**Bisexual and Gay Husbands** Fritz Klein,Thomas R Schwartz,2014-02-04 What happens when married men face their gay bisexual needs This astonishing volume offers an intimate look into the lives and thoughts of bisexual men Already married to women these men are undeniably attracted to other men Their struggle with conflicting needs desires and loyalties is not filtered through theories or evoked in brief interviews It comes straight from their own keyboards The stories told in **Bisexual and Gay Husbands** are taken from an Internet mailing list which allows people to speak freely and in anonymity yet also encourages the development of a tightly knit community Men at all stages of the coming out process share their experiences their secrets their pain shame anger and hope One man writes I have found the answer to my bisexual needs and am afraid to embrace it I need help and advice to know what to do What you people have done in your lives may hold the key to helping me decide on a course of action I am either going to create a dream come true or hell on

earth as I destroy my marriage I can't tell which and of course you can't either But you CAN tell me how you are handling the problems I am facing Bisexual and Gay Husbands includes advice and information on the issues that touch these men most deeply including how do I tell my wife and kids what does it mean to self identify as bisexual or gay what kinds of relationships do I want with men can triads work how do I deal with my children's reaction do I have to leave my wife The insight intelligence and honesty revealed in Bisexual and Gay Husbands make it a riveting read but it also has great clinical and historic value for therapists sex theorists and bisexual men and their families

**Gay and Lesbian Professionals in the Closet** Teresa Decrescenzo, 2020-03-24 The closet takes its toll on its dwellers through their experiences of isolation fear paranoia potentially increased internalized homophobia and dissonance between role and identity yet many people in the helping professions do not feel that it is desirable or even appropriate to disclose their sexual orientation to those receiving help Gay and Lesbian Professionals in the Closet explores the different positions people take on this provocative issue the arguments they use to support their positions and why the issue may not be as clear cut as it sometimes seems While complex sociopsychological factors cultural values and influences and legal issues keep many gays lesbians and bisexuals in the closet closeted practice may have its advantages A closeted practitioner whether case manager counselor psychotherapist physician or minister can bring understanding and insight to practice with homosexual clients and their families as well as lend substantial support to openly gay and lesbian helping professionals Yet as Gay and Lesbian Professionals in the Closet reveals being closeted can compromise your integrity as well as that of your clients and the benefits of being out will likely outweigh those of being closeted Being out will help readers counteract stereotypes of gays and lesbians allow you to serve as a role model improve the quality of care offered by traditionally homophobic or homophobic ignorant institutions and employees contribute to the establishment of affirming services and environments for both yourself and your clients stop segregating your sexual life from the rest of your life attain credibility with your clients not feed repression through silence As Gay and Lesbian Professionals in the Closet will show readers it is always important to consider patients needs and each work setting before coming out but gay lesbian and bisexual social service providers should make decisions on a case by case basis not avoid being out altogether Being open in the workplace will remind caregivers clients and coworkers of the exemplary citizenship and service gays lesbians and bisexuals are capable of offering Think again whether the closet carries protective cover from discrimination or tacit endorsement of homophobia
