The Pool Group and the Quest for Anthropological Universality Betsy van Schlun, 2016-11-21 Pool was an avant garde group that originated in 1927 in Britain and was active under this name until 1933 The group consisted of the well known modernist poet H D the English writer Bryher and the young Scottish writer and artist Kenneth Macpherson All three were first and foremost writers who at one point discovered film as another modern experimental medium of artistic expression Pool associated with almost all the iconic modernists of their time with Ezra Pound Gertrude Stein Ernest Hemmingway James Joyce Marianne Moore William Carlos Williams T S Eliot and Virginia Woolf to name only a few In addition due to their interest in film they were also befriended with such influential filmmakers as Sergei Eisenstein and Georg Wilhelm Pabst and became closely associated with Weimar Berlin film culture Pool unites classical Modernism and

modernity two directions that are usually considered to be contradictory The Pool phenomenon opens a new perspective onto Modernism and prompts a reconsideration of its canonical texts and figures Contrary to many artists of Modernism who devised highly individualistic aesthetic styles the artists of Pool strove towards a universal art of humanity that was rooted in all human nature and psychology *Image-based Research* Jon Prosser,2005-08-12 Just what is a picture worth Qualitative research is dominated by language However researchers have recently shown a growing interest in adopting an image based approach This is the first volume dedicated to exploring this approach and will prove an invaluable sourcebook for researchers in the field The book covers a broad scope including theory and the research process and provides practical examples of how image based research is applied in the field It discusses use of images in child abuse investigation exploring children s drawings in health education cartoons the media and teachers Women Artists, Feminism and the Moving Image Lucy Reynolds,2019-08-22 What is the significance of gendered identification in relation to artists moving image How do women artists grapple with the interlinked narratives of gender discrimination and gender identity in their work In this groundbreaking book a diverse range of leading scholars activists archivists and artists explore the histories practices and concerns of women making film and video across the world from the pioneering German animator Lotte Reiniger to the influential African American filmmaker Julie Dash and the provocative Scottish contemporary artist Rachel Maclean Opening with a foreword from the film theorist Laura Mulvey and a poem by the artist film maker Lis Rhodes Women Artists Feminism and the Moving Image traces the legacies of early feminist interventions into the moving image and the ways in which these have been re configured in the very different context of today Reflecting and building upon the practices of recuperation that continue to play a vital role in feminist art practice and scholarship essays discuss topics such as how multiculturalism is linked to experimental and activist film history the function and nature of the essay film feminist curatorial practices and much more This book transports the reader across diverse cultural contexts and geographical contours addressing complex narratives of subjectivity representation and labour while juxtaposing cultures of film video and visual arts practice often held apart As the editor Lucy Reynolds argues it is at the point where art moving image and feminist discourse converge that a rich and dynamic intersection of dialogue and exchange opens up bringing to attention practices which might fall outside their separate spheres and offering fresh perspectives and insights on those already established in its histories and canons

I Am Brother Oji Mello Ayo,2022-03-31 In November 1989 the Royal Ontario Museum staged a controversial exhibit called Into The Heart of Africa This sparked a protest demonstration that proved to be a life changing experience for many The youth led outcry for change became a landmark in Ontario s race relations leading to an upheaval so impactful it altered the course of history for museums worldwide becoming in effect a milestone in the way museums mount and curate exhibits Thirty one years later for the first time the authorized biography of one of the main protagonists Adisa Oji the only demonstrator to be imprisoned for his actions is being told publicly Few people know of his courageous story a young man

who heroically stood up against institutionalized racist practices and was punished His up until now unknown personal history sheds irrefutable light on the current public and global agitation regarding race and racism and compels us to honestly re examine the long lasting tragic effects of colonialism and slavery This biography fills an important gap even for those who may be familiar with the Royal Ontario Museum episode while providing an informative gripping history for those who may not In a world where the significant contributions of people of African ancestry are most often overlooked or given short thrift I AM Brother Oji honours and highlights for global recognition the life leadership and legacy of a young Canadian of African Caribbean descent who distinguished himself during a time of social controversy Adisa S Oji s extraordinary story provides a window of illumination on how to break cycles of oppression and exploitation His story is a source of fresh and thoughtful insight into what it means to be a person of African ancestry living in a predominantly white European milieu and calls attention to the effectiveness of efforts directed at addressing racial discrimination inequity and injustice With the help of abundant amounts of photographs Mello Ayo as narrator and social commentator weaves a vivid beautiful story of uncompromising triumph and self empowerment While the ROM episode provides a point of departure the unflinching narrative goes beyond and connects the past with the present to create an enchanting hero s journey transiting through the sociopolitical and historical landscapes of Jamaica Canada and Ghana At a time when many young people are becoming disenchanted slumping into alienation and learned helplessness or collapsing into sub cultures of violence a look at how one young man kept his youthful optimism alive and how he refused to become a victim while making a positive difference is deserving of our attention

Monstrous Reflection Petra Rehling,Elsa Bouet,2019-07-22 This volume was first published by Inter Disciplinary Press in 2014 By engaging and questioning existing definitions and ideas all of the essays in this volume represent the idea of a monstrous reflection in one way or another Monsters can serve as a means to explore the cultural anxieties they embody and the reasons for these anxieties Thus monsters act as mirrors highlighting the causes for the creation of categories A reflection can also be a comment or statement applicable in that the monstrous or the word monster becomes a label of otherness and exclusion This label is sometimes a construction a discursive and rhetorical trope which only serves to other those deemed different or undesirable suggesting that the monster might not always be monstrous This volume is about the ones gazing into the mirror and the things staring back at humanity along with the uncomfortable truths that are revealed in the process
