Maxwell,1869 **The End of Magic** Ariel Glucklich,1997-03-06 Throughout history magic has been as widely and passionately practiced as religion But while religion continues to flourish magic stumbles towards extinction What is magic What does it do Why do people believe in magic Ariel Glucklich finds the answers to these questions in the streets of Banaras India s most sacred city where hundreds of magicians still practice ancient traditions treating thousands of Hindu and Muslim patients of every caste and sect Through study and interpretation of the Banarsi magical rites and those who partake in them the author presents fascinating living examples of magical practice and contrasts his findings with the major theories that have explained or explained away magic over the last century These theories he argues ignore an essential sensory phenomenon which he calls magical experience an extraordinary though perfectly natural state of awareness through which magicians and their clients perceive the effects of magic rituals **Mission to Tibet** Ippolito Desideri,2010-11-01 Mission

to Tibet recounts the fascinating eighteenth century journey of the Jesuit priest ippolito Desideri 1684 1733 to the Tibetan plateau The italian missionary was most notably the first european to learn about Buddhism directly with Tibetan schol ars and monks and from a profound study of its primary texts while there Desideri was an eyewitness to some of the most tumultuous events in Tibet s history of which he left us a vivid and dramatic account Desideri explores key Buddhist concepts including emptiness and rebirth together with their philosophical and ethical implications with startling detail and sophistication This book also includes an introduction situating the work in the context of Desideri s life and the intellectual and religious milieu of eighteenth century Catholicism **The Hidden Life of the Sixth Dalai Lama** Ngawang Lhundrup

Dargy ,2011-05-19 The life of the Sixth Dalai Lama does not end with his supposed death at Kokonor in November 1706 on the way to Beijing and an audience with the Manchu Emperor Kangxi This book the so called Hidden Life presents a very different Tsangyang Gyamtso neither a louche poet nor a drinker but a sober Buddhist practitioner who chose to escape at Kokonor and to adopt the guise of a wandering monk only appearing some years later after many fantastical and mystical adventures in what is today Inner Mongolia where he oversaw monasteries and lived as a Buddhist teacher The Hidden Life was written by a Mongolian monk in 1756 ten years following the death of the lama his spiritual teacher whom he identifies as Tsangyang Gyamtso and in whose identity as the Sixth Dalai Lama he clearly has complete faith However as one might imagine there is nowadays no agreement among the wider Tibetan Mongolian and Tibetological scholarly community as to whether this man was a charlatan or deluded or whether he was indeed the Sixth Dalai Lama The text is divided into four parts The first part gives an account of the background and birth of the Sixth Dalai Lama while the opening section of the second part which is in direct speech dictated by the lama continues on through the political intrigue in Lhasa at the end of the seventeenth century to the lama s escape at Kokonor The remainder of the second part consists of a visionary narrative in which the lama travels through Tibet and Nepal and in which he encounters divine figures yetis zombies and a man with no head all of which is presented as fact The third and longest part is an account of the final thirty years of the lama s life and his activity in Mongolia as an influential Buddhist teacher including a lengthy and moving description of his death The final part includes a list of his students and most interestingly perhaps a theological and philosophical justification for the coexistence of the Sixth and Seventh Dalai Lamas

Storyteller Leslie Marmon Silko, 2012-09-25 A rich, many-faceted book. *The New York Times* A classic work of Native American literature by the bestselling author of *Ceremony*. Leslie Marmon Silko's groundbreaking book *Storyteller*, first published in 1981, blends original short stories and poetry influenced by the traditional oral tales that she heard growing up on the Laguna Pueblo in New Mexico with autobiographical passages, folktales, family memories, and photographs. As she mixes traditional and Western literary genres, Silko examines themes of memory, alienation, power, and identity, communicates Native American notions regarding time, nature, and spirituality, and explores how stories and storytelling shape people and communities. *Storyteller* illustrates how one can frame collective cultural identity in contemporary literary forms as well as illuminates the importance of myth, oral tradition, and ritual in Silko's own work. This edition includes a new introduction by Silko and previously unpublished photographs.
