The Gloves Michael Silano, 2022-10-31 Based on actual events The Gloves starts as a love story between a mother and her four daughters She was the thumb and her girls were the other fingers a hand if you may The year was 1910 when my grandfather immigrated from Italy and joined a Hell's Kitchen mob soon after In 1925 he met an innocent girl from New Jersey who wrongly crossed a legendary block in midtown Manhattan and wound up outside a speakeasy They would marry but the Great Depression Pearl Harbor and the ensuing War would change their lives forever The story of her four daughters growing up in Brooklyn unfolds with equal measures of grace and tragedy as life grants and takes away its greatest gifts over the years The oldest daughter would marry first Her husband would win the Silver Star for bravery during WWII and his brother would come within one boxing match of challenging Joe Louis for the world title The other daughters' lives would take different paths All had families of their own as the tides of life ebb and flow In 1990 Hollywood would write about one such incident in an Academy Award winning movie loosely based on fact and fiction Time transcends over five generations as we learn about loyalty and betrayal joy and sadness while struggling through dyslexia and autism Read about all sorts of mayhem and murder Plus alcohol and drugs gambling bookmaking and racketeering The Gloves starts as a tribute to a remarkable and selfless life That life belonged to my mother as she was one of the four daughters It continues however as an autobiography of one not so gifted
