Theological Anthropology and the Great Literary Genres Michael P. Jensen, 2019-08-23 The storytelling impulse lies very deep within human cultures indeed it is fundamental to the very concept of human culture itself What then is humankind according to the great story types of tragedy epic and comedy What do each of these genres say about us and what transcends us Building on critical discussions of the great genres of the Western literary tradition Michael P Jensen argues that each of these genres contains a theo anthropology a theological understanding of the human creature He then shows how questions of identity purpose and destiny are addressed within each genre concluding that human existence is a storied nature shaped by the various literary forms that have fostered human cultural imagination These genres provide crucial keys to vital anthropological and theological questions when put in conversation with Christian theology as Jensen shows the

Christian story the gospel shares many observations about the human condition with the great genres but offers a different sense of ending

Barbarians in the Boardroom Owen Walker, 2016-06-07 Activist investors have sent shockwaves through corporations in recent years personally targeting directors and executives at some of the world's largest companies No longer satisfied with operating on the fringes of business they are now a firm fixture in the boardroom Up to a quarter of public companies could be targeted by activist campaigns in the coming years with directors and executives at those corporations threatened with losing their jobs The trend which began in corporate America has spread to the UK Europe and Asia taking in several high profile companies

Not the Way It's Supposed to be Cornelius Plantinga, 1995 Plantinga's goal is to present a brief account a breviary of the nature and dynamics of sin and to renew our knowledge of a persistent reality He defines sin as the destruction of shalom the peace and harmony and blessedness God intended for creation Creation is no longer the way it's supposed to be Plantinga describes how sin corrupts what is good and how such corruption spreads He discusses the parasitic quality of sin and the ironies and pretenses generated by this quality He examines the relation of sin to folly and addiction He concludes by describing two classic postures or movements of sin attack and flight An epilogue reminds us that whatever we say about sin also sharpens our eye for the beauty of grace

Journey of An American Muslim A. Opio Masud, 2010-09-10 Journey of an American Muslim is an epic journey into the life of the author It s a biography that is uncompromising in its authenticity and honesty Muslims and non Muslims will appreciate its candor as the author shares his experiences in the four phases of his development into his life as a Muslim in America In this book you will discover The major influences that encouraged the Author to study and later become a Muslim How the Author transitioned from being a very zealous Muslim in the beginning to discovering spirituality while taking more risks in his practice of the Muslim life to becoming an open minded truth seeker who happens to be Muslim In candid detail how the Author survived multiple marriages learning experiences the loss of two good paying professional jobs foreclosure of his home and working at Wal Mart for 3 1 2 years earning what he considers survival income Journey of an American Muslim is a personal journey and an odyssey of major proportions for any human being Muslim or non Muslim to have to experience One wonders how one could survive such a personal drama financial upheaval and professional setbacks This author not only experienced the epic journey but lived to tell about it

Not on Fire, but Burning Greg Hrbek, 2015-09-29 Twenty year old Skyler saw the incident out her window Some sort of metallic object hovering over the Golden Gate Bridge just before it collapsed and a mushroom cloud lifted above the city Like everyone she ran but she couldn t outrun the radiation with her last thoughts being of her beloved baby brother Dorian safe in her distant family home Flash forward to a post incident America where the country has been broken up into territories and Muslims have been herded onto the old Indian reservations in the west even though no one has determined who set off the explosion that destroyed San Francisco Twelve year old Dorian dreams about killing Muslims and about his sister even though Dorian s parents insist Skyler never existed Are they still shell shocked trying to put the past behind them or is something more sinister going on Meanwhile across the street Dorian s neighbor adopts a Muslim orphan from the territories It will set off a series of increasingly terrifying incidents that will lead to either tragedy or redemption for Dorian as he struggles to prove that his sister existed and was killed by a terrorist attack Not on Fire but Burning is unlike anything you re read before not exactly a thriller not exactly sci fi not exactly speculative fiction but rather a brilliant and absorbing adventure into the dark heart of an America that seems ripped from the headlines But just as powerfully it presents a captivating hero A young boy driven by love to seek the truth even if it means his deepest beliefs are wrong

Modernity - An Ethnographic Approach Daniel Miller, 2020-08-19 From cultural studies sociology media studies gender studies and elsewhere there have been a spate of books recently which have attempted to characterize the state of modernity Many of these have also argued that what is required is an ethnographic

work to determine how far these supposed trends actually apply to a given population This book explicitly accepts this challenge and in so doing demonstrates the potential of modern anthropology studies It starts by summarizing some debates on modernity and then argues that the Caribbean island of Trinidad is particularly apt for such a study given the origins of its population in slavery and indentured labour both forms of extreme social rupture The particular focus of this book is on mass consumption and the way goods and imported images such as soap opera have been used to express and develop a number of key contradictions of modernity It will be of interest to anthropologists looking for a new potential for the discipline as well as students in other fields who will be interested in the new contribution of anthropology to their debates
