Leveraging Sovereignty J. Susan Corley, 2022-09-30 Leveraging Sovereignty Kauikeaouli s Global Strategy for the Hawaiian Nation 1825 1854 examines the leadership of Hawai i s longest reigning monarch King Kamehameha III It highlights the early 1840s when Kauikeaouli secured recognition from the United States Britain and France that he ruled over an independent and sovereign Hawaiian state Britain and France however sought to limit his powers through forced extraterritorial treaties and the king struggled to regain ruling control over key governance functions At the same time foreign merchants and traders increasingly dominated Hawai i s economic activity demanded institutional and social changes and threatened to overwhelm the Hawaiian population already decimated by disease and out migration Kauikeaouli quickly

responded to threats to the monarchy's power with a comprehensive strategy to regain and maintain full functional control. In *Leveraging Sovereignty*, J. Susan Corley upends the popular narrative begun in Kamehameha III's own lifetime that his white ministers ruled in his stead. Adding a new layer of understanding, Corley's meticulous research reveals insights into historical events and Kamehameha III's reign. She supports her findings of the king's policies and tactical negotiations with an extensive use of Kamehameha III's own commands as recorded in kingdom archives, letters, and documents from government records and contemporary Hawaiian and English language newspaper accounts. While this book includes an overview of the kingdom's administrative structure in the 1840s, its analysis focuses on the origination, implementation, and effectiveness of key statecraft tactics. The king's carefully planned strategy relied on the acquisition of western ministerial skills and of an English language newspaper, the *Polynesian*, to publicly defend his sovereign rights and privileges at home and abroad. He ensured the enactment of legislation to defeat foreigners' challenges by strengthening juridical processes and safeguarding land title rights for Hawaiians, and he deftly managed the multistage renegotiation of unequal international treaties. By the end of his reign in 1854, Kamehameha III had succeeded. The king had reclaimed unrestricted power and authority over all governance areas of the independent sovereign Hawaiian state. He delivered to his successor, Kamehameha IV, a restructured constitutional state whose sovereign status was protected by the three maritime powers of that time. **In/visible Sight**

Angela Wanhalla, 2015-12-24. *In/visible Sight* is a fascinating exploration of a little-known part of our history: the lives of part Māori, part Pākehā New Zealanders in the nineteenth century. Focussing on interracial intimacy between Ngāi Tahu and Pākehā settlers, it explores how intermarriage played a key role in shaping colonial encounters. As Ngāi Tahu sought to fight the alienation of their land and protect their natural resources, marriage practices and kinship networks became an increasingly important way to control interaction with Pākehā. The book also explores the contradictions and ambiguities of mixed descent lives, offering new insights into New Zealand's colonial past. **Indigenous Networks** Jane Carey, Jane Lydon, 2014-06-27. This edited collection argues for the importance of recovering Indigenous participation within global networks of imperial power and wider histories of transnational connections. It takes up a crucial challenge for new imperial and transnational histories: to explore the historical role of colonized and subaltern communities in these processes and their legacies in the present. Bringing together prominent and emerging scholars who have begun to explore Indigenous networks and transnational encounters, and to consider the broader significance of extra-local connections, exchanges, and mobility for Indigenous peoples, this work engages closely with some of the key historical scholarship on transnationalism and the networks of European imperialism. Chapters deploy a range of analytic scales, including global, regional, and intra-Indigenous networks, and methods including histories of ideas and cultural forms and biography, as well as exploring contemporary legacies. In drawing these perspectives together, this book charts an important new direction in research. **Empire and Environmental Anxiety** J. Beattie, 2011-05-25. A new interpretation of imperialism and environmental change and the anxieties imperialism generated.

through environmental transformation and interaction with unknown landscapes Tying together South Asia and Australasia this book demonstrates how environmental anxieties led to increasing state resource management conservation and urban reform

Ethnographies in Pan Pacific Research Robert E. Rinehart, Elke Emerald, Rangi Matamua, 2015-06-26 The book is about exciting ethnographic happenings in the vibrant and growing global interface which includes Australia New Zealand and some of the Asian geographical regions as well as more broadly the global South It

explores ethnographic writing as culture s re produced positionalities of authors tensions between authors and others multi faceted groups and as co productions of these works The contributors describe and discuss a variety of topical areas of interest from Facebook to memory work from children s sexuality to urban racism from meanings of Indigenous knowledge to how communities can come together to retain what is valuable to themselves The authors also manage to locate themselves and others positionings in the research hierarchies tensions This is a valuable guide to the effects of 21st century ethnography on the qualitative research project *Romantic Literature and the Colonised World* Nikki Hessel,2018-02-15

This book considers indigenous language translations of Romantic texts in the British colonies It argues that these translations uncover a latent discourse around colonisation in the original English texts Focusing on poems by William Wordsworth John Keats Felicia Hemans and Robert Burns and on Walter Scott s *Ivanhoe* it provides the first scholarly insight into the reception of major Romantic authors in indigenous languages and makes a major contribution to the study of global Romanticism and its colonial heritage The book demonstrates the ways in which colonial controversies around prayer song hospitality naming mapping architecture and medicine are drawn out by translators to make connections between Romantic literature its preoccupations and debates in the nineteenth and early twentieth century colonial worlds Juridical Encounters Shaunnagh Dorsett,2017-09-18 From 1840 to 1852 the Crown Colony period the British attempted to impose their own law on New Zealand In theory Maori as subjects of the Queen were to be ruled by British law But in fact outside the small isolated British settlements most Maori and many settlers lived according to tikanga How then were Maori to be brought under British law Influenced by the idea of exceptional laws that was circulating in the Empire the colonial authorities set out to craft new regimes and new courts through which Maori would be encouraged to forsake tikanga and to take up the laws of the settlers Shaunnagh Dorsett examines the shape that exceptional laws took in New Zealand the ways they influenced institutional design and the engagement of Maori with those new institutions particularly through the lowest courts in the land It is in the everyday micro encounters of Maori and the new British institutions that the beginnings of the displacement of tikanga and the imposition of British law can be seen *Juridical Encounters* presents one of the first detailed studies of the interactions of an indigenous people in an Anglo settler colony with the new British courts By recovering Maori juridical encounters at a formative moment of New Zealand law and life Dorsett reveals much about our law and our history
