**China** Gary T. Whiteford, Christopher L. Salter, Charles F. Gritzner, 2010 Describes the history geography government economy people and culture of China      The Making of Modern Georgia, 1918-2012 Stephen F. Jones, 2014-03-14 When most of Eastern Europe was struggling with dictatorships of one kind or another the Democratic Republic of Georgia 1918 1921 established a constitution a parliamentary system with national elections an active opposition and a free press Like the Democratic Republic of Georgia in 1918 its successors emerged after 1991 from a bankrupt empire and faced yet again the task of establishing a new economic political and social system from scratch In both 1918 and 1991 Georgia was confronted with a hostile Russia and followed a pro Western and pro democratic course The top regional experts in this book explore the domestic and external parallels between the Georgian post colonial governments of the early twentieth and twenty first centuries How did the inexperienced Georgian leaders in both eras deal with the challenge of secessionism what were their state building strategies and what did democracy mean to them What did their electoral systems look like why were their economic strategies so different and how did they negotiate with the international community neighbouring threats These are the central challenges of transitional governments around the world today Georgia s experience over one hundred years suggests that both history and contemporary political analysis offer the best and most interesting explanation of the often ambivalent outcomes      *Rwanda* Joseph R. Oppong, 2009 Rwanda The very name evokes troubling images of unparalleled violence senseless human atrocities and genocide The country is best known as the scene for one of the world s worst ethnic based conflicts Approximately 1 million people were killed in 100      **Ireland** Edward Patrick Hogan, Erin Hogan Fouberg, 2009 These information packed volumes provide comprehensive overviews of each nation s people geography history government economy and culture      *Russia* William A. Dando, Zoran Pavlovic, Charles F. Gritzner, Anna R. Carson, Carol Z. Dando, 2007 Russia is the world s largest country it is nearly twice the size of both China and the United States and it stretches over 11 time zones It consists of vast plains and the nation has an abundance of natural resources This work contains information that guides students through the history geography culture and economy of this country      **Italy** Zoran Pavlovic, 2009 Information packed volumes provide comprehensive overviews of each nation s people geography history government economy and culture Abundant full color illustrations guide the reader on a voyage of discovery Maps reflect current political boundaries      **The Oxford Handbook of American Political History** Paula Baker, Donald T. Critchlow, 2020 This collection of essays by twenty nine distinguished scholars provides readers with a complete overview of American politics and policy that can be found in any single volume These essays reveal that American politics historically is volatile not given easily to civility and polarizing at the same time they explore important political developments in addressing real issues confronting the nation and the world      Georgia Country Study Guide Volume 1 Strategic Information and Developments IBP, Inc, 2012-03-03 Georgia Country Study Guide Strategic Information and Developments Volume 1

Noble,2002 In the 1940s American thought experienced a cataclysmic paradigm shift Before then national ideology was shaped by American exceptionalism and bourgeois nationalism elites saw themselves as the children of a homogeneous nation standing outside the history and culture of the Old World This view repressed the cultures of those who did not fit the elite vision people of color Catholics Jews and immigrants David W Noble a preeminent figure in American studies inherited this ideology However like many who entered the field in the 1940s he rejected the ideals of his intellectual predecessors and sought a new multicultural postnational scholarship Throughout his career Noble has examined this rupture in American intellectual life In *Death of a Nation* he presents the culmination of decades of thought in a sweeping treatise on the shaping of contemporary American studies and an eloquent summation of his distinguished career Exploring the roots of American exceptionalism Noble demonstrates that it was a doomed ideology Capitalists who believed in a bounded nationalism also depended on a boundless international marketplace This contradiction was inherently unstable and the belief in a unified national landscape exploded in World War II The rupture provided an opening for alternative narratives as class ethnicity race and region were reclaimed as part of the nation s history Noble traces the effects of this shift among scholars and artists and shows how even today they struggle to imagine an alternative post national narrative and seek the meaning of local and national cultures in an increasingly transnational world While Noble illustrates the challenges thatthe paradigm shift created he also suggests solutions that will help scholars avoid romanticized and reductive approaches toward the study of American culture in the future

**Perfecting the Union** Max M. Edling, 2021 In Perfecting the Union Max M Edling focuses on the reform of the American Union brought about by the framing and adoption of the Constitution and the resulting division of duties and powers between the national government and the states He argues that the Constitution profoundly altered the structure of the American Union and made the federal government more effective than under the defunct Articles of Confederation but does not accept that federal power expanded at the expense of the states He therefore offers a powerful new interpretation of the Constitution that has important implications for our understanding of the American founding

**Nations Abroad** Charles King, 2018-02-19 This book discusses trans border ethnic populations in the former Soviet Union in a broader conceptual context highlighting the importance of diaspora issues both for post Sovietologists and for scholars of comparative politics and international relations in general
