Redemption Thomas Hooker, Everett H. Emerson, 1956 **Redemption** T. Hooker, 1936 Redemption. Three Sermons (1637-1656)... - Facsimile Reproductions with and Introduction by Everett H. Emerson.... Thomas Hooker, Everett H.. Emerson, 1956 **Redemption** Thomas Hooker, 1956 **Redemption** Thomas Hooker, 1956 *Salvation in New England* Phyllis M. Jones, Nicholas R. Jones, 2013-09-13

The sermon as crafted by the early New England preachers was the most prominent literary form of its day yet the earliest Puritan texts have as a rule been available only in rare book collections This anthology of sermons of the first generation of preachers fills a serious gap in American literature The preachers collected here the most widely published of their time were among the eighty or more who emigrated to Massachusetts Bay during the 1630s They are John Cotton of Boston Thomas Shepard of Cambridge and Thomas Hooker of Hartford the three foremost lights of the western churches and two eminent colleagues Peter Bulkeley of Concord and John Davenport first of New Haven and later of Boston The selections are chosen to be representative of the lengthy works from which they are drawn to reflect the major concerns and styles of the preachers work as a whole and to demonstrate the genre of the sermon as developed by the early American Puritans Not only does this anthology represent an important contribution to literary history but the sermons also illustrate a doctrine uniquely elaborated in this period a consistent and emphatic narrative mythlike in its repetition and heroics of the progress of the soul from a state of nature to a state of salvation This theme may be seen as a three stage development although individual sermons may vary These stages preparation vocation and regeneration determine the order of the selections The editors introductory material supplies a comprehensive and thorough discussion of the early New England sermons concentrating on their role history structure style and subject matter A separate essay on the texts of the sermons describes the relationship between the early printed versions and their form as delivered in the pulpit The introduction preceding each selection presents original research on the historical circumstances of the preaching and publication of the work from which the sermon is drawn The editors have also provided brief biographies of the preachers represented here an annotated list of recommended background reading and the most exhaustive checklist available of authoritative editions of the sermons of these five preachers This book will be useful to colonial specialists as well as to students of early American literature religion and history The texts are critically edited for readability with modernized spelling and annotations of unfamiliar phrases and allusions *The Thought of Jonathan Edwards* Miklos Veto, 2021-01-25 Jonathan Edwards is the greatest theologian of colonial America as well as its first important philosopher As a theologian he represents without any concession Calvinistic Orthodoxy re thought and re lived through the experience of the Great Awakening The large majority of his writings are of a theological character yet this theology is articulated and expressed through a systematic philosophical reflection Edwardsian thought covers three major areas First being grace and glory then the doctrine of the will extending to the study of the original sin and evil finally an

entirely original theory of knowledge synthesizing spirituality aesthetics and epistemology The present book the first edition of which appeared in French almost thirty years ago is a uniquely comprehensive study of the work of Jonathan Edwards It discusses all the aspects of his thought over against the background of classical Protestant theology and of seventeenth and eighteenth century Western philosophy Our time witnesses a significant renewal of interest in Jonathan Edwards Professor Veto's book should prove to be a major contribution to assist and to guide the readers of America's Theologian

Chronicling the Soul's Windings John H. Ball, 1992 The Reverend Thomas Hooker 1586-1647 founder of the Connecticut colony was a Calvinist pastor and teacher of great importance to both Old and New England To many today Hooker is best known for his last great work *A Survey of the Summe of Church Discipline* 1648 his definitive defense of the congregational way This study attempts to demonstrate that Hooker was first and foremost a physician of the soul who specialized as a psychologist of conversion therein lay his greatest contribution to church and society rather than as is also often thought his role as the first democrat Contents The Life and Work of Thomas Hooker Hooker's Morphology of Conversion Contextual Considerations Hooker's Morphology of Conversion Early Formulations Hooker's Preparationist Theology as Formulated in His Writings from the Antinomian Period and Beyond Opening Scripture Lisa M.
