John W Dickie,2014-04-17 The first modern title to cover the varied and complex world of ship management in the 21st century Ship management has constantly had to evolve to take into account the advancements in technology as well as the demands of the shipping industry Having internet access and email on board ship has meant that the ship manager has to possess certain sets of skills to function effectively in the post including computer literacy The emergence of large multi national ship management companies has also changed how business is conducted and this in turn means that the ship manager and tiers of management within the organization have had to evolve to cope with the demands of working with a

multi national workforce Furthermore since the mid 1980s there has been an ever expanding raft of legislation that is more restrictive for companies to meet and a shrinking of profit margins has seen a shift in how companies are required to operate to survive This book addresses the demands of 21st century ship management with the focus of the book as much on the people who manage ships as on the theory and practice of ship management

The Function of Protection & Indemnity Marine Insurance in Relation to Ship Owner's Liability for Cargo Claims Joseph Tshilomb JK, LLM;MSc,2016-03-04 In the early days of shipping and international maritime trade many more casualties occurred at sea Ever since ship owners liability for cargo claims has been increasing both in number and in cost in spite of the huge technical development in international maritime transport In order to make it easier for ship owners to operate safely and efficiently the Protection and Indemnity appeared around 1870 as mutual marine insurance Besides Hull Machinery and Cargo Insurance offered on the international commercial market in insurance Protection and Indemnity Insurance known under the acronym P I is a ship owners insurance cover for legal liabilities to third parties This cover is generally achieved by entering the ship in a mutual insurance club Nowadays the mutuality is

performed by an underwriter who endeavors to see that each owner carries his fair share of the risk The members of P I clubs are ship owners charterers or ship management companies At present a major function of the Protection and Indemnity insurance is to cover the ship owner for legal and contractual liability for loss of cargo or damage to cargo if there has been a breach of the carriage contract This liability is called Third party liability The ship owner will handover the cargo claim to his P I Club In order to clarify this liability Article 3 Paragraph 2 of the Hague Visby rules stipulates Subject to the provisions of Article 4 the carrier shall properly and carefully load handle stow carry keep care for and discharge the goods carried Therefore the focus in this research study is placed on the function of Protection and Indemnity insurance covering the ship owners liability for damage to cargo or loss of cargo
