Lewis Mumford,2007 Superbly crafted little essays Lewis Mumford s New Yorker pieces called The Art Galleries well deserve this handsome republication They offer supremely tasteful guided tours of the galleries and museums of Manhattan at the time when the canon of Western art including modernism was being secured against a background of tension between abstraction and realism and between aestheticism and social commitment The essays are a gift for our own troubled times from one of the great humane and versatile critics of the twentieth century they offer the reassurance of urbanity poise and commitment to art as a primary social necessity Alan Trachtenberg Neil Grey Emeritus Professor of English Yale University

Impressionists At Leisure Pamela Todd,2007-10-30 Follows the fascinating characters around the Impressionists daily lives in Paris or to their frequent escapes to the countryside or the sea This book explores their passions and relationships and also the society they lived in and how they interacted with that society Discoveries: Petra Christian Auge,Jean-Marie Dentzer,2000-05-01 Petra s mysterious beauty and dramatic story have long captivated the imaginations of historians and art lovers Recent excavations by the archaeologists Jean Marie Dentzer and Christian Auge provide new information about this city unique in history BOOK JACKET **The Robert Lehman Collection** Metropolitan Museum of Art (New York,

N.Y.),1987 Robert Lehman one of the foremost art collectors of his generation embraced traditional and modern masters This work catalogues 130 nineteenth and 20th century paintings that are part of the Robert Lehman Collection at the Metropolitan Museum It includes paintings by Ingres Theodore Rousseau and Corot among other early 19th century artists In addition to a group of early German drawings this collection includes a Saint Paul from a series associated with Jan van Eyck and the famous Scupstoel from the circle of Rogier van der Weyden It discusses all drawings placing each in its art historical setting and complementing it with comparative illustrations of related works **François Truffaut** Annette Insdorf,2020-08-31 Truffaut s films beautifully demonstrate the idea that a film can express its director as personally as a novel can reveal its author Moreover his development of a gently self conscious visual style made him more than the entertainer he believed he was there is genuine artistry in his motion pictures He affected the course of French cinema indeed world cinema by blending auteurist art with accessible cinematic storytelling Unlike other New Wave directors such as Jean Luc Godard Truffaut preferred idiosyncratic characters like the semi autobiographical Antoine Doinel and universal emotions especially desire and fear to political tracts or didactic essays Instead of the elitism or self indulgence that characterize much of European cinema Truffaut s movies were meant to touch people from different countries times and classes And they keep succeeding in this aim Truffaut s cinema remains a model of intimate reasonably budgeted sophisticated filmmaking that can still speak delightfully and profoundly to an international audience Long considered the definitive study of Truffaut s genius this revised and updated edition of Fran ois Truffaut includes fresh insights and an

extensive section on the director's last five films *Love on the Run* *The Green Room* *The Last Metro* *The Woman Next Door* and *Confidentially Yours*. While not a biography of the director, Insdorf captures in this study the essence and totality of Truffaut's work. She discusses his contributions to the French New Wave, his relations with his mentors Hitchcock and Renoir, and the dominant themes of his cinema: women, love, children, language. She explores his life in relation to his films from *The 400 Blows* to *The Man Who Loved Women*. The most sensitive and intelligent book in the English language about my work, François Truffaut. Everyone who loves Truffaut will be delighted to welcome this book to their library. Milo Forman, director of *One Flew Over the Cuckoo's Nest* and *Amadeus*. Annette Insdorf's book on Truffaut is the best I know. Charles Champlin, *The Los Angeles Times*. Relevant, illuminating, clever, moving, sane, intelligible. Roger Greenspun, film critic. An astute and insightful examination of the director's work along thematic and psychological lines. Insdorf carefully weaves a complex matrix of loose chords, individual motifs, and personal obsessions that amount to a strikingly coherent vision. Insdorf's analysis provides the reader with the best examination yet of Truffaut's work. Dan Yakir, *Film Comment*. Insdorf succeeds masterfully in fulfilling the purpose of her study of François Truffaut: an engaging and sympathetic study. Richard Williamson, *The French Review*. François Truffaut has been blessed with intelligent and perceptive critics throughout his career. Annette Insdorf's new book fits snugly into this tradition of excellence and even goes the earlier studies one better by treating the films with the comprehensiveness they deserve. The most striking feature of Insdorf's study is the intense concentration she brings to her discussion of each film. Her insights come thick and fast in the best New Critical fashion. This is an especially insightful, highly intelligent study. Peter Brunette, *Film Quarterly*. Each chapter in this well-researched and informative book contains extended comparisons of Truffaut's films. Each aims at specifying the thematic and stylistic continuities that define Truffaut as an auteur. Insdorf's mastery of the auteurist approach produces a remarkable synthesis of thematic and stylistic continuities. Paul Sandro, *The French Review*. Insdorf's forte is comparative exposition and synthetic vision. Her early chapters on Truffaut's sources, Hitchcock and Renoir, and the latter ones on women, children, and Truffaut's autobiographical films are replete with gems of comparative analysis, e.g., her instructive comparison of *Rules of the Game* and *Day for Night*, and the insightful relating of jazz with Truffaut's own improvisation in early films. Francis I. Kane, *Literature/Film Quarterly*. Insdorf's insights regarding the famous films are on the mark, and she makes an eloquent case for those not so well thought of. *Variety*.

Henri Cartier-Bresson. by Clément Chroux. Clément Chéroux, 2008. Henri Cartier-Bresson's photography came to define the 20th century. This book tells his life story through his images: all the major events from his youth to his death in 2004 are described, contextualized, and analysed in light of his photographic work. **Discoveries: Gustave Moreau** Genevieve Lacambre, 1999-06. Trained in Renaissance art traditions, Moreau helped to open the way for modern art and was especially fascinating to the later Surrealists themselves. Drunk on dreams, Genevieve Lacambre takes us into the heart of this man's unique creativity, exploring his life and artistic sources. More than 120 paintings, drawings, and watercolors, and a

wealth of documents letters and photographs illustrate the life and work of this singular artist BOOK JACKET **Great Modern Masters** John Rothenstein, Corinne Benicka, 1980 *The Dial* Francis Fisher Browne, Waldo Ralph Browne, Scofield Thayer, Marianne Moore, 1920 *Art History Versus Aesthetics* James Elkins, 2012-11-12 In this unprecedented collection over twenty of the world's most prominent thinkers on the subject including Arthur Danto Stephen Melville Wendy Steiner Alexander Nehamas and Jay Bernstein ponder the disconnect between these two disciplines The volume has a radically innovative structure it begins with introductions and centres on an animated conversation among ten historians and aestheticians That conversation was then sent to twenty scholars for commentary and their responses are very diverse some are informal letters and others full essays with footnotes Some think they have the answer in hand and others raise yet more questions The volume ends with two synoptic essays one by a prominent aesthetician and the other by a literary critic This stimulating inaugural volume in the Routledge The Art Seminar series presents not one but many answers to the question Does philosophy have anything to say to art history Discoveries: Architecture of the Renaissance Bertrand Jestaz, 1996-03-30 Explores the architecture of the Renaissance period and interprets it through a pictorial tour of Florence's Duomo the chateaux of the Loire valley and the Palladian villas of the Veneto
