Handbook of Quantitative Criminology Alex R. Piquero, David Weisburd, 2009-12-16 Quantitative criminology has certainly come a long way since I was first introduced to a largely qualitative criminology some 40 years ago when I was recruited to lead a task force on science and technology for the President's Commission on Law Enforcement and Administration of Justice At that time criminology was a very limited activity depending almost exclusively on the Uniform Crime Reports UCR initiated by the FBI in 1929 for measurement of crime based on victim reports to the police and on police arrests A typical mode of analysis was simple bivariate correlation Marvin Wolfgang and colleagues were making an important advance by tracking longitudinal data on arrests in Philadelphia an innovation that was widely appreciated And the field was very small I remember attending my first meeting of the American Society of Criminology in about 1968 in an anteroom at New York University there were about 25-30 people in attendance mostly sociologists with a few lawyers thrown in That Society today has over 3 000 members mostly now drawn from criminology which has established its own clear identity but augmented by a wide variety of disciplines that include statisticians economists demographers and even a few engineers This Handbook provides a remarkable testimony to the growth of that field Following the maxim that if you can't measure it you can't understand it we have seen the early dissatisfaction with the UCR replaced by a wide variety of new approaches to measuring crime victimization and offending Fundamentals of Research in Criminology and Criminal Justice Ronet D. Bachman, Russell K. Schutt, 2016-12-19 Fundamentals of Research in Criminology and Criminal Justice Fourth Edition introduces students to the multifaceted subject of research methods and shows them why research is important in the field of criminology and criminal justice This brief version of Ronet Bachman and Russell K Schutt's successful textbook The Practice of Research in Criminology and Criminal Justice simplifies complex concepts with real world research examples found in everyday experiences in the criminology and criminal justice professions The thoroughly updated Fourth Edition of this bestseller reflects the most recent developments in research methods including the use of big data increased coverage of crime mapping evidence based and web based research along with the most current research examples impacting the field This is an excellent introductory text for undergraduate research courses and is ideal for students who want to understand how and why criminal justice research is done to become critical consumers of research **Research Handbook on Environmental Crimes and Criminal Enforcement** Susan L. Smith, Iina Sahramäki, 2024-07-05 This Research Handbook

thoroughly examines the difficult and rapidly expanding problem of national transnational and international environmental crimes including air and water pollution unlawful mining and timber harvesting and transnational trafficking of endangered species It provides an understanding of cutting edge empirical and theoretical research on these crimes and their legal prosecution

Criminal Justice Theory Edward Maguire, David Duffee, 2015-02-11 Criminal Justice Theory Second Edition is the first and only text edited by U S criminal justice educators on the theoretical foundations of criminal justice not criminological theory This new edition includes entirely new chapters as well as revisions to all others with an eye to accessibility and coherence for upper division undergraduate and beginning graduate students in the field

Making Sense of the Social World Daniel F. Chambliss, Russell K. Schutt, 2006-02-16 Provides an introduction to social research This book presents research methods as an integrated whole with balanced treatment of qualitative and quantitative methods integration of substantive examples and research techniques and consistent attention to the goal of validity and the standards of ethical practice

Statistics in Criminology and Criminal Justice Jeffery T. Walker, Sean Maddan, 2013 The updated Fourth Edition of Statistics in Criminology and Criminal Justice Analysis and Interpretation provides criminal justice students with a firm knowledge base in the theory and application of statistical analysis A great introduction to the theory and practice of statistics the Fourth Edition focuses on data collection knowing which statistics to use with what data how to interpret output of SPSS an IBM company explanations and demonstrations of statistical procedures why procedures give the results they do how to interpret the output of statistical analyses and more Each chapter has been updated to include new information on statistical output revised data files additional data sets and extensive use of flowcharts to increase students confidence in analyzing and conducting statistical research

The Practice of Research in Criminology and Criminal Justice Ronet D. Bachman, Russell K. Schutt, 2023-05-12 The Practice of Research in Criminology and Criminal Justice continues to demonstrate the vital role research plays in criminal justice by integrating real world case studies with research methods By pairing research techniques with practical examples Bachman and Schutt equip students to evaluate and conduct research This Eighth Edition includes coverage of new methods and contemporary examples such as the COVID 19 pandemic mass participation in social movements increasing hate crimes and incidents of mass shootings

Empirical Legal Research Kees van den Bos, 2020-08-28 This exciting textbook introduces the basic tenets and methodologies of empirical legal research Explaining how to initiate and conduct empirical research projects how to evaluate the methods used and how to analyze and engage with the results Kees van den Bos provides a vibrant and reliable primer for students and practitioners looking to engage actively in legal research

Police-Community

Relations: Bridging the Gap Wayne L. Davis PH.D.,2015-02-16 This book provides an overview of police community relations First this book examines elderly people and some of their concerns To best serve the public the police must understand the concerns of the public Second this book discusses various criminal theories and their limitations Theories are effective for understanding problems and for solving the problems However every theory has a limitation Third this book discusses ethical systems and police department orientations which are used to judge good police officer behavior Fourth this book discusses communication deviance and dealing with disadvantaged individuals Fifth this book discusses hot spots crime prevention through environmental design community policing and community intervention Finally this book discusses how to estimate the implementation of a police community relations program and provides several examples of how to evaluate a program via academic research Law, Psychology, and Justice Christopher R. Williams,Bruce A. Arrigo,2002-01-01 A provocative critique of the relationship between the legal system and psychology that uses chaos theory to offer a more humane alternative *Internal Migration, Crime, and Punishment in Contemporary China* Anqi Shen,2018-11-15 This work investigates inequality and social exclusion in contemporary Chinese society specifically in the context of urbanization migration and crime Economic reforms started in the late 1970s post Mao fuelled a trend of urbanization and mass migration within China largely from rural areas to more economically developed urban regions With this migration came new challenges in a rapidly changing society Researchers have extensively studied the rural to urban human movement social changes inequality and its impact on individuals and society as a whole This volume provides a new perspective on this issue It forges a link between internal migration inequality social exclusion and crime in the context of China through qualitative research into the impact of this phenomenon on individuals lives Using a series of case studies drawn from interviews with inmates men and women in a large Chinese prison it focuses on migrant offenders subjective experiences and analyses issues from the rarely heard perspectives of migrant lawbreakers themselves The research demonstrates how factors including the hukou system rural urban class and gender inequalities prejudices against rural migrants and other structural problems often lead to migrant offending The author argues that to mitigate the effects of criminalisation the root causes of these problems should be examined emphasizing radical reforms to the hukou policy cultural change in urban society to welcome newcomers positive programs to integrate migrant workers into urban societies and improve their opportunities rather than inflicting harsher penalties or reducing migration While the research is based in China it has clear implications for other regions of the world which are experiencing similar tensions related to national and international migration This work will be of interest to researchers in criminology and criminal justice particularly with an interest in Asia as well as those in related fields such as sociology law and social justice The British National Bibliography Arthur James Wells,2001
