Sounds of liberty Kate Bowan, Paul A. Pickering, 2017-08-10 Throughout the long nineteenth century the sounds of liberty resonated across the Anglophone world Focusing on radicals and reformers committed to the struggle for a better future this book explores the role of music in the transmission of political culture over time and distance Following in the footsteps of relentlessly travelling activists women and men it brings to light the importance of music making in the lived experience of politics It shows how music encouraged unified divided consoled reminded inspired and at times oppressed The book examines iconic songs the sound of music as radicals and reformers were marching electioneering celebrating commemorating as well as striking rioting and rebelling and it listens within the walls of a range of associations where it was a part of a way of life inspiring nurturing though at times restrictive It provides an opportunity to hear history as it happened

Women and the People Helen Rogers, 2017-05-15 Based on extensive new research investigating the range of women's involvement in early nineteenth century popular politics mid Victorian reform and the women's movements of the late century *Women and the People* makes an original intervention in the historiography of the radical tradition by exploring the interconnections of populism liberalism and feminism Attending to authorship the study argues that the representational forms adopted by radicals were as important as the content of what they said in shaping their self perception their construction of others and the reception of their ideas In fiction poetry and autobiography as well as in political writing speeches and journalism women reworked radical conventions and imagined new models of political identity participation and authority Though in general radicals appealed to the people women were often positioned as the suffering objects of reform rather than as the agents of change By showing how they challenged or reinforced these conceptions of women and the people the book contends that radical women invoked alternative communities of sex class and nation and helped to remake and discipline the political sphere as they strove to make it their own **A Kind of Victory** Craig Wilcox, 2014-07-01

In 1899 on the eve of the Boer War Captain Charles Cox from Parramatta took 100 Australian cavalymen to train with the British army in England These military apprentices became British soldiers as well as Australian ones But everything went wrong Publicity got in the way of cavalry drill which in any case the Australians were allowed to shirk The debacle ended with Cox volunteering his little command for the Boer War with the British making him get the consent of his government and his men and finally with a murder on a lonely farm in South Africa There was no more talk of Australian fighting men morphing into colonial members of the British army Still the newspapers said the venture was a brilliant success that Australians had proved themselves natural warriors that the British Empire was stronger for what happened all of which Australians rejoiced to hear It was in the end a kind of victory **Chartist drama** Gregory Vargo, 2020-06-10 The first collection of its kind Chartist Drama makes available four plays written or performed by members of the Chartist movement of the 1840s Emerging from the lively counter culture of this protest campaign for democratic rights these plays challenged

cultural as well as political hierarchies by adapting such recognisable genres as melodrama history plays and tragedy for performance in radically new settings They include poet activist John Watkins s John Frost which dramatises the gripping events of the Newport rising in which twenty two Chartists lost their lives in what was probably a misfired attempt to spark a nationwide rebellion Gregory Vargo s introduction and notes elucidate the previously unexplored world of Chartist dramatic culture a context that promises to reshape what we know about early Victorian popular politics and theatre The Poetry of Chartism Mike Sanders,2009-03-05 This book explores the contribution made by Chartist poetry to the struggle for fundamental democratic rights **1848** Peter H. Wilson,2017-05-15 Europe was swept by a wave of revolution in 1848 that had repercussions stretching well beyond the Continent Governments fell in quick succession or conceded significant reforms before being rolled back by conservative reaction Though widely perceived as a failure the revolution ended the vestiges of feudalism broadened civil society and strengthened the state prior to the rapid industrialisation and urbanisation of the latter part of the nineteenth century This volume brings together essays from leading specialists on the international dimension national experiences political mobilisation reaction and legacy **Mark Lane Express** ,1909 *FDA Consumer* ,1992

Fixed Stars and Judicial Astrology George C. Noonan,2009-08 Perhaps the least understood and most misused elements in astrology today are the fixed stars Current practice is to consider the stars as no more than mini manifestations of the planets whose nature they are presumed to hold The locations of the stars projected onto the ecliptic are then considered valid points for aspectual relationships No special significance is attributed to the non zodiacal constellations nor is a star s location within a constellation given any weight whatsoever Finally modern astrology places no distinction on the use of the stars and constellations in genethliacal astrology and the other branches of the ancient art In this book the natures of the fixed stars and constellations as known by the classicists are discussed in detail Methods of delineating the fixed stars are indicated with special emphasis on the applications to judicial astrology Included are chapters on the nature of the fixed stars the northern southern and zodiacal constellations genethliacal applications of the fixed stars judicial astrology and three appendices with information on mathematics and rulership and a complete listing of the fixed stars **The Canadian National Record for Swine** ,1916 **Lives of Victorian Political Figures, Part II, Volume 4** Nancy LoPatin-Lummis,Michael Partridge,2021-03-24 Looks at the lives and politics of four of the key players in the independence and labour movements of the 19th century Daniel O Connell 1775 1847 Charles Stewart Parnell 1846 91 Michael Davitt 1846 1906 and James Bronterre O Brien 1805 64 Volume 4 looks at the life of James Bronterre O Brien *Women & Radicalism 19thc V1* Mike Sanders,2021-04-05 This important collection of writings is about and by women connected with social and political movements between 1799 1870 It also records the attitudes of the great radical reformers to the role of women in society and documents the vast cultural changes brought about by industrialisation The collection draws together the following key material Volume I contains an extensive collection of writings from 19th century periodicals reflecting the high

point of working class women's involvement in radical movements This collection will appeal to anyone with an interest in women's history and Victorian studies

Women in the Chartist Movement J. Schwarzkopf, 1991-10-31 Towards the end of the 1830s large numbers of British working men and women rallied round the People's Charter in order to improve their living conditions through universal suffrage Women's wide ranging support of Chartism encompassed everything from extensive lecturing tours to domestic servicing of politically active menfolk In this first full length study of women's involvement in Chartism the author demonstrates that in their struggle which lasted for more than a decade Chartist men and women enforced in their own ranks standards of respectable man and womanhood that were to shape working class gender relations well into this century

The Poetry of Ernest Jones Simon Rennie, 2016-05-20 As the last leader of the Chartist movement Ernest Charles Jones 1819-69 is a significant historical figure but he is just as well known for his political verse His prison composed epic *The New World* lays claim to being the first poetic exploration of Marxist historical materialism and his caustic short lyric *The Song of the Low* appears in most modern anthologies of Victorian poetry Despite the prominence of Jones's verse in Labour history circles and several major inclusions in critical discussions of working class Victorian literature this volume represents the first full length study of his poetry Through close analysis and careful contextualization this work traces Jones's poetic development from his early German and British Romantic influences through his radicalization imprisonment and years of leadership The poetry of this complex and controversial figure is here fully mapped for the first time

Lyric and Labour in the Romantic Tradition Anne F. Janowitz, 1998-08-06 *Lyric and Labour in the Romantic Tradition* first published in 1998 examines the legacy of Romantic poetics in the poetry produced in political movements during the nineteenth century It argues that a communitarian tradition of poetry extending from the 1790s to the 1890s learned from and incorporated elements of Romantic lyricism and produced an ongoing and self conscious tradition of radical poetics Showing how romantic lyricism arose as an engagement between the forces of reason and custom Anne Janowitz examines the ways in which this Romantic dialectic infected the writings of political poets from Thomas Spence to William Morris The book includes new readings of familiar Romantic poets including Wordsworth and Shelley and investigates the range of poetic genres in the 1790s In the case studies which follow it examines relatively unknown Chartist and Republican poets such as Ernest Jones and W J Linton showing their affiliation to the Romantic tradition and making the case for the persistence of Romantic problematics in radical political culture

Popular virtue Tom Scriven, 2017-06-19 *Popular virtue* is the first in depth study of the changing nature of moral politics within working class Radicalism between 1820 and 1870 Through study of the lives activism and intellectual influences of a number of key leaders of working class Radicalism this book highlights how Radicalism's attitudes to morality and everyday life shifted from a festive and libertarian culture that advocated sexual liberty and gender equality in the 1820s 30s to a more austere and ascetic politics that emphasized moral improvement temperance and frugality after the 1840s Despite the fracturing of this culture with the

decline of Chartism in the 1850s Popular virtue highlights how the moral politics of the 1840s possessed important legacies in not only the politics of Popular Liberalism and the Reform League but also in heterodox medicine and self help

William Cobbett, Romanticism and the Enlightenment James Grande, 2015-10-06 Cobbett was one of the greatest journalists of his day Following a career in the British army he began writing as the loyalist Peter Porcupine in the United States defending all things British against the French Revolution and its supporters This is the first collection on Cobbett and contains essays by scholars from a variety of disciplines Fight for Liberty and Freedom John Maynard, 2007 Opposition to the British colonisation of Australia did not spring from the Mabo decision or the Native Title Act nor was it born in the vibrant 1960s which culminated in the famous tent embassy in 1972 Rather the first politically organised and united all Aboriginal activist group was the Australian Aboriginal Progressive Association AAPA begun in 1924 under the leadership of Frederick Maynard For the first time Aboriginal people voiced their disapproval in public in a well organised way They opened offices in Sydney held street rallies conducted public meetings gained newspaper coverage wrote letters and petitions to Government at all levels and collaborated with the international black labor movement The AAPA s demands resonate today They centred on Aboriginal rights to land stopping Aboriginal children being taken from their families the acquisition of citizenship rights and defending a distinct Aboriginal cultural identity This form of resistance and organised action has now endured for more than seventy years and through a detailed exploration of the life of his grandfather John Maynard reveals the AAPA s invaluable legacy Bradwood Landing Project , 2008 **Chartism and the Chartists in Manchester and Salford** P. Pickering, 1995-09-27 In 1845 Frederick Engels wrote that Manchester is the seat of the most powerful unions the central point of Chartism the place which numbers the most Socialists There have been many local studies of the Chartist struggle for democratic political reform but there is no major study of the movement in the Manchester Salford conurbation its most important provincial centre This book brings an innovative approach to an exploration of aspects of the Chartist experience in the shock city of the industrial revolution
