Christian Lange, Alexander Knysh, 2022-12-28 This volume discusses the origin and structure of the universe in mystical Islam. Sufism with special reference to parallel realms of existence and their interaction. Contributors address Sufi ideas about the fate of human beings in this and future life under three rubrics: 1 cosmogony and eschatology where do we come from and where do we go? 2 conceptualizations of the world of the here and now where are we now? and 3 visualizations of realms of existence their hierarchy and mutual relationships where are we in relation to other times and places. Contributors are Christian Lange, Alexander Knysh, Noah Gardiner, Stephen Hirtenstein, Saeko Yazaki, Jean Jacques Thibon, Leah Kinberg, Sara Sviri, Munjed M. Murad, Simon O. Meara, Pierre Lory, Mathieu Terrier, Michael Ebstein, Binyamin Abrahamov, and Frederick Colby. **The Blue Sapphire of the Mind** Douglas E. Christie, 2013 In *The Blue Sapphire of the Mind* Douglas E. *Islam and Other Religions* Irfan Omar, 2013-09-13 This collection of essays assesses various dimensions of dialogue between Islam and other religions, especially Christianity. This book celebrates the work of Professor Mahmoud Ayoub and reflects the themes that are central in his scholarship, spanned over the last three decades and which are more relevant than ever at the inauguration of the twenty-first century. The themes reflected are the Quran and hadith, theology and philosophy, and Islam's interaction with other religions. Ayoub needs no introduction to those familiar with and engaged in inter-religious dialogue in general and Muslim-Christian-Jewish dialogue in particular. He is a well-known Muslim scholar and historian of religion, currently director of the Islamic studies program in the department of religion at Temple University in Philadelphia. His broad area of interest is of course Islamic studies, but he has also exerted considerable scholarly efforts in comparative religion. As evidenced from Dr. Ayoub's works, he moves with ease between philosophy and mysticism, scripture and tradition, and between Islam and other religions. As a Muslim, Ayoub has provided a model of being religious which combines openness to others without compromising rigorous historical scholarship. Contributors to this volume include some of his close friends and colleagues as well as former students, both Muslim and Christian. This book was previously published as a special issue of *Islam and Christian-Muslim Relations*. **Exotic Luster** Pasquale De Marco, 2025-05-18 *Exotic Luster* is an immersive journey into the heart of the tropics, a world of captivating beauty and rich cultural heritage. phenomena It highlights the mythical sources of today's political projects the power of political imagination and the function of symbolism in political thought Eszter Salg argues that the driving force for the formation of political communities is fantasy illusions in a Winnicottian sense phantasies in a Lacanian sense phantoms as described by Nicolas Abraham and Maria Torok and dreams as interpreted by Sándor Ferenczi She introduces the metaphor of the fantastic family as a symbolic representation of political communities both to reflect on people's deeply felt desire to find in public life the resolution love and wholeness of early childhood and to unveil the political elite's readiness to don the mask of the ideal parent The book is divided into two parts The first part of the book explores the theories of Donald Winnicott and Jacques Lacan the matrimony on the stage of politics between the good enough mother and the Symbolic Father which inaugurates the story of democracy's fantastic family The second part presents the fantastic families of selected countries such as Hungary Italy and the world community to explain the proliferation of cosmogony projects and to document the failure of the political elites to offer a satisfactory performance of their maternal and paternal functions Psychoanalytic Reflections on Politics Fatherlands in mothers hands presents a new way of considering the art of politics based on the understanding that people perceive reality through imagination and unconscious fantasy It will be of interest to psychoanalysts and academics from across the disciplines of politics psychology anthropology sociology philosophy literature and art Kafka's Contextuality Alan

Reflections on Paradise ,1989 *The Heart of Islam* Seyyed Hossein Nasr,2009-03-17 As the specter of religious extremism has become a fact of life today the temptation is great to allow the evil actions and perspectives of a minority to represent an entire tradition In the case of Islam there has been much recent confusion in the Western world centered on distorted portrayals of its core values Born of ignorance such confusion feeds the very problem at hand In *The Heart of Islam* one of the great intellectual figures in Islamic history offers a timely presentation of the core spiritual and social values of Islam peace compassion social justice and respect for the other Seizing this unique moment in history to reflect on the

essence of his tradition Seyyed Hossein Nasr seeks to open a spiritual and intellectual space for mutual understanding Exploring Islamic values in scripture traditional sources and history he also shows their clear counterparts in the Jewish and Christian traditions revealing the common ground of the Abrahamic faiths Nasr challenges members of the world's civilizations to stop demonizing others while identifying themselves with pure goodness and to turn instead to a deeper understanding of those shared values that can solve the acute problems facing humanity today Muslims must ask themselves what went wrong within their own societies he writes but the West must also pose the same question about itself whether we are Muslims Jews Christians or even secularists whether we live in the Islamic world or in the West we are in need of meaning in our lives of ethical norms to guide our actions of a vision that would allow us to live at peace with each other and with the rest of God's creation Such help he believes lies at the heart of every religion and can lead the followers of the Abrahamic religions Judaism Christianity and Islam as well as other religious and spiritual traditions to a new future of mutual respect and common global purpose The Heart of Islam is a landmark presentation of enduring value that offers hope to humanity and a compelling portrait of the beauty and appeal of the faith of 1.2 billion people
