Redwood Railways A History Of The North:

Logging Railroads of Humboldt and Mendocino Counties Katy M. Tahja, 2013 Locomotive steam whistles echo no more in the forests of the north California coast A century ago Humboldt and Mendocino Counties had more than 40 railroads bringing logs out of the forest to mills at the water s edge Only one single railroad ever connected to the outside world and it too is gone One railroad survives as the Skunk Train in Mendocino County and it carries tourists today instead of lumber Redwood and tan oak bark were the two products moved by rail and very little else was hauled other than lumberjacks and an occasional picnic excursion for loggers families Economic depressions and the advent of trucking saw railroads vanish like a puff of steam from the landscape *Encyclopedia of Western Railroad History* Donald B. Robertson, 1986 Distributed by the University of Nebraska Press for Caxton Press This book includes 368 pages of maps photographs and technical data on the history of railroading in California There are detailed reports on dates of operation mergers miles of track maximum grade gauge and rail weight It also includes the histories of thousands of locomotives *Collections of the Minnesota Historical Society* Minnesota Historical Society, 1920 **The History of Redwood County, Minnesota** ,1916 **History of the Atchison, Topeka and Santa Fe Railway** Keith L. Bryant|Frailey Jr. (Fred W.), Keith L. Bryant, Fred W. Frailey, 2020 Keith L Bryant Jr and Fred W Frailey present a comprehensive history of the financing construction growth and management of the Atchison Topeka and Santa Fe Railway **Narrow Gauge to the Redwoods** Ables Bray Dickinson, Roy Graves, 1967 This history covers the lifetime of a small but important California railroad and ferry line which once transported thousands from San Francisco each year north across the bay into Marin County and beyond The North Pacific Coast Railroad NPC was a common carrier narrow gauge steam railroad begun in 1874 and sold in 1902 to new owners who renamed it the North Shore Railroad California NSR and which rebuilt the southern section into a standard gauge electric railroad The NPC operated in the northern California counties of Marin and Sonoma that carried redwood lumber local dairy and agricultural products express and passengers The NPC operated almost 93 mi 150 km of track that extended from a pier at Sausalito which connected the line via ferry to San Francisco and operated northwest to Duncans Mills and Cazadero also known as Ingrams The NPC became the North Shore Railroad California NSR on March 7 1902 In 1907 the North Shore Railroad became part of the Northwestern Pacific Railroad NWP Southern portions of the line were standard gauged and electrified by the North Shore for suburban passenger service though most of the trackage north of San Rafael remained 3 ft 9 1/4 mm gauge until abandonment in the late 1930s All of the NPC trackage has been abandoned either by the NPC or the NWP Some of the original right of way can be seen at the Samuel P Taylor State Park near Fairfax along the shore of Tomales Bay and Keyes Estuary and passenger depots remain in San Anselmo and Duncan Mills One NPC steam locomotive No 12 The Sonoma remains as a restored static exhibit in its circa 1870s appearance at the California State Railroad Museum in Sacramento [Collections](#) Minnesota Historical Society, 1920 **Minnesota Geographic Names** Warren Upham, 1920

Redwood Railways Gilbert H. Kneiss,1956 **Historic Redwood National and State Parks** Gail L. Jenner,2016-05-01

If redwood trees could share their stories what would they say Some of these giants are thousands of years old but all have witnessed some truly unique moments in history Historic Redwood National and State is a vibrant collection of essays sharing different parts of Redwood National Park s history from the Native Americans and the early explorers to park visitors today Celebrate the 100th anniversary of the National Park Service and learn more about the cultural political and natural history of Redwood National and State Parks **Chinese America, History and Perspectives** ,1991 *Trains* ,1962

Chinese America ,1991 North American Forest and Conservation History Ronald J. Fahl,Forest History Society,1977

Ronald J Fahl has compiled a milestone reference work one that offers historians and other interested scholars for the first time a reliable and comprehensive access to the widely scattered written materials that reveal the history of forestry forest conservation and forest industry in the United States and Canada Sponsored by the Forest History Society and funded in part by a major grant from the National Endowment for the Humanities this volume covers published scholarly books and writings from many sources containing significant historical matter including lumber trade journals professional forestry journals conservation magazines government publications state and local histories autobiographies and oral history interviews

Saving the North Coast Redwoods Susan J.P. O'Hara,2024-04-29 The battle to preserve a natural wonder Towering and majestic the redwood forests of California s North Coast once drew not visitors but fortune seeking timber companies By 1917 the region had been logged for nearly 70 years and concerns arose that the rapidly disappearing redwoods could be lost Damage wrought by logging and road construction caught the attention of Madison Grant John Campbell Merriam and Henry Fairfield Osborn and the Save the Redwoods League was born Together with the State of California and the U S Federal Government the League s efforts led to the protection of the remaining old growth redwoods creating state and national parks to preserve them for future generations Author Susan J P O Hara recounts the story of the fight to save the world s tallest trees

The Electric Interurban Railways in America George Woodman Hilton,John Fitzgerald Due,1964 One of the most colorful yet neglected eras in American transportation history is re created in this definitive history of the electric interurbans Built with the idea of attracting short distance passenger traffic and light freight the interurbans were largely constructed in the early 1900s The rise of the automobile and motor transport caused the industry to decline after World War I and the depression virtually annihilated the industry by the middle 1930s Part I describes interurban construction technology passenger and freight traffic financial history and final decline and abandonment Part II presents individual histories with route maps of the more than 300 companies of the interurban industry Reviews A first rate work of such detail and discernment that it might well serve as a model for all corporate biographies A wonderfully capable job of distillation Trains Few economic social and business historians can afford to miss this definitive study Mississippi Valley Historical Review All seekers after nostalgia will be interested in this encyclopedic volume on the days when the clang clang of the

trolley was the most exciting travel sound the suburbs knew Harper's Magazine A fascinating and instructive chapter in the history of American transportation Journal of Economic History The hint that behind the grand facade of scholarship lies an expanse of boyish enthusiasm is strengthened by a lovingly amassed and beautifully reproduced collection of 37 photographs The Nation The Tootin' Louie Donovan L. Hofsommer, The definitive history of one of the Midwest's most remarkable railroads When Money Grew on Trees Greg Gordon, 2014-04-02 Born in the timber colony of New Brunswick Maine in 1848 Andrew Benoni Hammond got off to an inauspicious start as a teenage lumberjack By his death in 1934 Hammond had built an empire of wood that stretched from Puget Sound to Arizona and in the process had reshaped the American West and the nation's way of doing business When Money Grew on Trees follows Hammond from the rough and tumble world of mid nineteenth century New Brunswick to frontier Montana and the forests of Northern California from lowly lumberjack to unrivaled timber baron Although he began his career as a pioneer entrepreneur Hammond unlike many of his associates successfully negotiated the transition to corporate businessman Against the backdrop of western expansion and nation building his life dramatically demonstrates how individuals more than the impersonal forces of political economy shaped capitalism in this country and in doing so transformed the forests of the West from functioning natural ecosystems into industrial landscapes In revealing Hammond's instrumental role in converting the nation's public domain into private wealth historian Greg Gordon also shows how the struggle over natural resources gave rise to the two most pervasive forces in modern American life the federal government and the modern corporation Combining environmental labor and business history with biography When Money Grew on Trees challenges the conventional view that the development and exploitation of the western United States was dictated from the East Coast The West Gordon suggests was perfectly capable of exploiting itself and in his book we see how Hammond and other regional entrepreneurs dammed rivers logged forests and leveled mountains in just a few decades Hammond and his like also built cities towns and a vast transportation network of steamships and railroads to export natural resources and import manufactured goods In short they established much of the modern American state and economy *Redwoods, Iron Horses, and the Pacific* Spencer Crump, 1963 The California Western Railroad CWR extends from the Pacific Coast at Fort Bragg to the redwoods to Willits It began as a logging line but is known for the rail buses nicknamed Skunks This book details the history of the CWR and acquisition of the initial Skunk rail bus **The Role of Narrow-gauge Railroads in California's Transportation Network** Donald Ray Floyd, 1968
