Reflections Of A Palestinian:

Reflections of a Palestinian Mohammad A. Tarbush, 1986 **Being Palestinian** Yasir Suleiman, 2016-01-21

What does it mean to be Palestinian in the diaspora? This collection of 100 personal reflections on being Palestinian is the first book of its kind. Reflecting on Palestinian identity as it is experienced at the individual level, issues of identity, exile, refugee status, nostalgia, belonging, and alienation are at the heart of the book. The contributors speak in many voices, exploring the richness and diversity of identity construction among Palestinians in the diaspora. Included are contributions from Palestinians living in the Anglo-Saxon diaspora, mainly the UK and North America. They come from a variety of professional backgrounds: business people, lawyers, judges, fiction writers, poets, journalists, press, TV and radio, film makers, diplomats, and academics. Men and women, young and old, Christians and Muslims, offer essays as do Palestinians from different generations: first, second, and third generations. This mix of professional, gender, faith, and generational categories ensures that a variety of voices are heard. The editor sets the scene with an Introduction and his Epilogue deals with issues of identity, exile, and diaspora as concepts that give sense to the personal reflections.

Key Features: The first book to gather personal reflections on what it means to be Palestinian. Contributes to the debate on what it means to be Palestinian. Asks what the diaspora is for Palestinians. Looks at how being Palestinian varies across gender, generation, religious affiliation, and professional interest.

FROM APF: Is being Palestinian a pain in the neck or a sentence to suffer gladly? Does Palestinian identity reside in cross-stitch embroidery, sweet knafeh, and the poetry of Mahmoud Darwish, or defending the rights of oppressed communities around the world? Does being Palestinian in diaspora mean anything at all? In this ground-breaking volume, the first of its kind, 102 contributors from North America and the United Kingdom reflect in their own words on what it means to be Palestinian in diaspora. Exploring how Palestine is both lost and found, bereaved and celebrated in diaspora, and the tangled ties between home and homeland, *Being Palestinian* takes the reader on an intimate journey into the diaspora to reveal a human story: how does it feel when you cannot find Palestine under P in the encyclopaedia your father brings home? Why grow fig and orange trees in the Arizona desert? What does it mean to know every inch of a village that no longer exists? Touching, troubling, but full of character and wit, the reflections in *Being Palestinian* offer a radically fresh look at the modern Palestinian experience in the West.

Women, Reconciliation and the Israeli-Palestinian Conflict Giulia Daniele, 2014-04-16

Women, Reconciliation and the Israeli-Palestinian Conflict explores the most prominent instances of women's political activism in the occupied Palestinian territories and in Israel, focussing primarily on the last decade. By taking account of the heterogeneous narrative identities existing in such a context, the author questions the effectiveness of the contributions of Palestinian and Israeli Jewish women activists towards a feasible renewal of the peace process founded on mutual recognition and reconciliation. Based on feminist literature and field research, this book re-problematizes the controversial liaison between ethno-national narratives, feminist backgrounds, and women's activism in Palestine/Israel. In detail, the most relevant salience of this study is

the provision of an additional contribution to the recent debate on the process of making Palestinian and Israeli women activists more visible and the importance of this process as one of the most meaningful ways to open up areas of enquiry around major prospects for the end of the Israeli Palestinian conflict Tackling topical issues relating to alternative resolutions to the Israeli Palestinian conflict this book will be a valuable resource for both academics and activists with an interest in Middle East Politics Gender Studies and Conflict Resolution

Palestinians Born in Exile Juliane Hammer, 2009-08-17 In the decade following the 1993 Oslo Peace Accords some 100 000 diasporic Palestinians returned to the West Bank and Gaza Among them were children and young adults who were born in exile and whose sense of Palestinian identity was shaped not by lived experience but rather through the transmission and re creation of memories images and history As a result returning to the homeland that had never actually been their home presented challenges and disappointments for these young Palestinians who found their lifeways and values sometimes at odds with those of their new neighbors in the West Bank and Gaza This original ethnography records the experiences of Palestinians born in exile who have emigrated to the Palestinian homeland Juliane Hammer interviews young adults between the ages of 16 and 35 to learn how their Palestinian identity has been affected by living in various Arab countries or the United States and then moving to the West Bank and Gaza Their responses underscore how much the experience of living outside of Palestine has become integral to the Palestinian national character even as Palestinians maintain an overwhelming sense of belonging to one another as a people

Solidarity and the Palestinian Cause Zahi Zalloua, 2023-01-12 Zahi Zalloua provides the first examination of Palestinian identity from the perspective of Indigeneity and Critical Black Studies Examining the Palestinian question through the lens of settler colonialism and Indigeneity this timely book warns against the liberal approach to Palestinian Indigeneity which reinforces cultural domination and urgently argues for the universal nature of the Palestinian struggle Foregrounding Palestinian Indigeneity reframes the Palestinian Israeli conflict as a problem of wrongful dispossession a historical harm that continues to be inflicted on the population under the brutal Occupation of the West Bank and Gaza At the same time in a global context marked by liberal democratic ideology such an approach leads either to liberal tolerance the minority is permitted to exist so long as their culture can be contained within the majority order or racial separatism that is appeals for national independence typically embodied in the two state solution Solidarity and the Palestinian Cause not only insists that any analysis of Indigeneity s purchase must keep this problem of translation in mind but also that we must recast the Palestinian struggle as a universal one As demonstrated by the Palestinian support for such movements as Black Lives Matter and the reciprocal support Palestinians receive from BLM activists the Palestinian cause fosters a solidarity of the excluded This solidarity underscores the interlocking global struggles for emancipation from racial

domination and economic exploitation Drawing on key Palestinian voices including Edward Said and Larissa Sansour as well as a wide range of influential philosophers such as Slavoj i ek Frantz Fanon and Achille Mbembe Zalloua brings together the Palestinian question Indigeneity and Critical Black Studies to develop a transformative anti racist vision of the world In the Eye of the Storm Mitri Raheb,2023-06-23 The situation of Christians in the Middle East has become an important topic of international discussion as well as an important theme covered in the media as several CBS Sixty Minutes programs have highlighted the plight of Christians in Palestine Syria Jordan Lebanon and Egypt In the Eye of the Storm tells the story of the plight of twenty first century Middle Eastern Christians in five countries Palestine Israel Jordan Lebanon and Egypt in the context of the so called Arab Spring and within a destabilized region that is a geopolitical triangle shaped by Israeli hegemony and Arab Iranian tensions The book places the situation of the Christians within the wider sociopolitical context of the Middle East in the twenty first century A unique feature of this book is that it is written mainly by native Christians who have spent their entire lives in the region and continue to live there In the Eye of the Storm therefore provides an insider perspective rather than a hegemonic and colonial outsider perspective This book hopes to offer a sociopolitical framework for the Christians of the Middle East thus allowing them to tell their own story as they see it and not one that has been projected onto them by outside forces *Marian Reflections on War and Peace* Lenart Škof,Emily A. Palestinian Cinema Nurith Gertz, 2008-01-15 Although in recent years the entire world has been increasingly concerned with the Middle East and Israeli Palestinian relationship there are few truly reliable sources of information regarding Palestinian society and culture either concerning its relationship with Israeli society its position between east and west or its stances in times of war and peace One of the best sources for understanding Palestinian culture is its cinema which has devoted itself to serving the national struggle In this book two scholars an Israeli and a Palestinian in a rare and welcome collaboration follow the development of Palestinian cinema commenting on its response to political and social transformations They discover that the more the social political and economic conditions worsen and chaos and pain prevail the more Palestinian cinema becomes involved with the national struggle As expected Palestinian cinema has unfolded its national narrative against the Israeli narrative which tried to silence it 2003, / () *Becoming Pro-Palestinian* Rosemary Sayigh, 2024-02-22 This book brings together testimonials from people of different nationalities and professions who are pro Palestinian whether as scholars film makers artists musicians activists or NGO workers Using what oral historians call the focused life history renowned scholar

Rosemary Sayigh invites her contributors to describe the experiences events motives and feelings that led them to support the Palestinian cause The book is the first of its kind in Palestiniography and includes voices from countries across the world A chapter is dedicated to each country and contributors are asked to reveal how they discovered Palestine given that Palestine is rarely mentioned in school textbooks or university courses whether by travel friendship study membership in a political party or book group They are also asked to detail what specific forms their engagement has taken ranging scholarly creative militant or charitable and what their hopes are for the international solidarity movement Finally each contributor reflects on if they feel a just and equitable solution can ever be achieved for Palestinians and if they accept the label pro Palestinian or would rather define their relationship to the Palestinians in some other way With testimonies from both high profile and grassroots activists the book is a rich and personal selection that reflects the diversity dynamism and global nature of the movement for Palestine

Witness in Palestine Anna Baltzer,2019-01-22 Anna Baltzer a young Jewish American went to the West Bank to discover the realities of daily life for Palestinians under the occupation What she found would change her outlook on the conflict forever She wrote this book to give voice to the stories of the people who welcomed her with open arms as their lives crumbled around them For five months Baltzer lived and worked with farmers Palestinian and Israeli activists and the families of political prisoners traveling with them across endless checkpoints and roadblocks to reach hospitals universities and olive groves Baltzer witnessed firsthand the environmental devastation brought on by expanding settlements and outposts and the destruction wrought by Israel s Security Fence which separates many families from each other their communities their land and basic human services What emerges from Baltzer s journal is not a sensationalist tale of suicide bombers and conspiracies but a compelling and inspiring description of the trials of daily life under the occupation

The Future of Palestinian Identity Sharif Kanaana,2016-01-14 During the 1948 Nakba around three quarters of a million Palestinians were driven out of their homes and became refugees Since then they have not been allowed to return to their homeland but have not given up Originally concentrated mainly in neighbouring Arab countries they have in their attempts for survival spread throughout the world and are now found in most European countries the United States Canada and several South American countries This book is a result of a conference held on the theme of the Future of Palestinian Identity which resulted from a prevailing feeling among Palestinians both academics and otherwise that Palestinian identity seems to be suffering from a state of weakening and retreat The conference was intended to increase awareness of the dangers threatening Palestinian identity As a result the contributions to this volume study analyse and suggest solutions to the problems facing Palestinian identity today and centre around four main themes namely the history of the emergence and development of Palestinian national identity considering the circumstances which led to its emergence and the main stages in this development the constituent elements of Palestinian national identity looking at what makes a person Palestinian and the shared symbols of Palestinian identity the extent to which a shared Palestinian identity is

necessary and the future of this identity Contributors include both Palestinian and international scholars *An Oral History of the Palestinian Nakba* Doctor Nahla Abdo,Nur Masalha,2018-05-15 In 2018 Palestinians mark the 70th anniversary of the Nakba when over 750 000 people were uprooted and forced to flee their homes in the early days of the Israeli Palestinian conflict Even today the bitterness and trauma of the Nakba remains raw and it has become the pivotal event both in the shaping of Palestinian identity and in galvanising the resistance to occupation Unearthing an unparalleled body of rich oral testimony *An Oral History of the Palestinian Nakba* tells the story of this epochal event through the voices of the Palestinians who lived it uncovering remarkable new insights both into Palestinian experiences of the Nakba and into the wider dynamics of the ongoing conflict Drawing together Palestinian accounts from 1948 with those of the present day the book confronts the idea of the Nakba as an event consigned to the past instead revealing it to be an ongoing process aimed at the erasure of Palestinian memory and history In the process each unique and wide ranging contribution leads the way for new directions in Palestinian scholarship *Cosmopolitan Peace* Cecile Fabre,2016-08-18 This book articulates a cosmopolitan theory of the principles which ought to regulate belligerents conduct in the aftermath of war Throughout it relies on the fundamental principle that all human beings wherever they reside have rights to the freedoms and resources which they need to lead a flourishing life and that national and political borders are largely irrelevant to the conferral of those rights With that principle in hand the book provides a normative defence of restitutive and reparative justice the punishment of war criminals the resort to transitional foreign administration as a means to govern war torn territories and the deployment of peacekeeping and occupation forces It also outlines various reconciliatory and commemorative practices which might facilitate the emergence of trust amongst enemies and thereby improve prospects for peace
