## **Ravens Child:**

**The Singing Tradition of Child's Popular Ballads. (Abridgement)** Bertrand Harris Bronson, 2015-03-08 Francis James Child's English and Scottish Popular Ballads published in ten parts from 1882 to 1898 contained the texts and variants of 305 extant themes written down between the thirteenth and nineteenth centuries. Unsurpassed in its presentation of texts, this exhaustive collection devoted little attention to the ballad music that was filled by Bertrand Harris Bronson in his four-volume *Traditional Tunes of the Child Ballads*. The present book is an abridged one-volume edition of that work, setting forth music and text for proven examples of oral tradition with a new comprehensive introduction. Its convenient format makes readily available to students and scholars the materials for a study of the Child ballads as they have been preserved in the British American singing tradition. Originally published in 1977, *The Princeton Legacy Library* uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

**The Uncanny Child in Transnational Cinema** Jessica Balanzategui, 2025-10-01 *The Uncanny Child in Transnational Cinema* illustrates how global horror film depictions of children re-conceptualised childhood at the turn of the twenty-first century. By analysing an influential body of transnational horror films largely stemming from Spain, Japan, and the US, Jessica Balanzategui shows how millennial uncanny child characters resist embodying growth and futurity, unravelling concepts to which the child's symbolic function is typically bound. The book proposes that complex cultural and industrial shifts at the turn of the millennium resulted in these potent cinematic renegotiations of the concept of childhood. By demonstrating both the culturally specific and globally resonant properties of these frightening visions of children who refuse to grow up, the book outlines the conceptual and aesthetic mechanisms by which long-entrenched ideologies of futurity, national progress, and teleological history started to waver at the turn of the twenty-first century.

**Monstrous Children and Childish Monsters** Markus P.J. Bohlmann, Sean Moreland, 2015-03-06 Perhaps because of the wisdom received from our Romantic forbears about the purity of the child, depictions of children as monsters have held a tremendous fascination for film audiences for decades. Numerous social factors have influenced the popularity and longevity of the monster child trope, but its appeal is also rooted in the dual concepts of the child-like innocent/angelic and the childish selfish/mischievous. This collection of fresh essays discusses the representation of monstrous children in popular cinema since the 1950s, with a focus on the relationship between monstrosity and childness, a term whose implications the contributors explore.

**The Family of Ravenscroft** William Ravenscroft, Raymond Bathurst Ravenscroft, 1915

*Jack-en-Ravens Tale* Jon Hill, 2022-05-04 Two lost souls in quiet desperation rediscover lost love in a chance meeting more than a childhood crush. Mind you, Jack risks it all to

be with our young Raven through twists and turns trial and tribulation oh and a few misfits along the way Our young lovers are determined to be together no matter their fate

**The Late Victorian Folksong Revival** E. David Gregory, 2010-04-13  
 In *The Late Victorian Folksong Revival: The Persistence of English Melody 1878-1903* E. David Gregory provides a reliable and comprehensive history of the birth and early development of the first English folksong revival. Continuing where Victorian Songhunters' first book left off, Gregory systematically explores what the Late Victorian folksong collectors discovered in the field and what they published for posterity, identifying differences between the songs noted from oral tradition and those published in print. In doing so, he determines the extent to which the collectors distorted what they found when publishing the results of their research in an era when some folksong texts were deemed unsuitable for polite ears. The book provides a reliable overall survey of the birth of a movement, tracing the genesis and development of the first English folksong revival. It discusses the work of more than a dozen song collectors, focusing in particular on three key figures: the pioneer folklorist in the English west country, Reverend Sabine Baring Gould; Frank Kidson, who greatly increased the known corpus of Yorkshire song; and Lucy Broadwood, who collected mainly in the counties of Sussex and Surrey and with Kidson and others was instrumental in founding the Folk Song Society in the late 1890s. The book includes copious examples of the song tunes and texts collected, including transcriptions of nearly 300 traditional ballads, broadside ballads, folk lyrics, occupational songs, carols, shanties, and national songs, demonstrating the abundance and high quality of the songs recovered by these early collectors.

*Quine's Philosophy* Gary Kemp, 2023-08-24  
 W. V. Quine is one of the leading figures of 20th-century analytic philosophy and still among the most influential. But his work can be challenging and complex and indeed often misunderstood. In this updated introduction to Quine's thought, Gary Kemp examines his seemingly disparate views as a unified whole and offers a valuable guide for anyone approaching Quine for the first time. Informed by current debates and updated throughout, this edition now includes thoroughly revised and expanded text, more references to commentaries, secondary literature, and works by Quine. Suggestions for further reading. Newly introduced material on Empirical Content, Explication, Nominalism, The Purported Third Dogma, Theoreticity, Natural Selection, and Linguistics. Historical notes on Quine's relation to his predecessors and contemporaries. Paying close attention to Quine's seminal works, including *Word and Object* and *Philosophy of Language*, Kemp explains how his philosophy relates to thinkers including Rudolf Carnap and Wittgenstein, as well as to more recent figures such as Donald Davidson and Noam Chomsky. Kemp clearly and accurately emphasizes the systematic nature of Quine's thought as one of naturalism. He advances our understanding of Quine and attests to his ongoing influence in philosophy of science, logic, language, ontology, and epistemology. This unique introduction to Quine's philosophy is recommended for any student interested in Quine and the history of analytic philosophy.

**The Child's own magazine**, 1855  
**In the Forest Grim** Cate Fricke, 2015-01-01  
 Hansel and Gretel are lost and have no choice but to sleep in the forest until morning. But the forest grim is not safe for sleeping children: a dream-collecting witch is on the hunt for

nightmares to stock her shelves As Hansel and Gretel slumber their dreams come alive and four of the Grimm brothers most menacing tales including The Robber Bridegroom and The Juniper Tree unfold onstage Drama Full length 60 65 minutes 10 60 actors gender flexible      *A Child's Book of Saints* William Canton,1907      *Children and Young People's Response to Parental Illness* David Morley,Xiaoming Li,Crispin Jenkinson,2016-09-15 Assessment of the impact of parental illness has gathered significant momentum over recent years This book provides an up to date guide for a variety of professionals on how a range of conditions might impact upon children and young people Each chapter provides an overview of current literature an evaluation of relevant interventions an in practice section that provides guidance for readers in terms of best practice and future research directions Although the primary focus of the book is directed at children s and young people s response to their parent s condition the challenges of parenting are also frequently highlighted Additionally the text provides an overview of measurement issues when investigating children s and young people s response to parental illness      Mrs. Raven's temptation, by the author of 'Dr. Hardy's marriage'.
