Literature, Modernism, and Dance Susan Jones,2013-08 Literature Modernism and Dance explores the complex reciprocal relationship between literature and dance in the modernist period *Ancestor Worship and the Elite in Late Iron Age Scandinavia* Triin Laidoner,2020-01-14 Ancestor worship is often assumed by contemporary European audiences to be

an outdated and primitive tradition with little relevance to our societies past and present This book questions that assumption and seeks to determine whether ancestor ideology was an integral part of religion in Viking Age and early medieval Scandinavia The concept is examined from a broad socio anthropological perspective which is used to structure a set of case studies which analyse the cults of specific individuals in Old Norse literature The situation of gods in Old Norse religion has been almost exclusively addressed in isolation from these socio anthropological perspectives The public gravemound cults of deceased rulers are discussed conventionally as cases of sacral kingship and more recently religious ruler ideology both are seen as having divine associations in Old Norse scholarship Building on the anthropological framework this study introduces the concept of superior ancestors employed in social anthropology to denote a form of political ancestor worship used to regulate social structure deliberately It suggests that Old Norse ruler ideology was based on conventional and widely recognised religious practices revolving around kinship and ancestors and that the gods were perceived as human ancestors belonging to elite families

The Literary Gazette ,1839 Europe and the Wolf Sara Nadal-Melsió,2025-04-15 How the work of several contemporary artists illuminates and challenges the policing of European borders and identity In this stunningly original book Sara Nadal Melsi explores how the work of several contemporary artists illuminates the current crisis of European universalist values amid the brutal realities of exclusion and policing of borders The wolf is the name Baroque musicians gave to the dissonant sound produced in any attempt to temper and harmonize an instrument Europe and the Wolf brings this musical figure to bear on contemporary aesthetic practices that respond to Europe s ongoing social and political contradictions Throughout Nadal Melsi understands Europe as a conceptual problem that often relies on harmonization as an organizing category The wolf as an emblem of disharmony incarnated in the stranger the immigrant or the refugee originates in the Latin proverb man is a wolf to man This longstanding phrase evokes the pervasive fear and even hatred of what is foreign unknown or beyond the borders of a community The book follows the wolf in a series of relays between the musical the visual and the political and through innovative readings of artworks by among others Carles Santos Pere Portabella Allora Calzadilla and Anri Sala Traversed by the musical these artworks as well as Nadal Melsi s writing present unstable symbolic and material ensembles in an array of variations of political possibilities and impossibilities that evade institutions intolerant of uncertainty and wary of diversity
