Against Heresies Iren³/₄us, 2018-03-12 When the Christian church was first forming in the time of the apostles a heresy that still threatens the church today called Gnosticism started to form This heresy was battled by the writings of Iren us to correct theological thinking about God Jesus and the Bible at large This early church father was instrumental in fighting false teaching in the early centuries when there were a lot of questions about the legitimacy of Christianity in the face of the persecutions of the Roman Empire Note This is a revised edition of the original Devoted Publishing edition The text hasn t changed just some formatting and footnote layouts have been altered

The History of Heresies and Their Refutation Alphonsus M. Ligouri, St., John T. Mullock, Brother Hermenegild, 2013-06-12 This is a two volume set This is volume 1 Volume 1 covers heresies from the first to the sixteenth century even touching briefly on the heresy of Islam Mohammed composed the Koran assisted as some think by Sergi us a monk It is a collection of precepts taken from the Mosaic and Christian Law together with many of his own and interspersed with fables and ridiculous revelations He recognizes the Divine Mission of Moses and Jesus Christ and admits many parts of the Scriptures but his law he says is the perfection of the Jewish and Christian law and he is the reformer of these codes though in truth it is totally different from both one and the other Volume 2 begins with the schism of England under Henry VIII and continues through the sixteenth century heresies to Saint Alphonsus own time A supplementary chapter has been added which even considers Mormonism Then commences the refutation of heresies This volumes closes with an exhortation to Catholics which begins Leave heretics in their wilful blindness I mean wilful when they wish to live deceived and pay no attention to the fallacies by which they would deceive you Hold on by the sure and firm anchor of the Catholic Church through which God has promised to teach us the true faith The Holy Author was induced to write this work to meet the numbers of infidel publications with which Europe was deluged in the latter half of the last century men s minds were then totally unsettled dazzled by the glare of a false philosophy they turned away from the light of the Gospel The heart of the Saint was filled with sorrow and he laboured to avert the scourge he saw impending over the unfaithful people He implored the Ministers of his Sovereign to put the laws in force preventing the introduction of irreligious publications into the Kingdom of Naples and he published this work among others to prove as he says that the Holy Catholic Church is the only true one the Mistress of Truth the Church founded by Jesus Christ himself which would last to the end of time notwithstanding the persecutions of the infidel and the rebellion of her own heretical children He dedicates the book to the

Marquis Tanucci the Prime Minister of the Kingdom whom he praises for his zeal for Religion and his vigorous execution of the laws against the vendors of infidel publications He brings down the History from the days of the Apostles to his own time concluding with the Refutation of the Heresies of Father Berruyer I have added a Supplementary Chapter giving it succinct account of the Heretics and Fanatics of the last eighty years It was at first my intention to make it more diffuse but then I considered that it would be out of proportion with the remainder of the work This nook may be safely consulted as a work of reference the Author constantly quotes his authorities and the Student of Ecclesiastical History can at once compare his statements with the sources from which he draws In the latter portion of the work and especially in that portion of it the most interesting to us the History of the English Reformation the Student may perceive some slight variations between the original text and my translation I have collated the work with the writings of modern Historians the English portion especially with Hume and Lingard and wherever I have seen the statements of the Holy Author not borne out by the authority of our own Historians I have considered it more prudent to state the facts as they really took place for our own writers must naturally be supposed to be better acquainted with our History than the foreign authorities quoted by the Saint The reader will also find the circumstances and the names of the actors when I considered it necessary frequently given more in detail than in the original

Heresies and How to Avoid Them Ben Quash, Michael Ward, 2007-05-01

What don't Christians believe Is Jesus really divine Is Jesus really human Can God suffer Can people be saved by their own efforts The early church puzzled over these questions ruling in some beliefs and ruling out others Heresies and How to Avoid Them explains the principal ancient heresies and shows why contemporary Christians still need to know about them These famous detours in Christian believing seemed plausible and attractive to many people in the past and most can still be found in modern day guises By learning what it is that Christians don't believe and why believers today can gain a deeper truer understanding of their faith
