Key Words

democracy, representative democracy, constituency, elections, accountability, deliberation

Abstract

Democratic theorists have paid increasing attention to problems of political representation over the past two decades. Interest is driven by (a) a political landscape within which electoral representation now competes with new and informal kinds of representation; (b) interest in the fairness of electoral representation, particularly for minorities and women; (c) a renewed focus on political judgment within democratic theory; and (d) a new appreciation that participation and representation are complementary forms of citizenship. We review recent innovations within democratic theory, focusing especially on problems of fairness, constituency definition, deliberative political judgment, and new, nonelectoral forms of representation.

Representation And Democratic Theory

Dario Castiglione, Johannes Pollak

Representation And Democratic Theory:

Equality and Representation Anthoula Malkopoulou, Lisa Hill, 2019-05-31 This volume is primarily concerned with equality as a basic component of the democratic character of representation. In other words, of the many types of equality that have attracted the attention of theorists since democracy's beginnings: arithmetic equality, equality before the law, equality of opportunity, we would like to draw attention to representational equality, that is, the role of equality in systems of democratic representation. In what form is equality present in traditional forms of electoral representation? How can it be secured in new forms of representation such as claims-making, deliberative, klerotarian and epistemic representation? And to what extent are electoral or non-electoral models of representation able to accommodate increasing social inequalities? The articles in this volume discuss these issues from a normative and conceptual point of view, seeking to shed new light on the important but under-explored relationship between equality and representation. This book was originally published as a special issue of *Critical Review of International Social and Political Philosophy*.

Representation and Democratic Theory David Laycock, 2011-11-01 With public confidence in representative institutions dropping to distressing levels, it is time for political theorists to reconnect issues of representation to considerations of justice, rights, citizenship, pluralism and community. *Representation and Democratic Theory* investigates theoretical and practical aspects of innovative political representation in the early twenty-first century. It reveals the complexity of contemporary political representation and the importance of reinvigorating public life outside legislatures, political parties and competitive elections. A crucial supplement to empirical studies of conventional political representation, this book offers a timely and thought-provoking contribution to contemporary democratic theory. It will be a necessary and welcome addition to the libraries of many political and social scientists.

Creating Political Presence Dario Castiglione, Johannes Pollak, 2018-12-28 For at least two centuries, democratic representation has been at the center of debate. Should elected representatives express the views of the majority or do they have the discretion to interpret their constituents' interests? How can representatives balance the desires of their parties and their electors? What should be done to strengthen the representation of groups that have been excluded from the political system? Representative democracy itself remains frequently contested, regarded as incapable of reflecting the will of the masses or inadequate for today's global governance. Recently, however, this view of democratic representation has been under attack for its failure to capture the performative and constructive elements of the process of representation, and a new literature more attentive to these aspects of the relationship between representatives and the represented has arisen. In *Creating Political Presence*, a diverse and international group of scholars explores the implications of such a turn. Two broad, overlapping perspectives emerge. In the first section, the contributions investigate how political representation relates to empowerment, either facilitating or interfering with the capacity of citizens to develop autonomous judgment in collective decision-making. Contributions in the second section look at representation from the perspective of inclusion, focusing on how

representative relationships and claims articulate the demands of those who are excluded or have no voice The final section examines political representation from a more systemic perspective exploring its broader environmental conditions and the way it acquires democratic legitimacy

Equality and Representation Anthoula Malkopoulou, 2019 This volume is primarily concerned with equality as a basic component of the democratic character of representation In other words of the many types of equality that have attracted the attention of theorists since democracy's beginnings arithmetic equality equality before the law equality of opportunity we would like to draw attention to representational equality that is the role of equality in systems of democratic representation In what form is equality present in traditional forms of electoral representation How can it be secured in new forms of representation such as claims making deliberative klerotarian and epistemic representation And to what extent are electoral or non electoral models of representation able to accommodate increasing social inequalities The articles in this volume discuss these issues from a normative and conceptual point of view seeking to shed new light on the important but under explored relationship between equality and representation This book was originally published as a special issue of Critical Review of International Social and Political Philosophy Provided by publisher

Reclaiming Representation Monica Brito Vieira, 2017-05-25 Representation is integral to the functioning and legitimacy of modern government Yet political theorists have often been reluctant to engage directly with questions of representation and empirical political scientists have closed down such questions by making representation synonymous with congruence Conceptually unproblematic and normatively inert for some representation has been deemed impossible to pin down analytically and to defend normatively by others But this is changing Political theorists are now turning to political representation as a subject worthy of theoretical investigation in its own right In their effort to rework the theory of political representation they are also hoping to impact how representation is assessed and studied empirically This volume gathers together chapters by key contributors to what amounts to a representative turn in political theory Their approaches and emphases are diverse but taken together they represent a compelling and original attempt at re conceptualizing political representation and critically assessing the main theoretical and political implications following from this namely for how we conceive and assess representative democracy Each contributor is invited to look back and ahead on the transformations to democratic self government introduced by the theory and practice of political representation Representation and democracy outright conflict uneasy cohabitation or reciprocal constitutiveness For those who think democracy would be better without representation this volume is a must read it will question their assumptions while also exploring some of the reasons for their discomfort Reclaiming Representation is essential reading for scholars and graduate researchers committed to staying on top of new developments in the field

Political Representation Marc Bühlmann, Jan Fivaz, 2016-04-14 In an ideal democracy representatives would entirely reflect citizens views preferences and wishes in their legislative work However real life democracies do not meet this ideal and citizens policy preferences and priorities are mirrored only inadequately This book

provides new insights on political representation It is guided by three questions what roles should representatives play Who is actually or should be represented How are the representatives or how should they be connected with the represented Containing contributions from the perspectives of political theory and philosophy as well as quantitative empirical studies the volume demonstrates the need to adapt these established questions to new political realities This text will be of key interest to scholars and students of political representation and parties political theory democratic theory political philosophy and comparative politics

The Good Representative Suzanne Dovi,2012-06-18 In *The Good Representative* Suzanne Dovi argues that democratic citizens should assess their representatives by their display of three virtues they must be fair minded build critical trust and be good gatekeepers This important book provides standards for evaluating the democratic credentials of representatives Identifies the problems with and obstacles to good democratic representation Argues that democratic representation even good democratic representation is not always desirable Timely and original this book rejects the tendency to equate respect for the preferences of citizens with neutrality on the standards used in choosing their representatives

Women as Builders of Parity Democracy in Mexico Adriana del Rosario Báez Carlos,Adriana Ortiz-Ortega,Sergio A. Bárcena Juárez,Lorena Vázquez Correa,2025-09-01 When Claudia Sheinbaum was sworn in as Mexico's 66th president and its first female leader political analysts focused their research on the potential impact of her presidency on the advancement of social transformation and the deepening of gender equality Featuring chapters from highly respected researchers whose work has been critical to promoting gender parity in Mexico *Women as Constructors of Parity Democracy in Mexico* chronicles the evolution of women's integration into Mexico's public sphere during the nation's democratic transition scrutinizing the tangible impacts of women's political representation within the initial years of the parity model while dissecting the political currents that either advanced or impeded the women's agenda The book is divided into three parts and consists of nine chapters that follow a common framework highlighting how women politicians and activists operate within the legislative and executive branches to bring about change in the field of gender politics *Women as Builders of Parity Democracy in Mexico* will be of interest to researchers and postgraduates studying gender and politics in Mexico

The Edges of Political Representation Mihnea Tănăsescu,Claire Dupont,2021-05-07 The concept of political representation has expanded beyond the classical relationship between representative and the represented to encompass advocacy group identities non human voices future generations non democratic systems symbols virtual representation and broader interests As such literature on political representation stems from a wide range of viewpoints and scholarly traditions with different norms and assumptions built in This volume aims to map and critique the edges of political representation By moving from a discussion in the classical electoral literature through feminist perspectives to different levels of representation different understandings of who is represented and onto empirical studies of symbolic and virtual representation through participation the contributions in this book provide a nuanced assessment while also presenting

future avenues for research that go beyond the mainstream of research on political representation Taken together the chapters provide a wide vista of political representation across several sub disciplines in political science political theory political philosophy party politics electoral politics feminism European politics minority politics online governance etc and also open up new research avenues through a thorough investigation and critique of political representation in scholarship

Research Handbook on Political Representation Maurizio Cotta,Federico Russo,2020-12-25 At a time when political representation can be said to be facing its ultimate crisis this crucial work clarifies the terms of the debate providing an up to date analysis of the main conceptual and institutional controversies that have arisen surrounding this topic Written by leading scholars in the field contributions focus on how representation is conceptualised and its relation to democracy

Women's Representation in African Politics Zainab Monisola Olaitan,2024-12-11 Does the election of more and more women into political offices mean that women s interests will be better protected This question forms the background upon which this book is written as it forms a timely intervention concerning the clamour for increased women s representation in African politics The book examines the relationship between gender quotas and gender focused legislative policy outcomes in the national Parliaments of South Africa and Botswana By investigating the utility of gender quotas to ensure the substantive representation of women in African politics the book engages the assumption that increased women s political participation will automatically improve the qualitative well being of African women The book is intended for both academic and non academic audiences with differing purposes It contributes to scholarly debates on the transcending relevance of quotas beyond numbers For non academics it provides opportunities to engage gender quotas as a policy tool to ensure the qualitative well being of African women

Constructivist Turn in Political Representation Disch Lisa Disch,2019-01-22 This volume traces the roots of the constructivist turn in the distinct and competing traditions of Continental and Anglo American Western political thought Divided into three thematic parts these 13 newly commissioned essays develop the constructivist turn as a central concept They advance the insight that there can be no democratic politics without representation constituencies or groups exist as agents of democratic politics only insofar as they are represented

A Political Companion to Ralph Waldo Emerson Alan M. Levine,Daniel S. Malachuk,2011-09-16 From before the Civil War until his death in 1882 Ralph Waldo Emerson was renowned and renounced as one of the United States most prominent abolitionists and as a leading visionary of the nation s liberal democratic future Following his death however both Emerson s political activism and his political thought faded from public memory replaced by the myth of the genteel man of letters and the detached sage of individualism In the 1990s scholars rediscovered Emerson s antislavery writings and began reviving his legacy as a political activist A Political Companion to Ralph Waldo Emerson is the first collection to evaluate Emerson s political thought in light of his recently rediscovered political activism What were Emerson s politics A Political Companion to Ralph Waldo Emerson authoritatively answers this question with seminal essays by some of the most prominent thinkers ever

to write about Emerson Stanley Cavell George Kateb Judith N Shklar and Wilson Carey McWilliams as well as many of today's leading Emerson scholars With an introduction that effectively destroys the pernicious myth about Emerson's apolitical individualism by editors Alan M Levine and Daniel S Malachuk this volume reassesses Emerson's famous theory of self reliance in light of his antislavery politics demonstrates the importance of transcendentalism to his politics and explores the enduring significance of his thought for liberal democracy Including a substantial bibliography of work on Emerson's politics over the last century *A Political Companion to Ralph Waldo Emerson* is an indispensable resource for students of Emerson American literature and American political thought as well as for those who wrestle with the fundamental challenges of democracy and liberalism

Representative Democracy Nadia Urbinati, 2008-09-15 It is usually held that representative government is not strictly democratic since it does not allow the people themselves to directly make decisions But here taking as her guide Thomas Paine's subversive view that Athens by representation would have surpassed her own democracy Nadia Urbinati challenges this accepted wisdom arguing that political representation deserves to be regarded as a fully legitimate mode of democratic decision making and not just a pragmatic second choice when direct democracy is not possible As Urbinati shows the idea that representation is incompatible with democracy stems from our modern concept of sovereignty which identifies politics with a decision maker's direct physical presence and the immediate act of the will She goes on to contend that a democratic theory of representation can and should go beyond these identifications Political representation she demonstrates is ultimately grounded in a continuum of influence and power created by political judgment as well as the way presence through ideas and speech links society with representative institutions Deftly integrating the ideas of such thinkers as Rousseau Kant Emmanuel Joseph Sieyès Paine and the Marquis de Condorcet with her own Urbinati constructs a thought provoking alternative vision of democracy

The Open Society and Its Animals Janneke Vink, 2020-07-10 This book is an interdisciplinary study centred on the political and legal position of animals in liberal democracies With due concern for both animals and the sustainability of liberal democracies *The Open Society and Its Animals* seeks to redefine animals' political legal position in the most successful political model of our time Advancements in modern science point out that many animals are sentient and that like humans they have certain elementary interests The revised perception of animals as beings with elementary interests raises questions concerning the liberal democratic institutional framework does a liberal democracy have a responsibility towards the animals on its territory and if so what kind Do animals need legal animal rights and lawyers to represent them in court and should they also be represented in parliament And how much change of this kind could a liberal democracy really endure Vink addresses these and other pressing questions relating to the political and legal position of animals in this persuasive and authoritative work compelling us to reconsider the relationship between the open society and the animals in it

The Representative Turn in EU Studies Sandra Kröger, Dawid Friedrich, 2016-04-08 After the participative and deliberative turns in both democratic theory

and EU studies we are currently witnessing a representative turn to which this volume contributes by addressing the relation between representation and democracy in the EU. Although in the Lisbon Treaty the EU conceives itself as a representative democracy, the meaning of this concept in a supranational polity is far from clear either in theory or practice. Instead, the historically contingent link between representation and democracy is today severely challenged by various processes of diversification at all levels of political action: national, regional, supranational. These processes challenge our understanding of representative democracy as involving electoral democracy within clearly delineated nation states, provoking a situation in which new frontiers of representation develop. Consequently, it becomes increasingly difficult to provide normative standards as well as accurate assessments of democratic representation in the EU. This volume addresses these core challenges of representative democracy in the EU from normative, theoretical, and methodological perspectives. This book was published as a special issue of the *Journal of European Public Policy*. **Women as Candidates in American Politics** Susan J.

Carroll, 1994-05-22 In this second edition Susan Carroll updates her pioneering study of women candidates and their campaigns in the aftermath of the Year of the Woman. Although in many regards the political climate has become vastly more favorable for female candidates, opportunities are still limited by the political structure. Carroll examines a number of possible reforms and actual developments which may eventually mean larger numbers of women being elected to public office.

Orwell in Athens Wim B. H. J. van de Donk, I. Th. M. Snellen, P. W. Tops, 1995 Informatization is playing an increasingly important role in democratic politics. For some time already various applications of Information and Communication Technologies (ICT) are more or less successfully used by politicians, representative bodies, political parties, and citizens. It is however reasonable to believe that informatization will be of paramount interest for existing actors and institutions that are involved in public decision making in a democracy. The advent of telecommunication infrastructures that will enable the use of all kinds of interactive facilities is considered to be an important step towards a more participative democratic system. Many projects that share a common feature have been set up: their ambition to renew democratic decision making structures and practises with the help of ICT. Most of these projects can be found at the level of local and/or regional government. In this book the claim that these projects can reform or strengthen democratic politics is explored and discussed both empirically and theoretically. The research that is presented in this book makes clear that as far as the role of informatization regarding the functioning of the democratic polity is concerned, it appears that informatization represents both opportunities and threats. **Political Theory** Andrew Heywood, Clayton Chin, 2023-02-23 While Western modern political thought has been a story of inclusion, it has also been one of continued exclusion and new forms of political oppression and silencing. This is why political theory is so necessary today. Political thought is diverse. From liberal theories laying out ideal democratic institutions to critical analyses of postcolonial settler states to conceptual analyses of the nature of freedom, there are very different approaches, topics, and aims within the tradition of Western political theory. What binds these diverse forms of thinking

together How do they help us to understand political institutions life behaviour and events How do they help us to make decisions in the complex world of politics This book significantly revised and reconceptualized introduces you to the modern discipline of political theory in the Western tradition tackling its key debates concepts problems and traditions What is the nature of political concepts What problems do they pose to thinkers and political actors How have modern political thinkers usually approached thinking about politics How has this been problematized in contemporary debates Has modern politics fundamentally ignored economically impoverished groups women indigenous peoples racialized groups and the natural environment How have ideas like freedom equality sovereignty and the state been conceptualized in the modern tradition What tensions has this given rise to Delving into topics as diverse as Maoism postcolonialism and white supremacy boxed features give you room to explore and expand in political theorising Focusing on the texts helps you deal with difficult texts and arguments Tradition introduces you to major approaches to political theory Thinker allows you to understand the contributions of major figures in political thought Thinking globally gives insight into how political theory is adapting to global interconnectedness Beyond the West makes you reflect on what can be learnt from non Western approaches Spanning the development of Western political thought from Thucydides through to John Rawls and beyond with a focus on Modern and contemporary debates this is an essential text for undergraduate and postgraduate courses on political thought and political philosophy ,

Thank you for reading **Representation And Democratic Theory**. Maybe you have knowledge that, people have search numerous times for their chosen readings like this Representation And Democratic Theory, but end up in harmful downloads. Rather than reading a good book with a cup of tea in the afternoon, instead they juggled with some malicious bugs inside their computer.

Representation And Democratic Theory Introduction

In today's digital age, the availability of Representation And Democratic Theory books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Representation And Democratic Theory books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Representation And Democratic Theory books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Representation And Democratic Theory versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Representation And Democratic Theory books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Representation And Democratic Theory books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for

Representation And Democratic Theory books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Representation And Democratic Theory books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Representation And Democratic Theory books and manuals for download and embark on your journey of knowledge?

FAQs About Representation And Democratic Theory Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Representation And Democratic Theory is one of the best book in our library for free trial. We provide copy of Representation And Democratic Theory in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Representation And Democratic Theory. Where to download Representation And Democratic Theory online for free? Are you looking for

Representation And Democratic Theory PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Representation And Democratic Theory. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Representation And Democratic Theory are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Representation And Democratic Theory. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Representation And Democratic Theory To get started finding Representation And Democratic Theory, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Representation And Democratic Theory So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Representation And Democratic Theory. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Representation And Democratic Theory, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Representation And Democratic Theory is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Representation And Democratic Theory is universally compatible with any devices to read.
