volumes In more than 200 A Z entries internationally recognized scholars summarize views of Jesus from the Gospel writers to contemporary theologians Not only does the book explore Christian liturgy and worship including the long lasting 4th and 5th century schisms over whether Jesus is human or divine but it examines the position of Jesus in the traditions of other world religions such as Judaism Islam and Hinduism Even outside religion little has been untouched by Jesus s influence Jesus affected social and political theory in his time and continues to do so today The encyclopedia also explores his changing image in art sculpture music and literature pulling disparate fields of study into one powerful resource Scholars students of theology and world religions and other interested readers will all welcome this unique resource **Receptive Ecumenism and the Call to Catholic Learning** Paul Murray, 2010-05-06 This volume proposes a fresh strategy for ecumenical engagement Receptive Ecumenism that is fitted to the challenges of the contemporary context and has already been internationally recognised as making a distinctive and important new contribution to ecumenical thought and practice Beyond this the volume tests and illustrates this proposal by examining what Roman Catholicism in

particular might fruitfully learn from its ecumenical others Challenging the tendency for ecumenical studies to ask whether explicitly or implicitly What do our others need to learn from us this volume presents a radical challenge to see ecumenism move forward into action by highlighting the opposite question What can we learn with integrity from our others This approach is not simply ecumenism as shared mission or ecumenism as problem solving and incremental agreement but ecumenism as a vital long term programme of individual communal and structural conversion driven like the Gospel that inspires it by the promise of conversion into greater life and flourishing The aim is for the Christian traditions to become more not less than they currently are by learning from or receiving of each other s gifts The 32 original essays that have been written for this unique volume explore these issues from a wide variety of denominational and disciplinary perspectives drawing together ecclesiologists professional ecumenists sociologists psychologists and organizational experts

Protestant Spiritual Traditions, Volume One Frank C. Senn, 2020-11-02 There is no single Protestant spirituality but rather Protestant spiritual traditions usually embedded in denominational families that share some basic Protestant principles These two volumes of Protestant Spiritual Traditions offer essays on twelve traditions written by scholars within those traditions plus a concluding essay that gathers a number of Protestant contributions to Christian spirituality and Western culture under the category of the body These thirteen essays discuss the contributions of significant spiritual figures from Martin Luther to Martin Luther King Jr and offer insights on a range of topics from the theology of the cross to physical fitness
