E. Watson, 1995-05-01 To mark the retirement of John F A Sawyer Professor of Religious Studies in the University of Newcastle upon Tyne colleagues and former students from around the world have contributed studies on his areas of interest the study of Hebrew the books of the Jewish Bible and the culture and traditions of Judaism The essayists consider not simply the origin of the meaning of word and text but also the many and strange ways in which word and text become transposed re oriented and often enough traduced by later interests and purposes The roll call of scholars reads Philip Alexander Francis Andersen Graeme Auld Calvin Carmichael Robert Carroll David Clines Richard Coggins Jon Davies Philip Davies James Dunn John Elwolde John Gibson Graham Harvey Peter Hayman Dermot Killingley Jonathan Magonet Robert Morgan Takamitsu Muraoka Christopher Rowland Deborah Sawyer Clyde Curry Smith Max Sussman William Telford Marc Vervenne Wilfred Watson Keith Whitelam and Isabel Wollaston **Renewing Biblical Interpretation** Zondervan, 2022-03-15 Renewing Biblical Interpretation is the first of eight volumes from the Scripture and Hermeneutics Seminar This annual gathering of Christian scholars from various disciplines was established in 1998 and aims to re assess the discipline of biblical studies from the foundation up and forge creative new ways for re opening the Bible in our cultures Including a retrospective on the consultation by Walter Brueggemann the contributors to Renewing Biblical Interpretation consider three elements in approaching the Bible the historical the literary and the theological and the underlying philosophical issues that shape the way we think about literature and history **Dictionary of the Old Testament: Prophets** G MCCONVILLE, MARK J BODA, 2020-05-21 The writings of the prophets make up over a quarter of the Old Testament But perhaps no other portion of the Old Testament is more misunderstood by readers today For some prophecy conjures up knotted enigmas opaque oracles and terrifying visions of the future For others it raises expectations of a plotted out future to be reconstructed from disparate texts And yet the prophets have imprinted the language of faith and imagination with some of its most sublime visions of the future nations streaming to Zion a lion lying with a lamb and endlessly fruiting trees on the banks of a flowing river We might view the prophets as stage directors for Israel s unfolding drama of redemption Drawing inspiration from past acts in that drama and invoking fresh words from its divine author these prophets speak a language of sinewed poetry their words and images arresting the ear and detonating in the mind For when Yahweh roars from Zion and thunders from Jerusalem the pastures of the shepherds dry up the crest of Carmel withers and the prophetic word buffets those selling the needy for a

pair of sandals The Dictionary of the Old Testament Prophets is the only reference book of its kind Not only does it focus exclusively on the prophetic books it also plumbs their imagery of mountains and wilderness flora and fauna temple and Zion It maps and guides us through topics such as covenant and law exile and deliverance forgiveness and repentance and the Day of the Lord Here the nature of prophecy is searched out in its social historical literary and psychological dimensions as well as its synchronic spread of textual links and associations And the formation of the prophetic books into their canonical collection including the Book of the Twelve is explored and weighed for its significance Then too contemporary approaches such as canonical criticism conversation analysis editorial redaction criticism feminist interpretation literary approaches and rhetorical criticism are summed up and assayed Even the afterlife of these great texts is explored in articles on the history of interpretation as well as on their impact in the New Testament

Interpreting the Prophetic Word Willem A. VanGemenen, 2010-06-01 The diversity of prophetic voices in the Bible provides a message that is rich and variegated But the variety of the testimony can be lost by limiting one's interpretations or application of the prophetic word Interpreting the Prophetic Word helps readers understand the harmony of the voices that reveal God's purposes in redemptive history Dr Willem VanGemenen explains clearly and fully the background of the prophetic tradition He then interprets the message of the major and minor prophets using historical context and literary form and structure as tools in his analysis He concludes with an explanation of the relevance of the prophetic word today Dr VanGemenen's extensive research and scholarship is presented in a readable way to unlock the door of prophecy for readers He helps them to interpret prophecy and invites them to listen to the prophets and to live the prophetic word

The Book

of Haggai John Kessler, 2014-09-03 This monograph is a study of the perceptions reflected in the Book of Haggai regarding the primary social political and religious institutions in early Persian Yehud Special attention is given to the form and function of prophecy and to the role of the prophet in society The study includes a history of the criticism of Haggai a study of the book's redactional history and socio political context and an exegesis and literary analysis of the text It concludes with an examination of the distinctive perspectives found in the book and the sociological and religious milieu that produced them The work is particularly useful for its detailed analysis of the biblical text its attention to recent literature on the early Persian period and its multidisciplinary and integrative approach *The Evolution of the English Drama Up to Shakespeare* Charles William Wallace, 1912 **A History of the Jews and Judaism in the Second Temple Period, Volume 2** Lester L. Grabbe, 2008-09-25 This is the second volume of the projected four volume history of the Second Temple period It is axiomatic that there are large gaps in the history of the Persian period but the early Greek period is possibly even less known This volume brings together all we know about the Jews during the period from Alexander's conquest to the eve of the Maccabean revolt including the Jews in Egypt as well as the situation in Judah Based directly on the primary sources which are surveyed the study addresses questions such as administration society religion economy jurisprudence Hellenism and Jewish identity These are discussed in the context of the wider Hellenistic world and its history A strength of the study is its extensive up to date secondary bibliography approximately one thousand items
