skills More Income More Influence More Impact      **Infinite Referrals** Morgan McKelvy,Caley McKelvy,2016-12-23 Infinite Referrals is a detailed strategy to increase your new clients generate more positive reviews sky rocket your clients lifetime customer value and blow your referral business out of the water without asking for referrals Morgan and Caley McKelvy lay out a simple to implement plan that they currently use to increase your business by up to 50% or more this year The McKelvy twins were raised in an entrepreneurial environment Their parents were very successful in the service industries and laid out a foundation for the girls to follow Following lessons from their father who was one of the top producing insurance agents in the nation has led them down a path to success at a very young age They learned early on that it doesn't matter what service you sell all people that sell services are in the same business sales and marketing Marketing skills are what catapulted their father to riches and the skills were passed down to the twins Today the girls run several ventures and all are virtually on autopilot They have freed up more time by using technology and common sense to their advantage saved money and are making more than most The lessons shared in this guide are easy to follow easy to implement and will put more money in your pocket when employed This is a guide with step by step instructions and examples on how easy it is to market your services to build a small empire In less than two hours of reading you will have all the ideas strategies and tools you will ever need to dramatically increase new business repeat business and explode your referral business This is a must have guide for any person selling services Read this guide take 30 minutes of action spend just 10 minutes a month thereafter and watch as your business grows to whatever height you wish      *Get Recognized, Remembered, and Referred in the Wedding and Event Industry* Jill Stein,2020-02-08 If you are a new event professional and want to grow your business Get Recognized Remembered Referred is a great place to learn how to succeed by including referral marketing in your business plan If you are a seasoned provider and would like to learn how to get more business through referrals so you can spend less of your hard earned dollars on marketing and increase your sales this is a great book for you to read Referral marketing leads to better clients higher sales per event and a more enjoyable life You will have fun reading about Jill's top tips for creating all of this within your wedding and event business      **I Know a Guy Who Knows a Guy...** James Mendez,James Zimmerhoff,2017-04-29 When getting a deal a job or any target oriented goal you double your success with a referral traditionally the closing rate is 50% Without taking any additional time with the sales process and even less time to prospect with results that are dramatically better By just switching to a referral based sales process salespeople will see a dramatic increase in their numbers With this kind of numbers sales leaders often wonder why sales reps don't ask for more referrals The reality that in general satisfied customers are happy to provide references to their solutions providers supports this method Studies show that 87% of satisfied customers are happy to pass leads to sales reps but only 7% of sales reps ask for them Two issues keep salespeople from asking for referrals fear and ego They face rejection on a daily basis that fear of rejection would play a role in the seller's reluctance to ask for a referral It's ironic but they feel this is another way to get yet

another rejection they believe it opens up possible adverse feedback salespeople avoid it to keep their relationship with the prospect positive and avoid any rejection in what they may see as an additional step in the sales process Salespeople also have big healthy egos They are encouraged to believe that we can sell in the face of adversity and they have to for them to be successful sales reps They think that their method is the best and can sell on their own without anyone's help It is the concept of solitary hunters that makes them reluctant to request referral because it is asking for help a potential sign of weakness It is important to remember that either or not you have customers or clients in the end what you have is humans buying from humans And there is no better way to attract new business than to have it connected to you by somebody who is already doing business with you You only have to stop for a moment and think about how often you make a buying decision because a friend family member or business associate has made a recommendation It ranges from How did you like the movie to Who is your doctor If you ask somebody about a new restaurant the response will go a long way toward determining whether or not you choose to eat there It is the same sentiment that translates to business decisions as well The same communications are happening with regards to your business You are either promoted ignored or worse rejected Earn it If you want people to support your business when the opportunity arises or even unsolicited then you need to make it It means that you provide a high quality product experience or service with excellent customer service and fair pricing It's an uncomplicated concept but not an easy one A happy customer would tell one person but an angry customer would describe it to many Now with social media it is no longer the case Both voices are amplified and each business transaction you have can dramatically affect your business Ask for the lead Most people are certainly willing to give their thoughts if asked but without the request we have far too numerous other things to worry about and keeping us occupied The best way to do it is to reward it for putting your business on the top of mind with your clients friends employees and customers give them a reason to think and speak of you often It can be a ceremonious program or an irregular as you fit but one way or the other you need to appreciate thank reward and encourage those who send you business You are getting paid why not to share the income with the people who help you So if you're looking for an economical powerful way to increase your business the easiest way is referrals Remember the steps earn the referral ask for the referral and reward those who refer you
