Thomas NICHOLAS (M.A. Ph.D.)

Read Or Die:

Read Or Die Daphne Russell, 2018-05-16 I look forward to the day I see yellow caution tape stretched around my students neighborhoods the chalk outline of apathy on the ground crushed by the weight of a thousand books Until then I treat each day as if books are EpiPens and every student has a shellfish allergy with a mouth full of shrimp Most of the students in Daphne Russell s reading class have never read an entire book and they can t relate to Harry Potter and his magic wand Abel is twenty eight days behind everyone else and he needs enough books inside him to get his lungs to work again mend his shattered heart and kick the shit out of apathy In her memoir Read or Die Russell documents her daily battle as a middle school teacher in Tucson Arizona fighting against predetermined trajectories of less than beliefs with an arsenal of hard covers and tattered pages A talented and caring teacher Russell offers a moving portrayal that combines rich autobiographical details with firsthand insight into the world of education Read or Die is not only a compelling story but also offers revealing and meaningful insights into education in America from a seasoned insider **Read or Die: R.O.D Official**

Why Christianity Must Change or Die John Shelby Spong, 2009-10-13 An important and respected voice for liberal American Christianity for the past twenty years Bishop John Shelby Spong integrates his often controversial stands on the Bible Jesus theism and morality into an intelligible creed that speaks to today's thinking Christian In this compelling and heartfelt book he sounds a rousing call for a Christianity based on critical thought rather than blind faith on love rather than judgment and that focuses on life more than religion

Case Closed, Vol. 10 Gosho Aoyama, 2006-03-21 Can Detective Conan crack the case while trapped in a kid's body When ace high school detective Jimmy Kudo is fed a mysterious substance by a pair of nefarious men in black poof He is physically transformed into a first grader Until Jimmy can find a cure for his miniature malady he takes on the pseudonym Conan Edogawa and continues to solve all the cases that come his way A diplomat is found dead in his study and Conan's on the case But what exactly happened The elder statesman was definitely murdered but the door and windows to his private chamber were all locked from the inside How in the world did the killer escape And as if that wasn't bad enough Conan and his pals get swept up in a missing person caper at the local library Murder kidnapping and drug smuggling aren't exactly the sorts of things condoned by librarians What's the connection Conan thinks he knows the answer but he's got more pressing things to worry about like escaping the deadly grasp of the fiendish miscreant

Why Johnny Still Can't Read or Write or Understand Math Andrew Bernstein, 2022-08-23 Stephen King A piker no horror story is as harrowing as Andrew Bernstein's must read Why Johnny Still Can't Read or Write or Understand Math Bernstein tears the genteel cover off the educational

system and reveals the truly shocking extent of the destruction that has been wrought by fashionable Leftist educational theories the con men quacks and psychopaths who have gained control of American public education over the last few decades and the public educational system's addiction to taxpayer funding and the latest societal trends no matter how damaging they are to children But Bernstein doesn't just leave us screaming he also offers a practical readily applicable program for taking back the educational system and saving our children from these lunatics If you have children in school this is essential reading And even if you don't but care about the future of society you must not miss this all important book Robert Spencer bestselling author of *The History of Jihad Did Muhammad Exist* and *The Critical Qur'an* Coming out of the COVID 19 pandemic parents across the nation grapple with a new and horrifying understanding of just how bad our educational system has become It all adds up to a system that seems hopelessly terribly and irrevocably broken But as an educator and author Andrew Bernstein reminds us that American education in the nineteenth through early twentieth century was superb This nation once knew how to turn out the brightest most resourceful and independent thinking people the world had ever seen We can do it again
