Reaching The Aged Social Services In Forty Four Contries:

Ageing and the Care of Older People in Europe Richard Hugman, 1994-08-23 As the population of all European countries ages rapidly understanding the phenomenon of ageing and social responses to old age has become a vital contemporary issue The diverse ways in which old age is seen across Europe are compared and different forms of care for the needs of older people are examined With the demise of large institutions and increasing demands on families and on domiciliary care the question of inter generational relations is seen as a key element in the future of old age It is argued that much is to be learned from cross national comparisons in developing social responses to old age **International**

Perspectives on State and Family Support for the Elderly Scott Bass, Jill Norton, Robert Morris *Deceased*, 2013-12-02 Within the context of long range planning this book examines the changing responsibilities of the state and family toward elders in different societies around the world International Perspectives on State and Family Support for the Elderly presents a fresh range of lucid analyses of family caregiving policy from Canada the United States Sweden the United Kingdom Hong Kong Austria Denmark Israel and the People s Republic of China Different institutional structures levels of economic development and cultural values among other factors impact policy development in various countries With the information examined in this book readers can gain an understanding of elder care in other societies which can help them in developing policies for their own countries Authors of International Perspectives on State and Family Support for the Elderly address questions such as Who is responsible for caring for the aged What are the policy issues that determine how such care is handled in various countries Are the underlying principles upon which policy is based changing Who pays for the care of the aged What is the balance of the roles of government family and community Along with these questions authors discuss the importance of family care the well being payment and rights of informal caregivers providing services for informal caregivers shifting the burden of care from formal organizations to families the effects of governmental frameworks on caregiving the impact of the political agenda on caregiving caregiving and the welfare state International Perspectives on State and Family Support for the Elderly contains information for all professionals interested or involved in developing policy for the elderly Demographers sociologists social workers health care and public health professionals gerontologists and advanced students in these fields will find this book a helpful guide in their studies Old-age Security in Comparative Perspective John B.

Williamson, Fred C. Pampel, 1993 This book examines a central element of social welfare old age security exploring the history of policies in both developed and underdeveloped countries to assess their structure ideology and effectiveness The authors test five theoretical perspectives on old age security policy in four industrial nations the United States the United Kingdom Sweden Germany and three developing countries India Nigeria Brazil challenging the view that old age policy is the outcome of class conflict between capital and labour Instead the authors adopt a neo pluralist perspective which emphasizes the influence of ethnic religious and regional groups as well as the grey lobby over that of class based groups The authors

attempt to test ideas derived in part from these historical case studies by analysing quantitative data from a broader sample of countries 18 industrial nations and 32 developing nations and they use these results to anticipate future policy developments in the U S

The Graying of the World Laura Katz Olson, 1994 This unique book studies America s frail older population relative to the elderly in ten other nations It contains a cross national assessment of approaches to long term care for the elderly and explains the nature and extent of current and future problems related to caring for the functionally impaired elderly By studying and analyzing the ongoing struggles of other nations in their attempts to cope with growing populations of frail elderly readers in the U S can expand the parameters of their own national debate on the subject The Graying of the World shows the political economic and social context in which decisions on elder care are based and evaluates how successful various countries programs have been Chapters outline alternative approaches taken by disparate types of national systems highlighting unique and creative solutions to provide useful information on new and alternative ways to respond to personal and public issues related to elder care The elderly and their care in Finland France Germany Great Britain Israel Japan People s Republic of China Sweden and Yugoslavia are discussed as are the elderly in Canada and the United States Chapters cover the following topics for each country the increasing number of frail elderly and their costly health needs the current and future role of the state in elder care the current and future role of the family in elder care types of support services offered for the elderly including in home care community based care and institutional care the

relationship of a nation's political economy to its attitude and policy on long term care innovative approaches to elder care Practitioners decision makers and the concerned general public will all find *The Graying of the World* an interesting and informative book that expands the discussion of health care options available for the elderly As such the book is also a helpful text for undergraduate and beginning graduate students of gerontology public policy and comparative politics as well as for social service practitioners It provokes much needed conversation on developing a healthcare plan for the future that meets the needs of a large elderly population

How Policies Change John Creighton Campbell, 2014-07-14 Japan is aging rapidly and its government has been groping with the implications of this profound social change In a pioneering study of postwar Japanese social policy John Creighton Campbell traces the growth from small beginnings to an elaborate and expensive set of pension health care employment and social service programs for older people He argues that an understanding of policy change requires a careful disentangling of social problems and how they come to be perceived the invention or borrowing of policy solutions and conflicts and coalitions among bureaucrats politicians interest groups and the general public The key to policy change has often been the strategies adopted by policy entrepreneurs to generate or channel political energy To make sense of all these complex processes the author employs a new theory of four modes of decision making cognitive political artifactual and inertial Campbell refutes the claim that there is a unique Japanese style welfare state Despite the big differences in cultural values social arrangements economic priorities and political control government responsibility for the aging society problem is broadly similar to that in advanced Western nations However Campbell's account of how Japan has taken on that responsibility raises new issues for our understanding of both Japanese politics and theories of the welfare state Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Handbook of International Social Work Lynne M. Healy, Rosemary J. Link, 2012 Global knowledge is increasingly essential for all aspects of social work Today's professionals respond to concerns including permeable borders the upheavals of war displaced workers natural disasters international adoption and human trafficking Everywhere social workers work with service users and colleagues from diverse cultures and countries Globally relevant concepts such as human rights development and inclusion offer new perspectives to enhance policy and practice and facilitate the international exchange of ideas This handbook is the first major reference text to provide a solid foundation of knowledge for students and researchers alike The extensive collection of 73 chapters confirms the integral and necessary nature of international social work knowledge to all areas of practice policy and research Chapters systematically map the key issues organizations competencies training and research needs and ethical guidelines

central to international social work practice today emphasizing the linkages among social work development and human rights practice In depth country case studies and policy examples encourage readers to understand how their practice in social work touches on international issues regardless of whether the work is done at home or abroad Representing all regions of the world a wide range of contributors that are leaders in their fields have put together an exhaustive collection that represents the state of play of international social work today

Old Age and the Welfare State Anne Marie Guillemard,1983 The modern welfare state is above all a welfare state for the elderly An overwhelming proportion of its services and benefits go to them The current crisis of the welfare state is also therefore a crisis of policy concerned with the aged The essays in this volume examine not only interventions by governments on behalf of the old but the very basis and history of the welfare state itself From a variety of perspectives ranging from structural functionalism to neomarxism they examine old age policy in six advanced industrial nations the United States Canada Great Britain Italy West Germany and France The essays in Part One deal with the process of making public policy on old age and changes in it during the current economic crisis Contributions in the second part examine the impact of existing policies on older people The focus of the essays on social economic and political aspects amounts to a new approach in gerontology that has been called by some the political economy of ageing This book is unique in providing research on the relationship between old age policy and the larger class structure economy and state apparatus of more than one country It will become a classic in the field and an example of how sociology can be relevant to deal with our current social and economic crisis Manuel Castells University of California at Berkeley

Beyond Good Company B. Googins,P. Mirvis,S. Rochlin,2016-04-30 The authors have conducted extensive research into the role of business in public life This book takes a practice oriented look at corporate citizenship and uses real behind the scenes examples from well known companies to show that for many firms social responsibility is becoming more integrated into corporate strategy
