Reforming Parliamentary Democracy:

Reforming Parliamentary Democracy F. Leslie Seidle, David Campbell Docherty, 2003 Insightful analyses of recent reforms to parliamentary institutions and governance in Canada the United Kingdom Australia New Zealand and South Africa Parliamentary government combines stability and dynamism Its continuity is rooted in enduring principles such as citizen representation and accountability to the legislature But parliamentary systems have evolved in response to changes in the societies they govern and in citizens views about democratic practices In Reforming Parliamentary Democracy the authors demonstrate how in their respective countries parliamentary governments have combined stability with the capacity to adapt to such changes They provide insightful analyses of recent reforms to parliamentary institutions and governance in Canada the United Kingdom Australia New Zealand and South Africa Reforming Parliamentary Democracy Leslie Seidle, David C. Docherty, 2003-06-13 The authors address issues of representation the move to a proportional electoral system in New Zealand the unsuccessful attempt to establish a domestic head of state in Australia and the reform of the British House of Lords and demonstrate that citizens increasingly want legislative institutions to more closely reflect the societies they serve To discuss responsiveness the governance of indigenous communities and their place within the broader society in Canada and New Zealand are examined as is the role of institutions other than legislatures that are involved in protecting minority rights and responding to various forms of diversity A separate chapter analyses the basis for and merits of proposals to reform the Canadian House of Commons In addition authors review the dynamics of federalism intergovernmental relations and other processes of multi level governance in Canada the United Kingdom and South Africa Public debate about adapting governance processes to changing conditions and citizen values is a necessary condition of successful democracies and there is much to learn from progress and false starts in other parliamentary democracies Contributors include Jonathan Boston Victoria University of Wellington New Zealand Paul Chartrand consultant Victoria British Columbia Stéphane Dion minister of Intergovernmental Relations Government of Canada David Docherty Mason Durie Massey University Robert Hazell University College London Christina Murray University of Cape Town Cheryl Saunders University of Melbourne Leslie Seidle Jennifer Smith Dalhousie University and Lord Wakeham former chairman of the Royal Commission on House of Lords Reform

Reforming Parliamentary Committees Reuven Y. Hazan, 2001 Here Reuven Y Hazan argues that committees are essential for the efficient dispatch of parliamentary business and shows how several parliaments have recently reformed their committee systems to function more effectively In particular he gives an in depth knowledge and a broader understanding of Israel s committees and how they compare with the committees of other legislatures throughout the world

Democratic Reform in New Brunswick William Paul Cross, 2007 Democratic Reform in New Brunswick is a comprehensive collection of research papers written initially for the New Brunswick Commission on Electoral Democracy The essays provide detailed consideration of the many issues relating to democratic and electoral reform currently on the public

policy agenda in Canada Topics covered include electoral system change gender and representational issues questions relating to party democracy the role of legislators concerns around drawing electoral boundaries fixed election dates direct democracy and political disengagement among young voters All of the essays examine the implications of various reform proposals in these areas and most draw upon the experiences of other jurisdictions in addressing how they might play out in the Canadian context Many chapters also draw specifically upon the New Brunswick experience in considering how democratic reform might impact upon the province s politics New Brunswick is Canada s only bilingual province with two vibrant linguistic communities and is in many ways a microcosm of the Canadian state These readings provide insight into how issues related to democratic and electoral reform may play out on the national stage

Reforming Global Economic Governance Carlo Monticelli, 2019-01-18 The architecture of global economic and financial governance has undergone a deep and pervasive reform in the last ten years radically transforming international institutions and groups such as the International Monetary Fund the G7 and the G20 This book investigates the new unsettled order which is now prevailing driven by the change in the balance of power between advanced economies and key emerging market economies Bringing together multiple strands of analysis traditionally kept separate Reforming Global Economic Governance An Unsettled Order particularly explores the role of Europe within this changing world The book documents and examines a broad range of events building on methods from economics and other disciplines as well as on the insights from the author s personal involvement This innovative approach allows the reader to ascertain the defining features of the reform the increasing fragmentation of governance the interconnectedness of its

different elements and the strong concern for inclusiveness Furthermore it presents analyses highlighting the controversial nature of the new order which underpins the current policy debate on international economic relations including the resurgence of nationalism and trade conflicts Through these explorations this engaging book has direct relevance for the future prospects of international economic affairs Offering a comprehensive view of these issues this accessible text will appeal to scholars insiders and the general reader Its detailed and thorough analyses will also be of great use to those studying economics international political economy and international relations

Reforming Civil-Military Relations in New Democracies Aurel Croissant, David Kuehn, 2017-03-20 This book addresses the challenge of reforming defense and military policy making in newly democratized nations By tracing the development of civil military relations in various new democracies from a comparative perspective it links two bodies of scholarship that thus far have remained largely separate the study of emerging or failed civilian control over armed forces on the one hand and work on the roots and causes of military effectiveness to guarantee the protection and security of citizens on the other The empirical and theoretical findings presented here will appeal to scholars of civil military relations democratization and security issues as well as to defense policy makers

Parliament in Ethiopia Mercy Fekadu Mulugeta, 2023-08-15 African legislatures remain understudied yet democratisation development and peacebuilding all depend on these key political institutions This book provides an in depth analysis of Ethiopia's parliament a country of key political and strategic importance to the whole region In 1931 Ethiopia's monarchical government introduced a system of parliamentary democracy with seemingly contradictory objectives it wanted to legitimize its rule in a changing world and also needed to provide a respectable retirement vocation as senators and deputies to sections of the aristocracy it ousted from power This paradox of recognizing the parliament as essential to modern governance yet deliberately seeking weak institutions that are unable or unwilling to challenge those in power continues to haunt the parliament to this day Ethiopia continues to struggle to maintain political stability and the separation of power between government and parliament and a system of checks and balances are yet to substantially flourish Drawing on extensive original data gathered from interviews and surveys this book investigates the legal and practical status of federal representative institutions in Ethiopia from 1931 up to and including 2021 It delves into the rules and routines of parliament its contextually and historically grounded culture of representation and the techniques of manoeuvring executive bureaucracies The book also aims to understand the extent of civil dis engagement and the perceptions and role of citizens in shaping parliament and how the mandates and functions of individual MPs are also determined by cultural and socio economic factors such as gender population inequality and conflict This book's in depth and original analysis will be of interest to researchers across African studies politics development and governance The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Constitutional Amendments Richard Albert, 2019-07-15 Constitutional Amendments Making Breaking and Changing Constitutions is both a roadmap for navigating the intellectual universe of constitutional amendments and a blueprint for building and improving the rules of constitutional change Drawing from dozens of constitutions in every region of the world this book blends theory with practice to answer two all important questions what is an amendment and how should constitutional designers structure the procedures of constitutional change The first matters now more than ever Reformers are exploiting the rules of constitutional amendment testing the limits of legal constraint undermining the norms of democratic government and flouting the constitution as written to create entirely new constitutions that masquerade as ordinary amendments The second question is central to the performance and endurance of constitutions Constitutional designers today have virtually no resources to guide them in constructing the rules of amendment and scholars do not have a clear portrait of the significance of amendment rules in the project of constitutionalism This book shows that no part of a constitution is more important than the procedures we use change it Amendment rules open a window into the soul of a constitution exposing its deepest vulnerabilities and revealing its greatest strengths The codification of amendment rules often at the end of the text proves that last is not always least

Reforming the Treaty on European Union Alfred E. Kellermann, Bruno de Witte, Deirdre M. Curtin, Jan A. Winter, 2023-07-10 The studies collected in this work are the updated and revised versions of the reports and commentaries presented at an international conference on European Law held in September 1995 The aim of the conference was to stimulate informed reflection and debate on a number of fundamental issues relating to the impending revision of the Treaty on European Union and to discuss the sort of sensible legal options and realistic avenues of thought that could assist those involved with the work of the actual Intergovernmental Council IGC The contributions are grouped around three major themes an exploration of the framework of the revision debate general institutional questions the general architecture of the Union and the scope of the powers of the Community and the Union Questions that are addressed in this work are among

others Is it possible in the near future to simplify the procedure for amending the Treaty on European Union Is the objective of the European Union in the long term to become a European superstate a constitutional order of States or merely an advanced type of international organization What are the chances and pitfalls of allowing increased differentiated integration The book concludes with a comprehensive summing up and annexed are the Reflection Group's Report of 5 December 1995 as well as an extensive table of legal provisions and a table of cases The Impact of Legislatures Philip Norton, 2020-09-10 The Impact of Legislatures brings together key articles and path breaking scholarship published in The Journal of Legislative Studies during its first 25 years of publication enabling the reader to make sense of the impact of legislatures in the modern world Encompassing theory comparative analysis and country based empirical studies the volume examines the impact of legislatures as the key representative institutions of nations addressing their relationships both to government and to the people Legislatures are ubiquitous They provide legitimacy to measures of public policy and to government As such they are key to how a nation is governed But they do much more than confer legitimacy They are generally multi functional and functionally adaptable bodies and are an essential link between citizen and government However scholarship on them has not been extensive and has often been descriptive and country specific limiting the capacity to make sense of them as a particular species of institution The chapters in this volume reflect scholarship that helps the reader appreciate the significance of the place and consequences of legislatures examining not only the relationship between the legislature and the executive but also the oft neglected relationship between legislatures and the people Reflecting the growing body of research in the field of legislative studies carried by The Journal of Legislative Studies since its inception in 1995 The Impact of Legislatures is essential reading for anyone wishing to understand the impact of legislatures in the world today

Rebalanced and Revitalized Mike Harris, Preston Manning, Fraser Institute (Vancouver, B.C.), Institut économique de Montréal, 2006 Examines the democratic deficit present in Confederation today and applies to it these foundational principles expanding Canadians freedom of choice challenging Canadians to accept greater personal responsibility and deepening Canada's practice of federal democracy **Law Reforms Around the World** Asif H Qureshi, 2023-12-01 Encapsulating Law Reform requires the creation of a discreet space occupied with normative self generation self correction and self adaptation in the very anatomy of law and the architecture of legal systems This living dynamic trait should be a hallmark of the genetic material in the modern day institution of law This edited volume sheds light on Law Reform in its domestic comparative regional and international settings It examines the process of Law Reform and explains the need for a constant appraisal to keep its wheels optimally operational The book takes a holistic approach to understanding Law Reform and calls for such an approach in the very process of Law Reform It begins by looking at Law Reform processes from a theoretical perspective Thereafter it sheds light on domestic Law Reform processes in civil and common law legal systems This is followed by a focus on Law Reform at the international level with a critical appraisal of the International Law Commission ILC drawing on its

performance in international economic and environmental law Included in this consideration is also the role played in Law Reform by the IMF World Trade Organization World Intellectual Property Organization Multilateral Development Banks and the African Union Commission on International Law This volume should appeal to students serious scholars policy makers judges and the community of national and international lawyers interested in bringing effective reform in the national and international arenas Reforming the Unreformable Ngozi Okonjo-Iweala, 2014-08-29 A report on development economics in action by a crucial player in Nigeria's recent reforms Corrupt mismanaged and seemingly hopeless that's how the international community viewed Nigeria in the early 2000s Then Nigeria implemented a sweeping set of economic and political changes and began to reform the unreformable This book tells the story of how a dedicated and politically committed team of reformers set out to fix a series of broken institutions and in the process repositioned Nigeria's economy in ways that helped create a more diversified springboard for steadier long term growth The author Harvard and MIT trained economist Ngozi Okonjo Iweala currently Nigeria's Coordinating Minister for the Economy and Minister of Finance and formerly Managing Director of the World Bank played a crucial part in her country's economic reforms In Nigeria's Debt Management Office and later as Minister of Finance she spearheaded negotiations with the Paris Club that led to the wiping out of 30 billion of Nigeria's external debt 60 percent of which was outright cancellation Reforming the Unreformable offers an insider's view of those debt negotiations it also details the fight against corruption and the struggle to implement a series of macroeconomic and structural reforms This story of development economics in action written from the front lines of economic reform in Africa offers a unique perspective on the complex and uncertain global economic environment

Multiple Populisms Paul Blokker, Manuel Anselmi, 2019-09-17 This book provides a comprehensive interpretation of the multiple manifestations of populism using Italy the only country amongst consolidated constitutional democracies in which populist political forces have been in government on various occasions since the early 1990s as the starting point and benchmark Populism is a complex multi faceted political phenomenon which redefines many of the essential characteristics of democracy participation representation and political conflict This book considers contemporary versions of populism that pose a real challenge to representative and constitutional democracy Contributors provide an integrative interpretation of populism and analyse its principal historical social and politico legal variables to provide a multi dimensional reflection on the concept of populism comprehensive analysis of the populist phenomenon and a theoretical and comparative perspective on the diverse political experiences of populism Based on conceptual and interdisciplinary reflections from expert authors this book will be of great interest to scholars and post graduate students of cultural studies European studies political sociology political science comparative politics political philosophy and political theory with an interest in a comparative and interdisciplinary theory of populism and its manifestations
