When the first University of Denver Publishing Institute came to a dose in August 1976 all of us involved in its launching knew that we had a real success on our hands And we knew it was due in great measure to an outstanding faculty of more than forty top publishing executives who had come to Denver during those four weeks to teach our students How regrettable it seemed that their knowledge and expertise were available only to the eighty students handpicked for that first class Fred Praeger publisher of Westview Press suggested a solution Do a book he invited and let Westview publish the curriculum for others to share      Research Centers Directory Annette Piccirelli,1994      University Centers of Foreign Affairs Research: a Selective Directory United States. It was the 50s and life was simple until September 25 1954 That was the night that would be etched in the memory of the citizens of Stanfield Massachusetts The Chief of Police described the brutal savagery of the double homicide as the most atrocious crime in the history of the city A fourteen year old girl and the four year old boy in her care were murdered at the hands of a deranged depraved killer A Thread of Evidence places the reader at the scene of the crime an eye witness to the senseless stabbing of two innocent children With a piece of crochet thread as their only clue the entire police department lead by detectives Steven Logan and Raymond Gage scour the city in search of a maniacal savage When all tips and leads have been exhausted they review all evidence They come back to the thread The only real evidence With tenacity and perseverance of Logan and Gage the killer is apprehended The reader experiences the twists and turns of the investigation and ultimately occupies a reserved seat in the Superior Court as the trial proceedings commence A Thread of Evidence has been written as fiction but inspired by an actual event Fifty years later it remains etched in the minds of all who had lived in the area The author has researched court records newspapers interviewed neighbors police and has drawn on personal recollections of the crime The story has been recounted over and over and to this day it continues to be discussed A Thread of Evidence is a compelling account of superb detective work and unprecedented dedication of an entire police department      Research Centers Directory Gale Group,2000      Directory of Cancer Research Information Resources National Cancer Institute.
