Dancing from the Heart Kalissa Alexeyeff, 2009-03-23. *Dancing from the Heart* is the first study of gender, globalization, and expressive culture in the Cook Islands. It demonstrates how dance, in particular, plays a key role in articulating the overlapping local, regional, and transnational agendas of Cook Islanders. Kalissa Alexeyeff reconfigures conventional views of globalization's impact on indigenous communities, moving beyond diagnoses of cultural erosion and contamination to a grounded exploration of creative agency and vital cultural production. Central to the study is a rich and textured ethnographic account of contemporary Cook Islands dance practice. Based on fieldwork, in-depth interviews, and archival research, it offers an engrossing analysis of how Cook Islands social life is generated through expressive practices. Dance is explored in a variety of settings, including beauty pageants, tourist venues, nightclubs, and community celebrations at home and within Cook Islands communities abroad. Contemporary Cook Islands dance practices are also shaped by competing ideas about the past. Debates about precolonial traditions, missionization, and colonialism pervade discussions about dance and expressive culture. Alexeyeff shows how the politics of tradition reflect the competing moral, political, personal, and economic practices of postcolonial Cook Islanders. Throughout the work, the stories and voices of individuals are brought to the fore.

Majesty's survey ship *Tenacious* is just one more dutiful rung on the ladder of his career. Even a headstrong bluestocking on board is less troubling than the ship's drunken captain and the ferocious gales that drive the ship off course. Stranded on a remote island, passion blazes between them as hot as the sun, but it's Jane's love that Charles wants forever. A sophisticated blend of vivid historical detail, exquisite characterization, and delicious sexual tension. USA Today bestselling author Julianne MacLean. *Songs from the Second Float* Richard Moyle, 2007-07-31. This book, based on fieldwork spanning a decade, gives a comprehensive analysis of the musical life of a unique Polynesian community whose geographical isolation, together with a local ban on missionaries and churches, combine to allow its 600 members to maintain a level of traditional cultural practices unique to the region. Tak is arguably the only location where traditional Polynesian religion continues to be practiced. This book explores the many ways in which spirit activities impact on both domestic and ritual life: how group singing and dancing give audible and visible expression to a variety of religious beliefs; and how spirit mediums relay songs and dances from the recent dead. Tak's community is well able to articulate the significance of their own strong performance tradition, and this book allows expert singers and dancers to speak passionately for themselves on subjects they understand intimately. Musical ethnographies from the Pacific are rare. Like Moyle's earlier landmark volumes on Samoan and Tongan music, and also his trilogy on Australian Aboriginal music, this work will be of immense value to Pacific studies and will assume a place among the recognized staples of ethnomusicological research. *The World in Your Hands, Vol 01*.
