Lightnin' Hopkins Alan Govenar,2010-05-01 By the time of his death in 1982 Sam Lightnin Hopkins was likely the most recorded blues artist in history This brilliant new biography the first book ever written about him illuminates the many contradictions of the man and his myth Born in 1912 to a poor sharecropping family in the cotton country between Dallas and Houston Hopkins left home when he was only eight years old with a guitar his brother had given him He made his living however he could sticking to the open road playing the blues and taking odd jobs when money was short This biography delves into Hopkins s early years exploring the myths surrounding his meetings with Blind Lemon Jefferson and Texas Alexander his time on a chain gang his relationships with women and his lifelong appetite for gambling and drinking Hopkins didn t begin recording until 1946 when he was dubbed Lightnin during his first session and he soon joined Muddy Waters and John Lee Hooker on the national R B charts But by the time he was rediscovered by Mack McCormick and Sam Charters in 1959 his popularity had begun to wane A second career emerged now Lightnin was pitched to white audiences not black ones and he became immensely successful singing about his country roots and injustices that informed the civil rights era with a searing emotive power More than a decade in the making this biography is based on scores of interviews with Lightnin s lover friends producers accompanists managers and fans

Somebody Scream! Marcus Reeves,2009-03-17 For many African Americans of a certain demographic the sixties and seventies were the golden age of political movements The Civil Rights movement segued into the Black Power movement which begat the Black Arts movement Fast forward to 1979 and the release of Sugarhill Gang s *Rapper s Delight* With the onset of the Reagan years we begin to see the unraveling of many of the advances fought for in the previous decades Much of this occurred in the absence of credible long term leadership in the black community

Young blacks disillusioned with politics and feeling society no longer cared or looked out for their concerns started rapping with each other about their plight becoming their own leaders on the battlefield of culture and birthing Hip Hop in the process In *Somebody Scream* Marcus Reeves explores hip hop music and its politics Looking at ten artists that have impacted rap from Run DMC Black Pop in a B Boy Stance to Eminem Vanilla Nice and puts their music and celebrity in a larger socio political context In doing so he tells the story of hip hop s rise from New York based musical form to commercial music revolution to unifying expression for a post black power generation

The Drama All Over a Father's First Love Mandell Williams,2021-06-03 As the country fights against injustice in the criminal department there has also been an unspoken injustice brewing in the family court system for way too long For over twenty one years I have dedicated my life in spotlighting the dark side on an outdated system affecting so many lives I ve learned firsthand of this biased one sided system that has stolen my firstborn away from me My story of these events that has transpired throughout two decades has been well documented with the facts of my case in its entirety The surrounding drama marked by family court and fueled by a relentless baby mama has led me on a journey for justice for a daughter I never knew Just like so many others who have fought and lost the right to be a parent My mission now is to change and expose the truth of this corrupt culture that touches across all racial barriers and wealth status History has shown us that a father s love is one of the most important key figures in a child s life To undertake that away purposely can be an atrocity affecting generations to come But who knew the fight for my daughter would ultimately catapult my life into a direction for change and a front row seat to a new normal that affects us all
