Reform In Graduate And Professional Education The Jossey Bass Series In Higher Education:

Professional Education for International Organizations Dietmar Herz, Marc Schattenmann, Susan Lynn Dortants, Kristin Linke, 2008 What does it take to work for an international organization and to succeed there How can universities prepare their students for a career in international organizations Answers to these questions come from in depth studies at selected international organizations EU OSCE ESA UNEP World Bank and a comparative survey of degree programs and professional schools in the United States and Europe The results are of interest to human resources managers at international organizations faculty and program managers at institutions of higher education and last but not least to students who aim for a career in international public service

The Current State of Human Services Professional Education Fran Burnford, Joann Chenault, 1978 *Effects of Higher Education Reforms: Change Dynamics* Martina Vukasović, Peter Maassen, Monika Nerland, Bjørn Stensaker, 2012-12-09 Higher education is in transition On the one hand over the last decades it has become politically and economically more important and thus also an object of reforms On the other hand higher education has become less special and is no longer able to justify its unique governance arrangements This volume presents a collection of contributions that go beyond reform agendas as such and focus on the effects of reforms at all relevant levels in higher education systems It is organised in four themes education research governance and academic profession with a variety of levels of analysis theoretical perspectives methodological approaches and geographical foci The topics in focus include the possible impact of latest national and European initiatives changes in the primary processes education and research on the levels of institutions professions and for individuals as well as higher education dynamics in contexts often overlooked in the literature e g Africa The aim is to take stock of the growing knowledge basis with respect to higher education with a special focus on the influence of reforms on the key aspects of higher education

Higher Education in the United States James J. F. Forest, Kevin Kinser, 2002-06-21 Surveys the changing landscape of American higher education from academic freedom to virtual universities from campus crime to Pell Grants from the Student Privacy Act to student diversity In the years following World War II college and university enrollment doubled students revolted faculty unionized and community colleges evolved Tuition and technology soared as did the number of first generation minority and women students These changes radically transformed the American system of postsecondary education Today that system is in trouble Its aging professoriate prepares for retirement but low academic salaries can no longer attract the best minds to replace them A flood of corporate dollars funds commercial research but money for basic research the seedbed of American scientific preeminence has dried up Colleges and universities also face heated competition with for profit education providers for students faculty and external financial support along with the costs of providing
