Reputation Of The Metaphysical Poets Dur:

The Funeral Elegy and the Rise of English Romanticism John William Draper, 1929 Examines English funeral elegies and how they contributed to the birth of Romanticism *International Index to Periodicals*, 1929 An author and subject index to publications in fields of anthropology archaeology and classical studies economics folklore geography history language and literature music philosophy political science religion and theology sociology and theatre arts *Thomas Carew* Lynn Veach Sadler, 1979 **Reader's Guide to Periodical Literature Supplement**, 1925 **The North British Review**, 1868 *Richard Crashaw* John Richard Roberts, 1985 Roberts provides a fully annotated comprehensive enumerative bibliography of the criticism on Richard Crashaw that contains in addition to editions of his poetry all books parts of book length studies monographs and critical biographical and bibliographical essays on the poet **Cleanth Brooks and the Rise of Modern Criticism** Mark Royden Winchell, 1996 During a career that spanned sixty years Cleanth Brooks was involved in most of the major controversies facing the humanities from the 1930s until his death in 1994 He was arguably the most important American literary critic of the mid twentieth century Because it is impossible to understand modern literary criticism apart from Cleanth Brooks or Cleanth Brooks apart from modern literary criticism Mark Royden Winchell gives us not only an account of one man's influence but also a survey of literary criticism in twentieth century America More than any other individual Brooks helped steer literary study away from historical and philological scholarship by emphasizing the autonomy of the text He applied the methods of what came to be called the New Criticism not only to the modernist works for which these methods were created but to the entire canon of English poetry from John Donne to William Butler Yeats In his many critical books especially *The Well Wrought Urn* and the textbooks he edited with Robert Penn Warren and others Brooks taught several generations of students how to read literature without prejudice or preconception *Indiana University Alumni Quarterly*, 1928 **Philological Quarterly**, 1925 **The Reputation of the Metaphysical Poets During the Age of Johnson and the Romantic Revival** Arthur H. Nethercot, 1925 *The Reputation of the Metaphysical Poets During the Age of Johnson and the Romantic Revival* Arthur Hobart Nethercot, 1969 **The American Year Book** Albert Bushnell Hart, 1926 **Britain and Denmark** Jørgen Sevaldsen, Bo Bjørke, Claus Bjørn, 2003 Since 1815 Denmark and Britain have lived in peace with each other From the last half of the 19th century massive British imports of Danish agricultural products gave Britain a central role in the Danish economy likewise in the 20th century British efforts in the two world wars became of crucial importance to Denmark's position in relation to Germany and later the Soviet Union In the same period the emergence of English as the first foreign language in Denmark facilitated the increasingly closer human and cultural contacts between the two countries Britain and Denmark written by Danish and British historians constitutes the first attempt to provide a comprehensive picture of the roles that these two neighbouring countries have played in the lives of each other during the last two centuries They are different in size and have had very different global and regional

orientations So naturally Britain has always loomed larger in Danish life and politics than the other way round In many areas however relations have been close The book covers contacts relating to trade security policies and social and political theory but also touch on mutual influences within the areas of literature music design etc Most treatments of Danish political and cultural relations with the outside world in this period concentrate on Germany for the period up to 1945 and on the Soviet Union and the USA in the post war world In the same way works on British contemporary history rarely devote much space to relations with the Nordic countries The aim therefore of this book is to provide a supplement and perhaps corrective to the existing literature on the international positions of Britain and Denmark in the modern world **The Metaphysical Poets**

Donald Mackenzie,1990 **Saturday Review of Literature** ,1952-07 **The Columbia Granger's Guide to Poetry**

Anthologies William A. Katz,Linda Sternberg Katz,Esther Crain,1994 Reference guide to poetry anthologies with descriptions and evaluations of each anthology **"To His Coy Mistress" and Other Poems** Andrew Marvell,2016-07-20

offers scholars an overview of the state of research and students a sense of how American poetry from its first forms evolving in the 17th century settler colonies to its current digital modes has addressed issues and experiences central to human consciousness and to political life over five centuries of cultural practice At the same time it aims to show how poetry philosophy and theory have always been involved in productive dialogues **Appleton's New Practical Cyclopedia**

Marcus Benjamin,Arthur Elmore Bostwick,Gerald Van Casteel,George Jotham Hagar,1920 *Baroque New Worlds* Lois Parkinson Zamora,Monika Kaup,2010-07-13 Traces the changing nature of Baroque representation across European and Latin American cultures from an imperial aesthetic encoding Catholic ideologies into a means of resistance to colonialism into a mode of postcolonial self definition
