White, Elizabeth G. Hamilton, 2018-11-09 The emergence and adoption of metallurgy is one of the seminal topics of investigation in the history of archaeology particularly in the history of archaeological research in Southeast Asia The site of Ban Chiang Thailand is a central site in debates surrounding the chronology and significance of early metallurgy in the region This book is the first in a series of four volumes that review the contributions of Ban Chiang and three related sites in northeast Thailand excavated by the Penn Museum to an understanding early metallurgy in Thailand As the study of archaeometallurgy is a complex topic that draws on numerous technical and social science disciplines this introductory volume presents in several chapters the background needed to assess the metal and related evidence presented in the subsequent volumes in this series A history of perspectives on the role of metals in ancient societies generally and Southeast Asia specifically is provided Other chapters debunk the conventional paradigm for understanding metals and society and provide current theoretical perspectives and new paradigms for the study of ancient metals The geological basis for the presence and location of metal ore resources in the region is reviewed The final chapter presents a technical overview of ways material properties of ancient metals may be studied While providing a background to the study of metals at Ban Chiang the volume also reviews synthesizes and repositions the method and theory for the study of archaeometallurgy generally Thai Archaeology Monograph Series 2A University Museum Monograph 149 **Adventures in Photography** Alessandro Pezzati, 2012-02-04 Since 1887 the University Museum has been one of the leading archaeology and anthropology museums in the world and has sponsored field research in every corner of the globe A key outcome from its first expedition to Nippur in modern day Iraq through more than 300 expeditions in the past century to its research in fifteen different countries today has been a wealth of primary photographs capturing both expeditions and excavations and also

images of modern peoples on every inhabited continent of our planet. These vintage photographs carefully selected from hundreds of thousands range from mundane record-keeping pictures to glorious aesthetic treats and they are in demand by international scholars and students and researchers worldwide. One of the most powerful of media to convey information about and to advance understanding of foreign peoples and places is photography. Soldiers, missionaries, merchants, and other travelers carried out early anthropological photography in distant lands. Field photography was extremely difficult when the Museum began its research program in the late 1880s, requiring the transport of a complete dark room and other heavy equipment. The Museum's intrepid adventurers sought scientific accuracy with no artifice that may have obscured the realism of the image. An engaging narrative essay highlighting the Museum's fieldwork explains the contexts of the range of photographs from the Museum's Archives and the role of photography in studying human cultures.

**Treasured** Christina Riggs, 2022-02-01 A bold new history of the discovery of King Tut and the seismic impact it left on modern society. When it was discovered in 1922 in an Egypt newly independent of the British Empire, the 3,300-year-old tomb of Tutankhamun sent shockwaves around the world. The boy king became a household name overnight and kickstarted an international obsession that continues to this day. From pop culture and politics to tourism and the heritage industry, it's impossible to imagine the past century without the discovery of Tutankhamun, yet so much of the story remains untold. In *Treasured*, Christina Riggs weaves compelling historical analysis with tales of lives touched or changed forever by an encounter with the boy king. Who remembers that Jacqueline Kennedy first welcomed the young pharaoh to America? That a Tutankhamun revival in the 1960s helped save the ancient temples of Egyptian Nubia? Or that the British Museum's landmark Tutankhamun exhibition in 1972 remains its most successful ever? But not everything about King Tut glitters: tours of his treasures in the 1970s were linked to Big Oil; his mummified remains have been exploited in the name of science; and accounts of his tomb's discovery exclude Egyptian archaeologists. *Treasured* offers a bold new history of the young pharaoh who has as much to tell us about our world as his own.

*Traveling Prehistoric Seas* Alice Beck Kehoe, 2016-07 Alice Kehoe uses critical analysis of large bodies of interdisciplinary evidence to help scholars and students reevaluate the highly controversial theory that people sailed large distances across oceans in ancient times.

Race and Nation in Puerto Rican Folklore Rafael Ocasio, 2020-08-14 *Race and Nation in Puerto Rican Folklore* Franz Boas and John Alden Mason in Puerto Rico explores the historic research trip taken to Puerto Rico in 1915. As a component of the Scientific Survey of Porto Rico and the Virgin Islands, Boas intended to perform field research in the areas of anthropology and ethnography while other scientists explored the island's natural resources. A young anthropologist working under Boas, John Alden Mason, rescued hundreds of oral folklore samples ranging from popular songs, poetry, conundrums, sayings, and most particularly folktales while documenting native Puerto Rican cultural practices. Through his extensive excursions, Mason came in touch with the rural lives of Puerto Rican peasants, the *j baros* who served as both his cultural informants and writers of the folklore samples. These stories, many of which are still part of the island's

literary traditions and collected in a bilingual companion volume by Rafael Ocasio reflect a strong Puerto Rican identity coalescing in the face of the U S political intervention on the island A fascinating slice of Puerto Rican history and culture sure to delight any reader      **Anthropological Lives** Virginia R Dominguez,Brigittine M.
