Duke, 2014-07-21 The intent of this handbook is to provide a comprehensive, forward-looking, research-based resource for teachers, teacher educators, and researchers on the key interconnected components of effective literacy instruction. The book is designed so that it is a readily useable resource for pre-service and practicing teachers as well. Every chapter in sections I, II, III, and IV includes substantial suggestions for implementing research-based practices in the classroom and for engaging in professional learning to help teachers increase their effectiveness as literacy instructors. Every chapter in section IV also includes substantial suggestions for fostering collaboration among staff and, when applicable, parents within schools. *Collecting for the Curriculum* Amy J. Catalano, 2015-09-28 If you're a librarian charged with collecting curriculum materials and children's literature to support the Common Core State Standards, then this book is the only one that offers explicit advice on collection development in curriculum collections for you. While there are many publications on the Common Core for school librarians and K-12 educators, no such literature exists for curriculum librarians at the post-secondary level. This book fills that gap, standing alone as a guide to collection development for curriculum librarians independent of the Common Core State Standards (CCSS).

The book provides instruction and guidance to curriculum librarians who acquire and manage collections so you can develop a collection based on best practices The book begins with a primer on the CCSS and how curriculum librarians can support them Discussion of the Standards is then woven through chapters arranged by content area that share research based practices in curriculum development and instruction to guide you in curriculum selection Material types covered include games textbooks children s literature primary sources counseling and nonfiction Additional chapters cover the management of curriculum collections testing collections and instruction and reference as well as how to support and collect for special needs learners Current practices in collection development for curriculum materials librarians are also reviewed The book closes with a discussion of the future of curriculum materials
