Reaching Out For Lifes Best:

Reaching Out to America Alberta Riley, 2002-04-23 *Reaching Out to America* is a book that teaches people all over America about what really matters on this earth to believe in themselves how to succeed in life how to be strong and how to fulfill their inner selves Even as a spiritually fired up person we can all make it just as long as we stay strong and try our best to succeed Sometimes you have to go through the bad times to get to the good times For just when one says Enough is enough one must find the solution to the problem to make it on this earth To be all I can be no matter what one must take the blindfold off ones eyes so one can see her future The author states As I grow older I can teach the younger generation to come because they are the future in this world too All should reunite and make a difference in this world so that we can learn from each other and hear one another s voice Love is more important in life because when we die we can t take materialistic things with us So why treat each other bad when we can love each other and not go against each other Anger doesn t solve anything and creates chaos in one s life When love is more important in one s life one can look on the bright side of life and continue on doing what Jesus would want one to do We were all place on this earth for a purpose we must look to fulfill that purpose so we don t get left behind in society today Jealousy hatred and envy won t get one anything but chaos in one s life and later on Satan just throwing one away So it s not to be that way because God didn t make us to be that way He made us for a purpose and we must look at life that way So why not help one another It is the only right way in God s eyes because He looks at everything we do and we sure don t anything to catch up with us

Reaching Out Henri J. M. How To Get Out of Love :

Move Ahead In Life Salim Khan Anmol,2024-04-13 How do you leave someone you still love A difficult reality is when you love someone but know you need to leave them In some cases love isn't enough to maintain a relationship Countless factors can influence whether you stay with someone for life or break up to look for someone more suited to your needs Sometimes it feels impossible to leave someone whom you still deeply love Maybe you know it's not working and you want to stop loving them but your heart stubbornly holds on Sometimes people accept relationships even if they know it's not right because they don't think they will find something better Remind yourself of what you deserve and don't be afraid to go after it Building up your confidence can help Remember to participate in your own activities and adventures outside of your love interest This can allow you to remain an individual While it can be difficult to hurt someone by letting them go you are ultimately only responsible for your own feelings and reactions There's no reason to be ashamed of doing what's healthiest for you Breakups can be painful but they can also be some of the most pivotal moments of your life Being clear and honest with the other person can help both of you experience an amicable parting of ways 1 Write down why it didn't work and the ways you weren't happy and keep that list with you Read it when you inevitably start thinking of all the reasons why you miss them and why they were so perfect for you We all romanticize the love we once had but if and when we get it back we realize that it's just the same as it was When it comes to the past nothing changes but how we view it Be conscious of that 2 Learn to differentiate between love lust and attachment Now I'll argue that love actually is a deep form of attachment but in many ways these three can be different unique experiences that don't add up to enough cause for spending the rest of your life with someone It's okay to be in lust It's okay to be attached You don't have to be forever though 3 Realize that relationships aren't supposed to make you feel good as much as they are supposed to teach you something and to help you grow Allow someone to be part of your story and not the tragic final scene Take from it what you need to learn If it showed you all the unloving parts of yourself work on those that's what it was supposed to do We have a tendency to exacerbate relationships by the way in which we categorize them as good bad or ugly and yet for some reason no matter which way we go we always want to hold on for just a little bit longer 4 Cut off all contact You can't pick and choose right now and it's great if you can get into a friendship one day but until your feelings have faded you need to take some distance This is absolutely essential Stop checking their social media don't ask friends about how they're doing You don't have to be a jerk about it and you can politely let them know that it's best for you to take some time away from them although it usually doesn't go that smoothly it's important that it's said and followed through with regardless 5 Let yourself be sad Resisting it makes it worse than it is Give yourself time to mourn and grieve the loss of someone who was a big part of your life Then let them go and love yourself enough to let yourself go too As in let yourself walk away from them in the metaphorical sense Nobody else will give you permission 6 Don't get frustrated when your thoughts inevitably keep drifting back to that person Just let them recess and pass This is really how you should deal with all of your negative thoughts but doing so becomes increasingly difficult when

the subject matter is something you want to cling onto like an addict You have to embrace the fact that letting those thoughts wash over you and fade is the best thing you can do for yourself and for your post relationship relationship 7 Don t expect to get over them if you re sitting in your bed all day thinking about them Get out and do what you love go visit friends you ve lost touch with Fall in love with other things and people and yourself There are more loves in your life other than just romantic and when you learn to enchant yourself with them you find yourself needing a significant other less and less 8 Embrace that you may never get over them but let them be a part of your story anyway Not every love has to result in a vow to spend forever together and it doesn t mean that what you had wasn t real or worthwhile or beautiful Part of the story can be that you simply always loved them even long after you were over and you know what If you ask me no matter how it turns out in the long run that is the most beautiful thing you can experience loving someone despite everything The only catch is you have to be able to do it in an accepting way or you ll bury yourself in your heartache for the rest of your life 9 Start to detach yourself Something we all have to come to terms with is the fact that we attach ourselves to other people in light of what we think they can provide for us whether it s subconscious or not we go into near panic mode when they leave us because we don t know how we ll get by But we will because we always do 10 Learn to take your feelings and channel them into fuel to propel you toward something greater If anything motivate yourself to succeed in spite of them It s not the most positive way of going about things and I do believe you should really do things for yourself but for now while you re struggling it s not the worst way to cope Let them do what they came into your life to do make you better however doing so played out
