Taking Haiti Mary A. Renda, 2004-07-21 The US invasion of Haiti in July 1915 marked the start of a military occupation that lasted for nineteen years and fed an American fascination with Haiti that flourished even longer Exploring the cultural dimensions of US contact with Haiti during the occupation and its aftermath Mary Renda shows that what Americans thought and wrote about Haiti during those years contributed in crucial and unexpected ways to an emerging culture of US imperialism At the heart of this emerging culture Renda argues was American paternalism which saw Haitians as wards of the United States She explores the ways in which diverse Americans including activists intellectuals artists missionaries marines and politicians responded

to paternalist constructs shaping new versions of American culture along the way Her analysis draws on a rich record of U S discourses on Haiti including the writings of policymakers the diaries letters songs and memoirs of marines stationed in Haiti and literary works by such writers as Eugene O Neill James Weldon Johnson Langston Hughes and Zora Neale Hurston Pathbreaking and provocative Taking Haiti illuminates the complex interplay between culture and acts of violence in the making of the American empire
