Requiem Len O'Connor, 1978-10 **Chicago's Modern Mayors** Dick Simpson, Betty O'Shaughnessy, 2024-01-23 Political profiles of five mayors and their lasting impact on the city Chicago's transformation into a global city began at City Hall Dick Simpson and Betty O'Shaughnessy edit in depth analyses of the five mayors that guided the city through this transition beginning with Harold Washington's 1983 election Washington Eugene Sawyer Richard M Daley Rahm Emmanuel and Lori Lightfoot Though the respected political science sociologist and journalist contributors approach their subjects from distinct perspectives each essay addresses three essential issues how and why each mayor won the office whether the City Council of their time acted as a rubber stamp or independent body and the ways the unique qualities of each mayor's administration and accomplishments influenced their legacy Filled with expert analysis and valuable insights Chicago's Modern Mayors illuminates a time of transition and change and considers the politicians who for better and worse shaped the Chicago of today

Judge Aaron Jaffe: Reforming Illinois Charles M. Barber, 2016-03-19 Judge Aaron Jaffe Reforming Illinois is an oral history of Aaron Jaffe's legislative judicial and executive branch careers It is also a story of how the author met Judge Jaffe and gained wisdom from a master politician operating in one of America's most notorious political battlegrounds As legislator Jaffe changed rape laws to reflect victims' perspectives Though white he was recruited to the Black Caucus because of a better voting record than other legislators black or white As judge he presided over divorce laws he passed as legislator and in Chancery Court preserved the Auditorium Theatre for Roosevelt University As chair of the Illinois Gaming Board he kept Illinois from adding other episodes to its scandal-ridden traditions In mutual appreciation Aaron Jaffe listened to stories of genuine characters in Illinois politics that defy the imagination of fiction writers Their hilarious foibles machinations and insights appear in this volume alongside Judge Jaffe's witty observations about humans as political animals

Rainbow's End Steven P. Erie, 1990-08-09 Unprecedented in its scope Rainbow's End provides a bold new analysis of the emergence growth and decline of six classic Irish American political machines in New York Jersey City Chicago San Francisco Pittsburgh and Albany Combining the approaches of political economy and historical sociology Erie examines a wide range of issues including the relationship between city and state politics the manner in which machines shaped ethnic and working class politics and the reasons why centralized party organizations failed to emerge in Boston and Philadelphia despite their large Irish populations The book ends with a thorough discussion of the significance of machine politics for today's urban minorities

Chicago Gregory Squires, 1989-02 Despite local folklore Chicago is not always a city that works No longer the Hog Butcher for the World the Windy City has in recent decades pursued economic growth at all costs to the detriment of many of its citizens This book describes the social economic and political costs of the growth ideology and examines the populist response that promises an alternative Chicago Tracing the city's uneven economic development since World War II the authors demonstrate how unchecked growth in favor of private enterprise has resulted in severe poverty unemployment

crime reduced tax revenues and property values a decline in municipal services and racial ethnic and class divisiveness And yet proponents of Daley style machine politics and the notion of the city as a growth machine still assert that the future of the city depends exclusively on its ability to grow The victory of Harold Washington is the most visible symbol of the movement toward an alternative Chicago Naming different priorities and using more participatory tactics this challenge to the politics of growth promotes development that is responsive to social need not just market signals Author note Gregory D Squires is Associate Professor of Sociology at the University of Wisconsin Milwaukee Larry Bennett is Associate Professor and Chair of the Political Science Department at DePaul University Kathleen McCourt is Associate Professor and Chair of the Department of Sociology and Anthropology at Loyola University of Chicago Philip Nyden is Associate Professor of Sociology at Loyola University of Chicago

The Man-Made City Gerald D. Suttles, 1990-03-21 With its extraordinary uniform street grid its magnificent lake side park and innovative architecture and public sculpture Chicago is one of the most planned cities of the modern era Yet over the past few decades Chicago has come to epitomize some of the worst evils of urban decay widespread graft and corruption political stalemates troubled race relations and economic decline Broad shouldered boosterism can no longer disguise the city's failure to keep pace with others its failure to attract new sunrise industries and world class events For Chicago as for other rust belt cities new ways of planning and managing the urban environment are now much more than civic beautification they are the means to survival Gerald D Suttles here offers an irreverent highly critical guide to both the realities and myths of land use planning and development in Chicago from 1976 through 1987

Mr. Chairman James L. Merriner, 2002-10-11 The story of Dan Rostenkowski's rise and fall provides one of the keys to how power is sought won exercised and distributed in contemporary America argues political journalist James L Merriner A literal son of the Chicago political machine Rostenkowski was installed in politics by his father Alderman Joseph P Rostenkowski and by his mentor Mayor Richard I Daley In his thirty six year congressional career he served nine presidents forming close friendships with many of them His legislative masterpiece was the 1986 tax reform law Eight years later he was indicted on federal charges for misusing tax dollars and campaign funds In his dealings with the man who tumbled dramatically from his high position as chair of the powerful House Ways and Means Committee all the way down to a cell in a federal prison in Wisconsin Merriner finds Rostenkowski candid straightforward and authentic except when it came to his own finances Rostenkowski is not a complex

man in need of psychoanalysis on the part of his biographer and Merriner does not indulge in much of that Purely simply and openly Rostenkowski wanted power He wanted wealth He got both and Merriner shows us how Merriner sees mythic qualities in Rostenkowski characterizing him as the tall bold slugger of Carl Sandburg's 1916 poem about Chicago Noting that this master politician climbed to fantastic peaks only to fall hard and fast Merriner points out that Rostenkowski's life ascended from power in the political science sense to tragedy in the classical sense The Justice Department and the electorate sacrificed Rostenkowski as an embodiment of the excesses of big government Like the Greek chorus of tragedy major media reported the scandal to the masses Yet Merriner does not strain to make his subject fit a classical mold He tells instead the story of a great man who was also a little man a statesman and a crook an emotional man an American original This was also a man unbeaten by his troubles a man who emerged from prison unabashed This illustrated biography is not authorized by Rostenkowski who declined Merriner's interview requests after June 1995 His sources are the public record previous interviews with Rostenkowski and with many other sources before and after 1995 and his own political acumen gained from decades on the political scene

Grafters and Goo Goos James L. Merriner, 2008-07-21 Chicago's reputation for corruption is the basis of local and national folklore and humor Grafters and Goo Goos Corruption and Reform in Chicago 1833-2003 unfolds the city's notorious history of corruption and the countervailing reform struggles that largely failed to clean it up More than a regional history of crime in politics this wide ranging account of governmental malfeasances traces ongoing public corruption and reform to its nineteenth century democratic roots Former Chicago journalist James L. Merriner reveals the battles between corrupt politicians and ardent reformers to be expressions of conflicting class ethnic and religious values From Chicago's earliest years in the 1830s the city welcomed dollar chasing businessmen and politicians swiftly followed by reformers who strived to clean up the attendant corruption Reformers in Chicago were called goo goos a derisive epithet short for good government types Grafters and Goo Goos contends a certain synergy defined the relationship between corruption and reform Politicians and reformers often behaved similarly their separate ambitions merging into a conjoined politics of interdependency wherein the line between heroes and villains grew increasingly faint The real story asserts Merriner has less to do with right against wrong than it does with the ways the cultural backgrounds of politicians and reformers steered their own agendas animating and defining each other by their opposition Drawing on original and archival research Merriner identifies constants in the struggle between corruption and reform amid a welter of changing social circumstances and customs decades of alternating war and peace hardships and prosperity Three areas of reform and resistance are identified structural reform of the political system to promote honesty and efficiency social reform to provide justice to the lower classes and moral reform to combat vice In the

matter of corruption and reform the constants might be stronger than the variables writes Merriner in the Preface The players rules and scorekeepers change but not the essential game Complemented by eighteen illustrations Grafters and Goos is rife with shocking and amusing anecdotes and peppered with the personalities of famous muckrakers bootleggers mayors and mobsters While other studies have profiled infamous Chicago corruption cases and figures such as Al Capone and Richard J Daley this is the first to provide an overview appropriate for historians and general readers alike In examining Chicago s notorious saga of corruption and reform against a backdrop of social history Merriner calls attention to our constant problems of both civic and national corruption and contributes to larger discussions about the American experiment of democratic self government *Power in the City* Marion Orr, Valerie C. Johnson, 2008 A collection of thirteen essays considered classics in the field of urban politics from leading scholar Clarence Stone with new essays by the editors and by Stone himself that contextualize the impact of his previous works and suggest new directions for researchers

Illinois Politics & Government Samuel Kimball Gove, 1996-01-01 Since the end of World War II the primary political regions of Illinois Chicago and downstate have lost population wealth and political power to a third region the suburban collar which has relentlessly expanded outward from Chicago At the same time legislative service has changed from a largely part time citizen activity into a professional career oriented pursuit Parochial perspectives of elected officials have intensified as reflected in candidates promises to deliver their districts fair share of government spending The state legislature has become an arena in which each region battles for its own fair share rather than an instrument for comprehensively addressing the state s problems The authors foresee the emergence of political coalitions linking downstate and Chicago historically at odds in efforts to protect their shares and contend with the suburban collar Illinois s political leaders face the challenge of looking beyond district interests to the broader concerns of work force quality and statewide economic prosperity Samuel K Gove is Director Emeritus at the Institute of Government and Public Affairs and Professor Emeritus of Political Science at the University of Illinois He is coeditor with Louis H Masotti of *After Daley Chicago Politics in Transition* James D Nowlan is an adjunct professor of public policy at Knox College and a Senior Fellow with the University of Illinois Institute of Government and Public Affairs He is the author of *A New Game Plan for Illinois*
