Secrecy and Disclosure in Victorian Fiction Leila Silvana May, 2016-07-15 Why were the Victorians more fascinated with secrecy than people of other periods What is the function of secrets in Victorian fiction and in the society depicted how does it differ from that of other periods and how did readers of Victorian fiction respond to the secrecy they encountered These are some of the guestions Leila May poses in her study of the dynamics of secrecy and disclosure in fiction from Queen Victoria's coronation to the century's end May argues that the works of writers such as Charlotte Bront William Makepeace Thackeray Mary Elizabeth Braddon Edward Bulwer Lytton and Arthur Conan Doyle reflect a distinctly Victorian obsession with the veiling and unveiling of information She argues that there are two opposing vectors in Victorian culture concerning secrecy and subjectivity one presupposing a form of radical Cartesian selfhood always remaining a secret to other selves and another showing that nothing can be hidden from the trained eye May calls the relation between these clashing tendencies the dialectics of secrecy and disclosure May's theories of secrecy and disclosure are informed by the work of twentieth century social scientists She emphasizes Georg Simmel's thesis that sociality and subjectivity are impossible without secrecy and Erving Goffman's claim that sociality can be understood in terms of performativity the presentation of the self in everyday life and his revelation that performance always involves disguise hence secrecy May's study offers convincing evidence that secrecy and duplicity in contrast to the Victorian period s emphasis on honesty and earnestness emerged in response to the social pressures of class gender monarchy and empire and were key factors in producing both the Lucy Arlyn John Townsend Trowbridge, 1866 subjectivity and the sociality that we now recognize as Victorian

Hall,2017-02-22 Jane Austen's minor female characters expose the economic and social realties of British women in the long eighteenth century and reflect the conflict between intrinsic and expressed value within the evolving marketplace where fluctuations and fictions inherent in the economic and moral value structures are exposed Just as the newly minted paper money was struggling to express its value so do Austen's minor female characters struggle to assert their intrinsic value within a marketplace that expresses their worth as bearers of dowries Austen's minor female characters expose the plight of women who settle for transactional marriages become speculators and predators or become superfluous women who have left the marriage market and battle for personal significance and existence These characters illustrate the ambiguity of value within the marriage market economy exposing women's limited choices. This book employs a socio historical framework considering the rise of a competitive consumer economy juxtaposed with affective individualism
