Redemption Song A Novel:

Redemption Song Michael Hammond,2006-01-01 *Redemption Song* Bertice Berry,2001-01-02 Owner of a small African American bookshop Miss Cozy has an unique gift Customers who walk through her door rarely leave without a book that speaks directly to their life But when Josephine Fina and Ross arrive in search of an obscure unpublished manuscript written by a slave woman Miss Cozy knows that all her visions have been leading her to this magical day Yet Miss Cozy has no intention of selling the manuscript no matter the price So she offers Fina and Ross an alternative They can read it together at the store It was not what they hoped for but their interest in the extraordinary love story is about as strong as their uncanny attraction for one another one they both sense runs much deeper than a kiss In the course of a few days Fina and Ross realize that this powerful book has special meaning for the two of them and that the path to their shared future may be linked to something that happened more than a century ago *Redemption Song* Bertice Berry,2001-01-01 Sparks fly when Fina Chambers and Ross Buchanan reach for the same book of slave memories in an African American bookstore

Hudson Jr.,2012-06-21 This book presents a sweeping view of boxing in the United States and the influence of the sport on American culture Boxing has long been a popular fixture of American sport and culture despite its decidedly seamy side the fact that numerous boxing champions acquired their skills in prison or reform schools the corruption and greed of certain boxing promoters and the involvement of the mob in fixing the outcome of many big fights Yet boxing remains an iconic and widely popular spectator sport even in light of its decline as a result of the recent burgeoning interest in mixed martial arts MMA contests What had made this sport so enthralling to our nation for such a long period of time This book contains much more than simple documentation of the significant dates people and bouts in the history of American boxing It reveals why boxing became one of America's leading spectator sports at the turn of the century

and examines the factors that have swayed the public's perception of it thereby affecting its popularity In *Boxing in America* the author provides a compelling view of not only the pugilist sport but also of our country our sources of entertainment and ourselves *War, Women and Post-conflict Empowerment* Josephine Beoku-Betts, Fredline A. M'Cormack-Hale, 2022-01-13 Since the 1991-2002 civil conflict ended in Sierra Leone the country has failed to translate the accomplishments of women's involvement in bringing the war to an end into meaningful political empowerment This is in marked contrast to other post conflict countries which have increased the political participation of women in elected and appointed office increased the representation of women in leadership positions and enacted constitutional reforms promoting women's rights Written by Sierra Leonean and Africanist scholars and experts from a broad range of disciplines this unique volume analyses the historical and contextual factors influencing women's political economic and social development in the country In drawing on a diverse array of case studies from health to education refugees to international donors the contradictions successes and challenges of women's lives in a post conflict environment are revealed making this an essential book for anyone involved in women and development *Black Professional Women in Recent American Fiction* Carmen Rose Marshall, 2015-01-24 The last three decades of the 20th century have marked the triumph of many black professional women against great odds in the workplace Despite their success few novels celebrate their accomplishments Black middle class professional women want to see themselves realistically portrayed by protagonists who work to achieve significant productivity and visibility in their careers desire stability in their personal lives aspire to accrue wealth and live elegantly though not consumptively The author contends that most recent American realistic fiction fails to represent black professional women protagonists performing their work effectively in the workplace Identifying the extent to which contemporary novels satisfy the readerly desires of black middle class women readers this book investigates why the readership wants the texts as well as what they prefer in the books they buy It also examines the technical and cultural factors that contribute to the lack of books with self empowered black professional female protagonists and considers *The Salt Eaters* by Toni Cade Bambara and *Waiting to Exhale* by Terry McMillan two novels that function as significant markers in the development of contemporary black women writers texts
