Renegade Regimes Confronting Deviant Behavior In World Politics:

Renegade Regimes Miroslav Nincic, 2005 Rogue states pursue weapons of mass destruction support terrorism violate human rights engage in acts of territorial aggression and pose a threat to the international community Recent debates and policy shifts regarding Iraq North Korea Syria Iran and Afghanistan reflect the uneven attempts to contend with regimes that pursue deviant behavior In this timely new work Miroslav Nincic illuminates the complex issues and policy choices surrounding clashes between international society and states that challenge the majority's espoused interests and values As conventional approaches to international relations lose their relevance in a changing world Nincic's work provides new and necessary frameworks and perspectives Nincic explores recent events and develops theoretical models of contemporary asymmetrical power relations among states to offer a systematic account of the genesis trajectory and motivations of renegade regimes He discusses how the pursuit of policies that defy international norms is often motivated by a regime's desire for greater domestic control From this starting point Nincic considers states deviant behavior through two stages the first is the initial decision to defy key aspects of the international normative order and the second is the manner in which subsequent behavior is shaped by the international community's responses In addressing attempts to control pariah states Nincic assesses the effectiveness of sanctions and military responses He provocatively argues that comprehensive economic sanctions can lead to a restructuring of the renegade regime's ideology and economy that ultimately strengthens its grip on power In his chapter on military intervention Nincic argues that force or the threat of force against a rogue state frequently triggers a protective reflex among its citizens inspiring them to rally around the government's goals and values Military threats Nincic concludes produce several kinds of consequences and their impact needs to be better understood

Resistance and Change in World Politics Svenja Gertheiss, Stefanie Herr, Klaus Dieter Wolf, Carmen

Wunderlich, 2017-03-07 This edited volume analyses different forms of resistance against international institutions and charts their success or failure in changing the normative orders embodied in these institutions Non state groups and specific states alike advocate alternative global politics at the same time finding themselves demonized as pariahs and outlaws who disturb established systems of governance However over time some of these actors not only manage to shake off such allegations but even find their normative convictions accepted by international institutions This book develops an innovative conceptual framework to understand and explain these processes using seven cases studies in diverse policy fields including international security health migration religion and internet politics This framework demonstrates the importance of coalition building and strategic framing in order to form a successful resistance and bring change in world politics *The Uncertainty Doctrine* Alexandra Homolar, 2023-09-14 The post Cold War era is often seen as a missed opportunity of epic proportions for the United States to turn swords into ploughshares with much of the blame placed on international developments The Uncertainty Doctrine challenges the conventional take on post Cold War history as imposed on the US by

events largely outside its control. It shows in rich empirical detail how America's peace dividend did not merely fall by the wayside but was actively undermined by the narrative contests over the security implications of the New World Order. Committed to understanding the ontological significance of narrative in international security, Alexandra Homolar demonstrates that political agents have the capacity to respond to a systemic shock through discursive adaptation and reorganization. While narrative politics may not always matter in US defense policy at moments perceived as bifurcation points, it can be decisive in why some strategic responses prevail over possible alternatives.

The Politics of Genocide Jeffrey S. Bachman, 2022-09-16. Since the adoption of the Genocide Convention in 1948 and through the present day, the United Nations P 5 have ensured that holding any of them accountable for genocide would be practically impossible. *The Politics of Genocide* is the first book to explicitly demonstrate how the permanent member nations have exploited the Genocide Convention to isolate themselves from the reach of the law, marking them as outlaw states.

Deviance in International Relations W. Wagner, W. Werner, M. Onderco, 2014-03-30. Rogue states have been high on the policy agenda for many years, but their theoretical significance for international relations has remained poorly understood. In contrast to the bulk of writings on rogue states that address them merely as a policy challenge, this book studies what we can learn from deviance about international politics.

Vietnam's Communist Revolution Tuong Vu, 2016-12-22. By tracing the evolving worldview of Vietnamese communists over 80 years as they led Vietnam through wars, social revolution, and peaceful development, this book shows the depth and resilience of their commitment to the communist utopia in their foreign policy. Unearthing new material from Vietnamese archives and publications, this book challenges the conventional scholarship and the popular image of the Vietnamese revolution and the Vietnam War as being driven solely by patriotic inspirations. The revolution not only saw successes in defeating foreign intervention but also failures in bringing peace and development to Vietnam. This was and is the real tragedy of Vietnam. Spanning the entire history of the Vietnamese revolution and its aftermath, this book examines its leaders' early rise to power, the tumult of three decades of war with France, the US, and China, and the stubborn legacies left behind which remain in Vietnam today.

Hierarchies in World Politics Ayşe Zarakol, 2017-09-07. Globalizing processes are gathering increased attention for complicating the nature of political boundaries, authority, and sovereignty. Recent examples of global financial and political turmoil have also created a sense of unease about the durability of the modern international order and the ability of our existing theoretical frameworks to explain system dynamics. In light of the inadequacies of traditional international relations IR theories in explaining the contemporary global context, a growing range of scholars have been seeking to make sense of world politics through an analytical focus on hierarchies instead. Until now, the explanatory potential of such research agendas and their implications for the discipline went unrecognized, partly due to the fragmented nature of the IR field. To address this gap, this groundbreaking book brings leading IR scholars together in a conversation on hierarchy and thus moves the discipline in a direction

better equipped to deal with the challenges of the twenty first century *Diplomatic Theory of International Relations* Paul Sharp,2009-09-03 This book seeks to identify a body or tradition of diplomatic thinking and construct a diplomatic theory of international relations from it **Rogue States as Norm Entrepreneurs** Carmen Wunderlich,2019-10-11 This book investigates whether so called rogue states assumed antagonists of a Western liberal world order could also act as norm entrepreneurs by championing the genesis and evolution of global norms The author explores this issue by analyzing the arms control policies of the Islamic Republic of Iran A comparison with the prototypical norm entrepreneur Sweden and the Democratic People s Republic of North Korea a notorious norm breaker reveals interesting insights for norm research Apparently norm entrepreneurship manifests itself in different degrees and phases of the norm life cycle The finding that Iran indeed acts as a norm entrepreneur in some cases also sheds light on those factors that might account for the success or failure of norm advocacy Lastly the book offers a new perspective on rogue states by not only regarding them as irrational antagonists of the current world order but also as legitimate participants in a discourse on what the ruling order should look like This book will appeal to scholars interested in critical norm research in international relations This book offers cutting edge norm research highlighting how norm breakers can function as norm makers Maria Rost Rublee Associate Professor of International Relations Monash University Australia So called rogue states are typically understood as norm breakers but Carmen Wunderlich makes a persuasive conceptual case backed by empirical research that we need to consider the extent to which they are in fact norm entrepreneurs in their own right In an era characterized by much concern over the status of liberal norms this is a very timely study Richard Price Department of Political Science The University of British Columbia Canada At a time when the world order is under pressure this cutting edge analysis of how dissatisfied states challenge existing global norms illuminates a topic crucial to understanding contemporary international relations Nina Tannenwald Director Watson Institute for International and Public Affairs Brown University Rhode Island USA Role Compatibility as Socialization Dorothée Vandamme,2022-03-10 In *Role Compatibility as Socialization* Doroth e Vandamme examines Pakistan s socialization process in terms of role compatibility in the 2008 2018 period Adopting an Interpretative phenomenological analysis IPA method of analysis Vandamme builds on role theory to develop a theory of socialization as role compatibility to explain the dynamics of Pakistan s dys functioning position and its status seeking process as a fully functioning member of the international system Specifically she focuses on how Pakistani civilian and military leaders define their country s positioning towards India the United States and China In doing so she traces the link between domestic role contestation at the country s inception and the resulting domination of the military s conception of their country state identity how it projects itself externally and how it is received by others Departing from strictly structural or agent oriented explanations Vandamme expertly demonstrates Pakistan s perceived role compatibility with significant others and underlines the causality between state identity foreign policy behavior and socialization *Role Compatibility as Socialization* will be of interest to

graduate students and researchers who work on and with role theory and socialization theory and for those with a research interest on South Asia *The Logic of Positive Engagement* Miroslav Nincic, 2011-07-21 In this book Miroslav Nincic outlines the efficacy of and the benefits that can flow from positive rather than negative engagement with rogue states

Introduction to International and Global Studies, Third Edition Shawn C. Smallman, Kimberley Brown, 2020-07-06 Shawn C Smallman and Kimberley Brown's popular introductory textbook for undergraduates in international and global studies is now released in a substantially revised and updated third edition Encompassing the latest scholarship in what has become a markedly interdisciplinary endeavor and an increasingly chosen undergraduate major the book introduces key concepts themes and issues and then examines each in lively chapters on essential topics including the history of globalization economic political and cultural globalization security energy and development health agriculture and food and the environment Within these topics the authors explore such diverse and pressing subjects as commodity chains labor including present day slavery pandemics human rights and multinational corporations and the connections among them This textbook used successfully in both traditional and online courses provides the newest and most crucial information needed for understanding our rapidly changing world New to this edition Close to 50% new material New illustrations maps and tables New and expanded emphases on political and economic globalization and populism health climate change and development Extensively revised exercises and activities New resume writing exercise in careers chapter Thoroughly revised online teacher's manual **American Negotiating Behavior** Richard H. Solomon, Nigel Quinney, 2010 Informed by discussions and interviews with more than fifty seasoned foreign and American negotiators this landmark study offers a rich and detailed portrait of the negotiating practices of American officials Including contributions by eleven international experts it assesses the multiple influences cultural institutional historical and political that shape how American policymakers and diplomats approach negotiations with foreign counterparts and highlights behavioral patterns that transcend the actions of individual negotiators and administrations *The Politics of Nuclear Non-Proliferation* Ursula Jasper, 2013-10-08 This book examines the puzzle of why some states acquire nuclear weapons whereas others refrain from trying to do so or even renounce them Based on the predominant theoretical thinking in International Relations it is often assumed that nuclear proliferation is inevitable given the anarchic nature of the international system Proliferation is thus often explained by vague references to states insecurity in an anarchic environment Yet elusive generalisations and grand abstract theories inhibit a more profound and detailed knowledge of the very political processes that lead towards nuclearisation or its reversal Drawing upon the philosophical and social theoretical insights of American pragmatism *The Politics of Nuclear Non Proliferation* provides a theoretically innovative and practically useful framework for the analysis of states nuclear proliferation policies Rather than recounting a parsimonious lean account of proliferation the framework allows for the incorporation of multiple paradigms in order to depict the complex political contestation underlying states proliferation

decisions This pragmatist framework of analysis offers ways of overcoming long standing metatheoretical gridlocks in the IR discipline and encourages scholars to reorient their efforts towards imminent real world challenges This book will be of much interest to students of nuclear proliferation international security and IR theory **Journal of Soviet and Post-Soviet**

Politics and Society Julie Fedor, Samuel Greene, Andre Härtel, Andrey Makarychev, Andreas Umland, 2016-10-11 This special issue deals with the phenomenon of violence in the post Soviet space It examines both political and legal discourses and practices of internal and external violence broadly conceived simultaneously aspiring to situate them in the broader literature on political violence and ethnic and separatist conflict and to examine these from political legal and security studies perspectives The issue approaches the problem of violence in the post Soviet space from three perspectives international structural inter state and domestic political The contributors focus on structural sources of violence such as the relevance of the self determination principle the role of democratization and the relationship between violent behavior inside and outside the state They also analyze the role of the Russian Federation in generating perpetuating and mitigating political violence Finally they adopt a bottom up approach exploring how non state actors contribute to political violence **Nuclear**

Weapons Proliferation in the Next Decade Peter Lavoy, 2020-09-23 The intensification of the Iranian and North Korean nuclear crises has created new fears that deteriorating security conditions in the Middle East Northeast Asia and other regions will lead additional countries to seek their own nuclear arsenals in the years to come This special issue examines the factors that are likely to shape nuclear weapons proliferation over the next decade The internationally recognized authors of this issue many of whom are prominent scholars and others of whom have held influential governmental positions with responsibility for countering nuclear proliferation bring to light the conditions and events that might drive new countries to pursue nuclear weapons the indicators and cautionary signs that can provide early warning that a country is interested in building nuclear bombs and the policy and military measures that can be adopted to prevent or at least dissuade new proliferators The introductory chapter develops a novel analytical approach focusing on the role of nuclear myths and mythmakers and the subsequent chapters draw on this approach to help analysts better understand and policy makers better manage nuclear proliferation over the next ten years **Dictionary of International Security** Paul Robinson, 2008 This

dictionary provides readers with a handy reference guide to the field of international security by including over 200 articles on a wide range of concepts issues treaties and institutions from absolute war to weapons of mass destruction *Hegemony and Resistance around the Iranian Nuclear Programme* Moritz Pieper, 2017-04-21 The Iranian nuclear crisis is a proxy arena for competing visions about the functioning of international relations This book is the first to provide comprehensive and comparative analyses to conceptualise the interaction between hegemonic structures and those actors resisting them using the Iranian nuclear case as an illustration It analyses the foreign policies of China Russia and Turkey towards the Iranian nuclear programme and thereby answers the question to what extent these policies are indicative of a security culture that

resists hegemony Based on 70 elite interviews with experts and decision makers closely involved with the Iranian nuclear file it analyses resistance to hegemony across its ideational material and institutional framework conditions The cases examined show how compliance on the part of China Russia and Turkey with parts of US approaches to the Iranian nuclear conflict has been selective and how US policy preferences in the Iran dossier have been resisted on other occasions As such the Iran nuclear case serves as an illustration to shed light on the contemporaneous interaction of the forces of consent and coercion in international politics This book will be of key interest to scholars students and practitioners in International Relations Security Studies and Foreign Policy Analysis

The New Iranian Leadership Yonah Alexander, Milton Hoenig, 2007-12-30

Since his election President Mahmoud Ahmadinejad of Iran has reversed the more moderate and pluralistic policies of his predecessor and projected himself onto the public scene with headline grabbing speeches regarding Jews and the state of Israel open defiance of the UN Security Council on the nuclear issue and an apparent vision of his country becoming the dominant power in the Middle East This book documents Ahmadienjad's background and rise to power It explains the current structure of the Iranian revolutionary government the competing centers of power and the major players In separate sections it details the terrorist groups funded and armed by Iran primarily Hezbollah and Hamas And it provides a comprehensive picture of Iran's apparent aspirations to acquire nuclear weapons as well as the related implications for regional and global security concerns Iran's nuclear ambitions are in direct conflict with the wishes of the United States the European Union and many of the governments of the Middle East leading to consequences that remain uncertain Iran is a focus of attention in the most recent war in Lebanon expanding its influence as a the major supporter and supplier of Hezbollah And Iran is cited in the most recent annual U S State Department report on terrorism as the country that is the most active sponsor of terrorism

Introduction to International and Global Studies, Second Edition Shawn C. Smallman, Kimberley Brown, 2015-01-05

Renegade Regimes Confronting Deviant Behavior In World Politics Introduction

In the digital age, access to information has become easier than ever before. The ability to download Renegade Regimes Confronting Deviant Behavior In World Politics has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Renegade Regimes Confronting Deviant Behavior In World Politics has opened up a world of possibilities. Downloading Renegade Regimes Confronting Deviant Behavior In World Politics provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Renegade Regimes Confronting Deviant Behavior In World Politics has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Renegade Regimes Confronting Deviant Behavior In World Politics. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Renegade Regimes Confronting Deviant Behavior In World Politics. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize

reputable websites that prioritize the legal distribution of content. When downloading Renegade Regimes Confronting Deviant Behavior In World Politics, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Renegade Regimes Confronting Deviant Behavior In World Politics has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Renegade Regimes Confronting Deviant Behavior In World Politics Books
