Wittgenstein and Plato Luigi Perissinotto, Begoña Ramón Cámara, 2013-05-14 Wittgenstein was a faithful and passionate reader of Plato's Dialogues as confirmed by writings and witnesses Here well known scholars of Wittgenstein and Plato illuminate the relationship between the two philosophers both philologically and philosophically and provide new interpretation keys of two of the leading figures of Western thought **Ludwig Wittgenstein: The Early Wittgenstein** Stuart Shanker, David Kilfoyle, 2002 Wittgenstein scholarship has continued to grow at a pace few could have anticipated a testament both to the fertility of his thought and to the thriving state of contemporary philosophy In response to this ever growing interest in the field we are delighted to announce the publication of a second series of critical assessments on Wittgenstein emphasising both the breadth and depth of contemporary Wittgenstein research As well as papers on the nature and method of Wittgenstein's philosophy this second collection also relates to a broader range of topics including psychology politics art music and culture **Ludwig Wittgenstein** Stuart Shanker, David Kilfoyle, 2002 Wittgenstein scholarship has continued to grow at a pace few could have anticipated a testament both to the fertility of his thought and to the thriving state of contemporary philosophy In response to this ever growing interest in the field we are delighted to announce the publication of a second series of critical assessments on Wittgenstein emphasising both the breadth and depth of contemporary Wittgenstein research As well as papers on the nature and method of Wittgenstein's philosophy this second collection also relates to a broader range of topics including psychology politics art music and culture Ludwig Wittgenstein: The later Wittgenstein : from Philosophical investigations to On certainty Stuart Shanker, David Kilfoyle, 2002 Wittgenstein scholarship has continued to grow at a pace few could have anticipated a testament both to the fertility of his thought and to the thriving state of contemporary philosophy In response to this ever growing interest in the field we are delighted to announce the publication of a second series of critical assessments on Wittgenstein emphasising both the breadth and depth of contemporary Wittgenstein research As well as papers on the nature and method of Wittgenstein's philosophy this second collection also relates to a broader range of topics including psychology politics art music and culture

Ludwig Wittgenstein Wilhelm Vossenkuhl, 2003 Ludwig Wittgenstein ist einer der gro en europ ischen Philosophen und einer der wichtigsten dieses Jahrhunderts Wenige Denker interessieren und faszinieren so wie er nicht nur Philosophen Seine Werke geh ren ber den Textbestand der Philosophie hinaus zur Weltliteratur Sie beeinflus sen Literaten K nstler Psychologen und Sozialwissenschaftler Dabei sind seine Schriften alles andere als popul r geschrieben Wittgenstein ging weder in seinem Leben noch in seinem Schreiben Kompromisse ein Er war f r das Einfache aber nicht f r Vereinfachungen Die Reinheit und Klarheit seines Denkens bannt seine Leser vereinnahmt sie aber nicht Er bleibt auf Distanz und fordert

dazu auf selbst nachzudenken Nichts was aber durch die eigene Arbeit an seinen Texten rasch verständlich Manches erscheint leicht und klar erweist sich aber als schwer Aus beiden Gründen können wir von seinen Büchern mehr lernen als aus den meisten Lehrbüchern der Philosophie Wilhelm Vossenkuhl führt in das gesamte Denken Wittgensteins ein und macht sich dabei auch bisher nur teilweise veröffentlichte Manuskripte zunutze *The Philosophers : Their Lives and the Nature of their Thought* Ben-Ami Scharfstein Professor of Philosophy Tel-Aviv University, 1980-06-26 *Ghostwriting* Richard T. Gray, 2017-11-16 Ghostwriting provides the first comprehensive analysis of the fictional prose narratives of one of contemporary Germany's most recognized authors the migrant writer W G Sebald Examining Sebald's well known published texts in the context of largely unknown unpublished works and informed by documents and information from Sebald's literary estate this book offers a detailed portrait of his characteristic literary techniques and how they emerged and matured out of the practices and attitudes he represented in his profession as a literary scholar The title Ghostwriting signals the convergence in Sebald's works of a set of diverse historical questions philosophical views and literary practices Many historical ghosts haunt Sebald's narratives on the level of story Moreover Sebald's narrator plays the role of a ghostwriter in the profound sense that his stories fictionally re-enact the histories of obscure but once living individuals whose lives they revitalize and whose fates are tied up with the most virulent historical conjunctures of the modern world This study thus seeks to comprehend the constitutive elements of Sebald's poetics of history his implementation of literary tools for effective historical memorializing **Ethical Liberalism in Contemporary Societies** Krzysztof Wojciechowski, Jan C. Joerden, 2009 In July 2007 a conference entitled Ethical Liberalism in Contemporary Societies was hosted by the Collegium Polonicum in Świdnica Poland The conference was organised through collaboration between the Interdisciplinary Centre for Ethics at the European University Viadrina Frankfurt Oder and the Collegium Polonicum a joint institution of the European University Viadrina Frankfurt Oder and the Adam Mickiewicz University Poznań This volume collects the contributions to this conference The problematics of liberalism affects ethicists and philosophers not only in Europe but also in Latin America and the Middle East Scholars from these three regions met to discuss the role that the ethical aspect of liberal thought can play in the contemporary world They also approached ethical liberalism from a historical perspective Focusing on ethical liberalism's interconnectedness with politics globalisation and culture the conference participants not only elaborated on theoretical approaches but also turned their attention to empirical case studies This volume presents their thoughts and contributions which although naturally fragmentary are symptomatic of the present day and age *From Theory to Mysticism* Andreas Georgallides, 2018-11-27 This book focuses on the main constituent of the Bild theory of sentences in Wittgenstein's Tractatus the term object One of the things that attracts the reader of the Tractatus is that while there is use of the notion object the notion is not specified This book explains why the term object in the Tractatus is unclear by what difficulties and problems result because of this lack of clarity in the Tractatus c why the term object might be left unclear on purpose and d

how the paradoxical Tractatus continues functioning in a certain way Having in mind all of the above this book introduces the idea of a movement from a theory of language towards a kind of mysticism It will appeal to scholars interested in the philosophy of language and more specifically in Wittgenstein's Tractatus Das Familiengedächtnis der Wittgensteins

Nicole L. Immler, 2014-03-15 Welche Rolle spielen die Familienerinnerungen von Ludwig Wittgensteins Schwester Hermine bei der Entwicklung des Wittgenstein'schen Familiengedächtnisses Nicole L. Immler untersucht die Biographieforschung zu Wittgenstein und bietet eine quellenkritische Analyse seiner autobiographischen Reflexionen und deren Verknüpfung mit seinen philosophischen Gedanken Die Studie geht den Konstruktionsprinzipien von Erzählung Erinnerung und Identität nach zeigt die mitunter dramatischen Wechselwirkungen zwischen Autobiographie und Familiengedächtnis und die Verschränkungen von Texten von bzw. über Ludwig Wittgenstein Ein Buch über die Relevanz Wittgensteins für die Kulturwissenschaft

The Philosophers Ben-Ami Scharfstein, 1989 This highly readable volume offers a broad introduction to modern philosophy and philosophers Scharfstein contends that personal experience especially that of childhood affects philosophers' sense of reality and hence the content of their philosophies Basing his argument on biographical studies of twenty great philosophers from Descartes to Sartre he provides the beginnings of a psychological history of philosophy **Der Weg der Philosophie** Wolfgang Röd, 2009 **The Art of Interpretation** Wolfgang Loch, 2018-10-08 This book examines Freud's use and definition of interpretation as a therapeutic tool as well as views it from the philosophical perspective of meaning and its definition In addition it examines the later developments made by Klein and Bion Logisch-philosophische Untersuchungen Peter Philipp, 2020-10-12 Keine ausführliche Beschreibung für Logisch-philosophische Untersuchungen verfügbar On the Trail to Wittgenstein's Hut Ivar Oxaal, 2017-09-08 One of the most influential philosophers of the twentieth century Ludwig Wittgenstein and the roots of his monumental Tractatus are explored in this imaginative work Oxaal picks up on themes developed in an earlier work of his on Jews Anti-Semitism and Culture in Vienna adding to it special issues concerning Wittgenstein's experiences in Norway in 1913-14 where he worked on ideas that were completed during the war Oxaal situates the great philosopher in time place and attitude showing how his personal background came to bear on the writing of the Tractatus Wittgenstein has often been criticized for traces of solipsism and even mysticism and Oxaal also examines these issues in a volume that integrates ethnography nationality and cultural studies Oxaal sheds new light on the theme of Wittgenstein's Jewishness and develops a new appreciation of the Wittgenstein family and Wittgenstein's better known years in Vienna The author is unsparing in his observations about racism and pessimism in Berlin and Great Britain during the period in which Wittgenstein worked and studied at Cambridge The writing of the Tractatus spanned the First World War In the period immediately after its completion Wittgenstein found himself in The Hague where he was in discussions and disputes with Bertrand Russell Oxaal covers these problems sensitively and with an appreciation of ambiguities in the life of a great philosopher and the confusions caused by a post-war change in fortunes personal and

familial This work of an eminent social scientist and historian may not be the final statement on Wittgenstein but it most certainly must be considered in any serious assessments of an iconic figure of the twentieth century "Wir hoffen, jedes Jahr noch ein weiteres Symposium machen zu können" Christian Kanzian, Volker Munz, Sascha Windholz, 2013-05-02 Seit über 30 Jahren ist das Internationale Wittgenstein Symposium in Kirchberg am Wechsel sterreich veranstaltet von der sterreichischen Ludwig Wittgenstein Gesellschaft LWG eine fixe Größe in der Welt der Philosophie Mit dieser Festschrift zum 30.
