Loving Feelings Gail Gaymer Martin, 2005-10-01 When Todd Bronski realized an eight year old boy had stolen his laptop he was set to call the police But then Jenni Anderson little Cory s aunt came to apologize and well she was lovely Jenni was grateful that Todd had decided to leave the police out of it and help teach Cory a better way The man was handsome intelligent kind and caring with Cory Todd awakened feelings she hadn t experienced in years But Jenni wasn t looking for a man She had way too much on her plate Besides Todd had agreed to be her new business partner and she wasn t about to mix business with pleasure Visions in Poetry Jackie Hardcastle, 2014-01-24 Jackies journey into the unravelling mysteries

of the spiritual realm started as a casual glance into her clairvoyant skills a cute hobby to pass the evenings away The Angels had other plans This story is the unravelling of the information about the spiritual world through her eyes as she discovers more about herself her gifts and her visions that turned into poetry Written as a firsthand introductory account of her awakening spiritual awareness this book is set in a semi biography format interlaced with spiritually inspired poetry The reader is ushered through a variety of personal life lessons that eventually lead into discovering Love Forgiveness Gratitude and Truth Jackie shares with us experiences which lead her to feel directed to share the messages the questions and inspirational thoughts that came through The reader is encouraged to ask questions and form their own opinions as Jackies quest for knowledge opens the doors for people to explore their own views and experiences about the spiritual realm and to learn more about the Truth of who they are **Routledge Handbook of Religion and Ecology** Willis J. Jenkins, Mary Evelyn Tucker, John Grim, 2016-07-22 The moral values and interpretive systems of religions are crucially involved in how

people imagine the challenges of sustainability and how societies mobilize to enhance ecosystem resilience and human well being The Routledge Handbook of Religion and Ecology provides the most comprehensive and authoritative overview of the field It encourages both appreciative and critical angles regarding religious traditions communities attitude and practices It presents contrasting ways of thinking about religion and about ecology and about ways of connecting the two terms Written by a team of leading international experts the Handbook discusses dynamics of change within religious traditions as well as their roles in responding to global challenges such as climate change water conservation food and population It explores the interpretations of indigenous traditions regarding modern environmental problems drawing on such concepts as lifeway and indigenous knowledge This volume uniquely intersects the field of religion and ecology with new directions within the humanities and the sciences This interdisciplinary volume is an essential reference for scholars and students across the social sciences and humanities and for all those looking to understand the significance of religion in environmental studies and policy *Creating Peace* Reg M. Feelings Stephen Frosh, 2011-03-22 Everyone talks about their feelings but what exactly are they What are the distinguishing features of feelings and how do they differ from emotions and affects How do our feelings influence the kinds of people we are and the sorts of communities and societies in which we live In this wonderful short book acclaimed author Stephen Frosh interrogates the terrain of feelings and asks how this hidden dimension of the self helps shape our worlds The book provides an accessible and thought provoking introduction to the major debates around feelings in the modern world Feelings is an accessible and engaging resource for students academics and indeed anyone with an interest in gaining a better understanding of this fundamental area of life **The laws of Human nature Unity of Universal love**, 2023-12-22 Introduction A life of Healing a life of Health A life worth living is a life of Wealth I have practiced over 25 years as a chiropractor and I have learned that most people come to me to treat their pain I'm sure that most doctors and therapists have the same experience people want to receive a treatment that will cure their illness As I treat my patients I'm also

analyzing how their problem was created I m looking at various factors like diet lack of exercise injurious repetitive movements or anything else that could provoke the problem I m trying to get the patient to take responsibility for their problem and help me with their treatment It appears that I m treating their physical illness but over the years I have come to a new realization that a person s emotional mental and spiritual side can also affect their health The reality of the situation is that we can t separate an illness into a physical emotional mental or spiritual ailment because everything works together I now understand that attitudes play an essential role in our health and wellbeing Attitudes have characteristics that are physical emotional mental and spiritual In psychology attitudes are labeled as behavioral physical affective emotional and cognitive mental In this book attitudes have a spiritual side as well attitudes will have a positive spiritual value or a negative spiritual value Attitudes that bring people together and unite them has an energy with a positive spiritual value and attitudes that are divisive and cause separation has a negative value If we have attitudes with a negative spiritual energy then they will cause illness physical illness mental illness and emotional illness We need to adopt attitudes with a positive spiritual energy if we want to stay healthy and grow spiritually Spiritual growth is there for all of us but we have to make the effort no one can make us grow spiritually Looking for someone to cure our ills is a short term proposition the long term cure is when we discover what is causing us harm and create a healthy lifestyle The 7 Laws of Human Nature is a scientific philosophical study into the human consciousness the 7 chakras and the human aura We use theories to make sense about what we are observing in life to explain ideas and interpret facts The 1st chapter is the Theory of the Oneness of Universal Love which will present 7 hypotheses These hypotheses will present facts and suppositions of facts which will be followed up by a theory This is all happening on four energy levels physical emotional mental and spiritual Life on Earth has to have a reason our lives aren t an accident and this book presents a logical theory on the how and why of life This is a book on love and how love works in our lives With Love and Devotion to All Looking For Love In All the Wrong Places Ida Greene, PhD,2014-07-01 We all crave and need love We are starving for love feel deprived and lonely without it I will let you on the secret to fill your inner void for love In this book I will give you a daily thought or idea to awaken the love lying dormant inside you As we walk around feeling like Earthlings We notice that our feelings are stimulated by those wonderful romantic movies and those juicy little novels and even our fantasy prone fun loving and creative mind We tend to forget that life no matter what aspect of living we may be focused on is About Our Evolution our evolution to find and give love **Assessing Mindfulness and Acceptance Processes in Clients** Ruth Baer,2010-05-01 In Assessing Mindfulness and Acceptance Processes in Clients well known psychology researcher Ruth Baer and eleven other contributors including Kelly Wilson Lizabeth Roemer and Jean Kristeller examine how mindfulness works explain how to measure mindfulness in clients and explore how mindfulness can account for improvements in psychological functioning We Love Each Other, But . . .
