SPANISH-SPEAKING STUDENTS Elva Duran,2013-04-01 Students whose first language is not English are the fastest

growing group in public schools in all regions of the United States Almost 10 million children between the ages of five and 17

live in the homes and communities in which a language other than English is spoken and presently most schools in the U S

are under educating many English learners The achievement of Hispanic students needs to improve dramatically over the

next five years and this book describes the cornerstone elements for bringing about this change The initial chapter

introduces direct instruction to be used with reading and literacy programs Chapters 2 and 3 provide excellent review of the

literature in language development and address developing language instruction listening and speaking with Spanish

speaking students and offers what a comprehensive language development program should look like Chapter 4 reviews

academic language and literacy instruction while the next addresses the components of instruction in Spanish Chapter 6

offers lesson plan suggestions for Spanish speaking students while the following two sections discuss components that transfer and do not transfer in Spanish to English reading instruction Chapter 9 reviews English language development and provides lesson plans for implementing SDAIE programs Finally Chapter 10 discusses two way bilingual immersion and shares actual classroom schedules and lessons This unique text will help in the preparation of primary grade teachers throughout the U S so that they may be successful with Hispanic students entering the public schools with little or no English background It will also be a useful tool for school districts staff development in addressing school improvement goals for increasing the achievement of Hispanic students **Resources in Education** ,2001 *The Porto Rico School Review* José Padín,1917
