**Reflections of a Country Doctor** Jimmie Ashcraft, 2020-02 *Reflections of a Country Doctor* Barry Ladd, 1996 Meet Barry Ladd. He is a family physician who practiced medicine for thirty years in a small country town forty miles south of a major city. He calls it Our Town because the residents including himself so personally identified with the community. In the thirty years that Ladd practiced in Our Town he delivered fifteen hundred babies and had one hundred and eighty thousand office visits. He delivered the babies and took care of four generations in the same family. During that time there was an explosion of technology and scientific information. The practice of medicine shifted from being more of an art to being more of a science. During this time Ladd was a participant and observer. He saw how personal events and decisions played out over time. He tells his readers what he saw, heard, and felt. These are all true stories. Some are composites of several people. The names have been changed. *The Steady Doctor: Chronicles of a Country Physician* Pasquale De Marco, 2025-04-16 In the heart of rural America where communities pulse with the rhythms of the land, there exists an unsung hero, a beacon of healing and resilience: the country doctor.
