 without words or machines set in motion civilization s long winding journey to the present Thirty thousand years ago in the
 heart of the African continent and in the shadow of Mount Kilimanjaro lived the Ibandi who for generations nurtured their
 ancient traditions and met survival s daily struggle with quiet faith in their gods T Cori an abandoned girl and Frog Hopping
 a boy possessing a gift that is also a curse are two of the Ibandi s chosen ones Though they live in different encampments
 Frog and T Cori are linked through the mysterious medicine woman known as Stillshadow who has sensed in them a destiny
 apart from others Through the years and on their separate paths T Cori s and Frog s fates entwine as an inevitable disaster
 approaches from the south from the very god they worship For as long as there have been mountain sky and savannah there
 has been a home for the Ibandi Now in the face of an enemy beyond anything spoken of even in legend they must ask their

 to bring their characters to life but there are limits When it all began one fateful life changing night those limits were not
 only exceeded but banished to the other side of the universe forever One moment it was a story about she devils and Satan
 then a storm with strange red lightning hit the village and suddenly the novel became a biography Neither Mika or Raven
 realised it was just the beginning of their spectacular new lives or that their destinies were being shaped by an ancient scribe
