A Queer Chivalry Julia F. Saville, 2000 Others decry his monasticism as the regrettably oppressive regimen from which he was able to escape only occasionally through his sensuous sometimes overtly homoerotic verse Julia F Saville uses Lacanian theories of sublimation and courtly love to reconfigure this long standing rift in the field of Hopkins criticism BOOK JACKET

the fundamental inaccessibility of another person's consciousness can serve a protective purpose to defend the writer in some way against the horror he or she encounters. On the other hand, the representations themselves can be a potential threat: epistemologically unreliable for instance, or illusory, deceptive, fundamentally unstable and potentially dangerous to the writers. Through a psychoanalytically informed literary analysis, *The Medusa Effect* explores crucial ethical and epistemological questions of Victorian aesthetics as well as underexamined complexities of the mechanisms of Victorian literary representation.

Penelope Voyages Karen R. Lawrence, 2018-08-06 Looking at travel writing by British women from the seventeenth century, Karen R. Lawrence asks an intriguing question: What happens when, instead of waiting patiently for Odysseus, Penelope voyages and records her journey when the woman who is expected to wait sets forth herself and traces an itinerary of her own? Lawrence ranges widely, discussing both fiction and nonfiction and traversing the genres of travel letters, realistic and sentimental novels, ethnography, fantasy, and postmodern narrative. In examining works as dissimilar as Margaret Cavendish's rendition of the Renaissance adventure narrative and Christine Brooke-Rose's postmodernist *Between*, she explores not only the significance of gender for travel writing but also the value of travel itself for testing the limits of women's social freedoms and restraints. Lawrence shows how writings by Frances Burney, Mary Wollstonecraft, Sarah Lee, Mary Kingsley, Virginia Woolf, and Brigid Brophy reconceive the meanings of femininity in relation to such apparent oppositions as travel/home, other/self, and foreign/domestic. Despite the differences, historical, generic, political, among these writers, Lawrence maintains they share common insights. Their accounts overturn the dichotomy between adventure and domesticity, demonstrating something illusory within both the stability of home and the freedom of travel.

Literature and Theology as a Grammar of Assent David Jasper, 2017-05-15 Examining the roots of the relationship between literature and theology, this book offers the first serious attempt to probe the deep theological purposes of the study of literature. Through an exploration of themes of evil, forgiveness, sacrament, and what it means to be human, David Jasper draws from international research and discussions on literature and theology and employs an historical and profoundly personal journey through the later part of the last century up to the present time. Combining fields such as Bible and literature, poetry and sacrament, this book sheds new light on how Christian theology seeks to remain articulate in our global, secular, and multi-faith culture.
