Not A Long Shot:

Not By a Long Shot T.D. Thornton, 2007-08-05 The great myth of horse racing is that the game is the regal and royal Sport of Kings It isn't Not by a long shot Anyone who doubts this need look no further than Suffolk Downs a once proud racecourse graced in its glory years by boisterous throngs and champions such as Seabiscuit Now the blue collar East Boston track is one of many that have fallen on hard times These days Sufferin' Downs is where grizzled Thoroughbreds come to end their careers hopeful young jockeys aspire against daunting odds to begin them and diehard fans cheer, curse and gamble on the entire fascinating spectacle These bit players are not just cogs of a single struggling horse track They are the unseen supporting cast for a 15 billion betting industry In fifteen years as a racing reporter and press box personality T D Thornton gained access to remote corners of racetrack life off limits to the general public He got to know the raucously Runyonesque characters and the quirky personalities of the horses he learned the tricks of the trade from trainers, owners and jockeys he witnessed the tragedies and small triumphs of racing lives lived below the radar One recent season he finally decided to write it all down Not by a Long Shot is a deeply textured portrait of an industry where even the best in the business lose 75 percent of the time

Longshot David Heath, 2022-01-18 This is the incredible story of the scientists who created a coronavirus vaccine in record time In Longshot investigative journalist David Heath takes readers inside the small group of scientists whose groundbreaking work was once largely dismissed but whose feat will now eclipse the importance of Jonas Salk's polio vaccine in medical history With never before reported details Heath reveals how these scientists overcame countless obstacles to give the world an unprecedented head start when we needed a COVID 19 vaccine The story really begins in the 1990s with a series of discoveries that were timed perfectly to prepare us for the worst pandemic since 1918 Readers will meet Katalin Karik who made it possible to use messenger RNA in vaccines but struggled for years just to hang on to her job There's also Derrick Rossi who leveraged Karik's work to found Moderna but was eventually expelled from his company And then there's Barney Graham at the National Institutes of Health who had a career long obsession with solving the riddle of why two toddlers died in a vaccine trial in 1966 a tragedy that ultimately led to a critical breakthrough in vaccine science With both foresight and luck Graham and these other crucial scientists set the course for a coronavirus vaccine years before COVID 19 emerged in Wuhan, China The author draws on hundreds of hours of interviews with key players to tell the definitive story about how the race to create the vaccine sparked a revolution in medical science

Zach Graumann,2022-05-24 In Longshot Andrew Yang s campaign manager takes you on a tour through the ups the downs and the math of Yang s 2020 campaign for president and shares the playbook his team used to navigate the attention economy Andrew Yang did not win the 2020 Democratic primary let alone the presidency of the United States But chances are you know who Andrew Yang is and you may well be part of the 75 percent of Americans who now support Universal Basic Income both facts that would have seemed beyond unlikely at the start of Yang s campaign That campaign was helmed by Zach Graumann entrepreneur marketing expert and at the time political nonentity In fact when Graumann joined Yang 2020
