Lti Notizbuch Eines Philologen:

An annotated edition of Victor Klemperer's LTI Victor Klemperer, 1997 **LTI** Victor Klemperer, 1975 *An Annotated Edition of Victor Klemperer's LTI, Notizbuch Eines Philologen* Victor Klemperer, 1997 **Positioning the History of Science** Kostas Gavroglu, Jürgen Renn, 2007-05-05 The present volume compiled in honor of an outstanding historian of science physicist and exceptional human being Sam Schweber is unique in assembling a broad spectrum of positions on the history of science by some of its leading representatives Readers will find it illuminating to learn how prominent authors judge the current status and the future perspectives of their field Students will find this volume helpful as a guide in a fragmented field that continues to be dominated by idiosyncratic expertise and that still lacks a methodical canon The essays were written in response to our invitation to explicate the views of the authors concerning the state of the history of science today and the issues we felt are related to its future Although not all the scholars invited to write have contributed an essay this volume can nevertheless be considered as a rather comprehensive survey of the present state of the history of science All the papers collected here reflect in one way or another the strong influence Sam Schweber exerted during the past decades in his gentle way on the history of science as well as on the lives of many of its protagonists worldwide All who have had the opportunity of encountering him have benefited from his advice benevolence and friendship Sam Schweber's intellectual taste his passion for knowledge and his erudition are all encompassing It therefore seemed fitting to honor him with a collection of essays of comparable breadth nothing less would suffice **New Literary and Linguistic Perspectives on the German Language, National Socialism, and the Shoah** Peter Davies, Peter J. Davies, Andrea Hammel, 2014 New perspectives on the relationship or the perceived relationship between the German language and the causes nature and legacy of National Socialism and the Shoah **The Novel Das Boot, Political Responsibility, and Germany's Nazi Past** Dean J. Guarnaschelli, 2021-09-23 This study investigates the relationship between Lothar G nther Buchheim 1918 2007 his bestselling 1973 novel *Das Boot* *The Boat* and West Germany's *Vergangenheitsbew ltigung* As a war reporter during the Battle of the Atlantic Buchheim benefitted from distinct privileges yet he was never in a position of power Almost thirty years later Buchheim confronted the duality of his own past and railed against what he perceived to be a varnished public memory of the submarine campaign Michael Rothberg's theory of the implicated beneficiary is used as a lens to view Buchheim and this duality *Das Boot* has been retold by others worldwide because many people claim that the story bears an anti war message Wolfgang Petersen's critically acclaimed 1981 film and interpretations as a comedy sketch a theatrical play and a streamed television sequel have followed This trajectory of Buchheim's personal memory reflects a process that practitioners of memory studies have described as transnational memory formation Archival footage interviews and teaching materials reflect the relevance of *Das Boot* since its debut Given the debates that surrounded Buchheim's endeavors the question now raised is whether Germany's mastering the past serves as a model for other societies analyzing their own histories Sitting at

the intersection of History Literature and Film Studies this is an unprecedented case study depicting how the pre and postwar times affected writers and others caught in the middle of the drama of the era *Alexander Von Humboldt* Nicolaas A. Rupke,2008-06 Alexander von Humboldt is one of the most celebrated figures of late modern science famous for his work in physical geography botanical geography and climatology This volume traces Humboldt s biographical identities through Germany s collective past to shed light on the historical instability of our scientific heroes **Poems in Steel** Kees Gispén,2002 Situating the politics of invention at the intersection of politics law and technology Gispén U of Mississippi describes how it occupied German inventors industrial scientists patent experts business executives and sometimes even the country s political leaders for the better part of a century The issue they grappled with and which he takes up here is what rights inventors are due in the age of corporate capitalism He invokes various realms of the computer industry to point out that the issue has not yet been settled Annotation copyrighted by Book News Inc Portland OR *Inside the Antisemitic Mind* Monika Schwarz-Friesel,Jehuda Reinharz,2017-01-03 Antisemitism never disappeared in Europe In fact there is substantial evidence that it is again on the rise manifest in violent acts against Jews in some quarters but more commonly noticeable in everyday discourse in mainstream European society This innovative empirical study examines written examples of antisemitism in contemporary Germany It demonstrates that hostility against Jews is not just a right wing phenomenon or a phenomenon among the uneducated but is manifest among all social classes including intellectuals Drawing on 14 000 letters and e mails sent between 2002 and 2012 to the Central Council of Jews in Germany and to the Israeli embassy in Berlin as well as communications sent between 2010 and 2011 to Israeli embassies in Austria Switzerland Belgium England Ireland the Netherlands Sweden and Spain this volume shows how language plays a crucial role in activating and re activating antisemitism In addition the authors investigate the role of emotions in antisemitic argumentation patterns and analyze anti Israelism as the dominant form of contemporary hatred of Jews *Nazis and Nobles* Stephan Malinowski,2020-12-10 In the mountain of books that have been written about the Third Reich surprisingly little has been said about the role played by the German nobility in the Nazis rise to power While often confidently referred to the fateful role played by the German nobility is rarely if ever investigated in any real detail *Nazis and Nobles* now fills this gap providing the first systematic investigation of the role played by the nobility in German political life between Germany s defeat in the First World War in 1918 and the consolidation of Nazi power in the 1930s As Stephan Malinowski shows the German nobility was too weak to prevent the German Revolution of 1918 but strong enough to take an active part in the struggle against the Weimar Republic In a real twist of historical irony members of the nobility were as prominent in the destruction of Weimar democracy as they were to be years later in Graf Stauffenberg s July 1944 bomb plot against Hitler In this skilful portrait of an aristocratic world that was soon to disappear Malinowski gives us for the first time the in depth story of the German nobility s social decline and political radicalization in the inter war years and the troubled m salliance to which this was to lead between the majority of

Germany's nobles and the National Socialists **Comrades Betrayed** Michael Geheran, 2020-10-15 At the end of 1941 six weeks after the mass deportations of Jews from Nazi Germany had begun Gestapo offices across the Reich received an urgent telex from Adolf Eichmann decreeing that all war wounded and decorated Jewish veterans of World War I be exempted from upcoming evacuations Why this was so and how Jewish veterans at least initially were able to avoid the fate of ordinary Jews under the Nazis is the subject of *Comrades Betrayed* Michael Geheran deftly illuminates how the same values that compelled Jewish soldiers to demonstrate bravery in the front lines in World War I made it impossible for them to accept passively let alone comprehend persecution under Hitler After all they upheld the ideal of the German fighting man embraced the fatherland and cherished the bonds that had developed in military service Through their diaries and private letters as well as interviews with eyewitnesses and surviving family members and records from the police Gestapo and military Michael Geheran presents a major challenge to the prevailing view that Jewish veterans were left isolated neighborless and having suffered a social death by 1938 Tracing the path from the trenches of the Great War to the extermination camps of the Third Reich Geheran exposes a painful dichotomy while many Jewish former combatants believed that Germany would never betray them the Holocaust was nonetheless a horrific reality In chronicling Jewish veterans appeal to older traditional notions of comradeship and national belonging *Comrades Betrayed* forces reflection on how this group made use of scant opportunities to defy Nazi persecution and for some to evade becoming victims of the Final Solution

Confronting the Nation George L. Mosse, 2024-01-16 Originally published by the University Press of New England under the title *Confronting the Nation* Jewish and Western Nationalism copyright 1993 by Trustees of Brandeis University

The Unfathomable Ascent Peter Ross Range,2020-08-11 The chilling and little known story of Adolf Hitler s eight year march to the pinnacle of German politics On the night of January 30 1933 Adolf Hitler leaned out of a spotlight window of the Reich chancellery in Berlin bursting with joy The moment seemed unbelievable even to Hitler After an improbable political journey that came close to faltering on many occasions his march to power had finally succeeded While the path of Hitler s rise has been told in books covering larger portions of his life no previous work has focused solely on his eight year climb to rule 1925 1933 Renowned author Peter Ross Range brings this period back to startling life with a narrative history that describes brushes with power quests for revenge nonstop electioneering American style campaign tactics and for Hitler moments of gloating triumph followed by abject humiliation Indeed this is the tale of a high school dropout s climb from the infamy of a failed coup to the highest office in Europe s largest country It is a saga of personal growth and lavish living a melodrama rife with love affairs and even suicide attempts But it is also the definitive account of Hitler s unrelenting struggle for control over his raucous movement as he fought off challenges built and bullied coalitions quelled internecine feuds and neutralized his enemies all culminating in the creation of the Third Reich and the western world s descent into darkness One of the most dramatic and important stories in world history Hitler s ascent spans Germany s wobbly recovery from World War I through years of growing prosperity and finally into crippling depression

Nonconformist Writing in Nazi Germany John Klapper,2015 An innovative critical historically

informed yet accessible reassessment of writers who remained in Nazi Germany and Austria yet expressed nonconformity even dissent through their fiction **The Jews and Germany** Enzo Traverso, 1995-01-01 The Jews and Germany debunks a modern myth that once upon a time there was a Judeo German symbiosis in which two cultures met and brought out the best in each other Enzo Traverso argues that to the contrary the attainments of Jews in the German speaking world were due to the Jews aspiring to be German with little help from and often against the open hostility of Germans As the Holocaust proved in murder and theft German Jews could never be German enough Now the works of German Jews are being published and reprinted in Germany It is a matter of enormous difference whether the German rediscovery of German Jews is another annexation of Jewish property or an act of rebuilding a link between traditions Traverso shows how tenuous the link was in the first place He resumes the queries of German Jews who asked throughout the twentieth century what it meant to be both Jewish and German Hannah Arendt Gershom Scholem Martin Buber Max Horkheimer Walter Benjamin Theodor Adorno Ernst Bloch Rosa Luxemburg Franz Kafka and many more thinkers of genius found the problems unavoidable and full of paradoxes In returning to them Traverso not only demolishes a sugary myth but also reasserts the responsibility of history to recover memory even if bitter and full of pain Enzo Traverso was born in Italy in 1957 He currently works at the Bibliothèque de documentation internationale contemporaine in Nanterre where he is in charge of the German section of documentary research He is also the author of The Marxists and the Jewish Question History of a Debate 1843 1943 Daniel Weissbort is a professor of English at the University of Iowa He is the author of Inscription and the editor of Translating Poetry and The Poetry of Survival His translations include Claude Simon's The World about Us **Untold War** International Society for First World War Studies. Conference, 2008 With chapters on both military and cultural history this book highlights how the first total war of the twentieth century changed social cultural and military perceptions to an untold extent BOOK JACKET
